GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

General.
Account.

READ—the following letter from Lieut.-Colonel T. K. GUTHRIE, Acting Inspector-General of Police, to the Chief Secretary to Government, dated Madras, 29th July 1884, No. 4318 :—

Referring to G.O., Mis. No. 1776, dated 18th instant, Judicial Department (No. 1581 W., dated 24th June 1884), I have the honor to point out that in the statement E, which is attached thereto, the marginally noted works are classed under minor works, *i.e.*, works costing above Rs. 1,000 and below Rs. 2,500 ; but in G.O., Mis. No. 1399, dated 7th June 1884, Judicial Department (No. 1258 W., dated 19th May 1884), they are sanctioned as Public Works Department major works.

	Amount of Sanction.	Number and Date of Sanction.	Amount appropriated.
Budget item No. 72, 2nd-class station-house at Cherambady.	Rs. 4,040	G.O., No. 1258 W., dated 19th May 1884, Mis. No. 1399, dated 7th June 1884, J. D.	Rs. 2,000
Budget item No. 74, 2nd-class station-house at Nelliakota.	4,040		2,000
Budget item No. 73, 3rd-class station-house at Nadgany.	3,410		2,000

Funds to the extent of Rs. 6,000 have now been appropriated for these works from the grant for minor works (Rs. 18,136), budget item No. 71, instead of separate provision being made from the Public Works Department budget, although in this office letter, No. 1723, dated 2nd April 1884, to Government, attention was drawn to the fact that the above works became major ones and separate provision from the Public Works Department budget was requested.

2. The grant for minor works has thus been reduced to Rs. 12,136 and several minor works, which are as emergent as those for which provision has been made, are left unprovided for. I therefore request that the sum of Rs. 6,000 allotted for major works may be set free entirely for minor works. It is observed that in the statement E provision is made to the extent of Rs. 1,520 (item No. 79) for a station-house at Kumarada. The Superintendent of Police, Vizagapatam, reports that the work is not emergent and can conveniently be deferred to next year. This amount might also be utilised for some other emergent work.

3. Subject to the three works mentioned in paragraph 1 being provided for in the Public Works budget as major works, I would propose distributing the above two sums, Rs. 6,000 and Rs. 1,520, as shown in the accompanying list ; by which arrangement provision will be made for all sanctioned emergent minor works as well as for two other emergent ones, items Nos. 5 and 7, noted in the list, for which estimates have been submitted to Government for sanction.

4. I take this opportunity of asking the instructions of Government whether, under G.O., No. 979, dated 8th April 1870, Public Works Department, I am still

required to furnish the Government with statements of new and incomplete works (minor) at the commencement of each official year, or whether it is to be considered that the Government order has also been rescinded by the provisions of the Public Works Code.

ORDER—dated 4th September 1884, No. 2183 W., Public Works.

As the Inspector-General of Police does not propose to cancel the allotments already made to the three works mentioned in paragraph 1 of his letter, those allotments will stand. It is not, however, at present possible to supplement the grant for minor police works; or to provide for the additional works now brought forward in the statement appended to his letter.

2. The Inspector-General of Police will not in future be required to submit the statements prescribed in G.O., No. 979, dated 8th April 1870. Under existing arrangements, Executive and Superintending Engineers budget for works appertaining to all departments of the State, when such works are to be executed by the agency of the Public Works Department. Police officers will therefore be expected to communicate their requirements to local Public Works officers, who will bring them forward, with those of other departments, in the usual manner. Had this course been adopted in the case of the Kumaradu station-house, referred to in paragraph 2 of the Inspector-General's letter, the work would not have been recommended by the

Superintending Engineer for an allotment of funds during the current official year. The allotment of Rs. 1,520 made for the work in G.O., No. 1581 W., dated 24th June 1884, will now be withdrawn, and credited to the Provincial reserve with Government.

 Letter from the I. G.
 of Police No. 4318 d
 29 July 84

The wrong classification
 of the 3 works mentioned
 in para 1 is apparently
 due to their having been
 unsanctioned when the
 statement of works
 was originally drawn
 up. It was only after
 the estimates were duly
 sanctioned that there
 was any certainty as
 to their being Major
 works.

The I. G. seems to
 think that the grant
 for Minor Works is
 a fixed sum, not available
 for transfer to Major
 Works, even of the same
 Dept. i.e. Police. The
 fact being that the
 grant is not fixed,
 and is liable to a
 transfer to any Dept.
 on special work. Original

never to present

or "Repair" of any Dept.
or even to "Establish-
ment" or "Tools & Plant",
if necessary.

The proposal for
the redistribution of the
Rs 6000 already allotted
is thus quite inadvis-
able, if the 3 works to
which the money has been
allotted are to be
carried out.

Para 2. of letter. If the
Station House at Kuma-
radu is of no urgency,
the S.B. should have
been apprised of the
fact, when it would
not have been brought
forward for an allotment
of funds; and this leads
up to

Para 4 of letter. The
arrangements sanctioned
in G.O. 779 of 8 April 1870.
should, I think, be
regarded as superseded
by the P.W. Code, which
does not recognize them.
S.B. officers should

make their requirements
known to Executive and
Suptg. Engineers who
budget for all Depts of
the State. If S.B. officers
did this, there
need not be such
misunderstanding as
that evidenced by
bringing forward unim-
portant works, as
pointed out by the
I.C. of S.B. in para
2 of his letter.
