READ—the following papers:—

G.O., dated 14th August 1884, No. 3946, Military.

Read—the following letter from C. D. MADDEN, Esq., Surgeon-General, Her Majesty's Forces, to the Officiating Secretary to Government, Military Department; dated Ootacamund, 30th June 1884, No. 203.

With reference to the marginally-noted order of Government, I have the honor to report to the Right Honorable the Governor in Council that Mr. Frost, the assistant apothecary now attached to the army head-quarters staff, represents that although he finds the cost of living at Ootacamund twice as great as on the plains, still he is not, under existing rules, allowed to draw the usual staff or any other compensating allowance. He further states that, owing to the paucity of house accommodation in the station, rents run as high as Rs. 35 or 40 per mensem for an ordinary residence for men of his position.

G.O., No. 1687, of 8th April 1884.

2. As Mr. Frost's compensation for house-rent only amounts to Rs. 20, he would thus appear to be considerably out of pocket. It is recommended therefore that he be allowed additional compensation to the extent of Rs. 15 per mensem, and, in offering this suggestion, I have to state that a precedent will be found for such a grant in G.O., Judicial Department, No. 207, of 27th February 1871, sanctioning precisely similar compensation to the apothecary attached to the jail at Ootacamund.

3. Further, as Mr. Frost has to attend on Government servants and their families living at considerable distances from each other, and as the roads are difficult, he asks for horse allowance. I have therefore to recommend that he be granted Rs. 20 per mensem as horse allowance, as I do not think that he can otherwise get over the ground and be able to do justice to his patients.

With report from Controller of Military Accounts; 30th July 1884, C.

Order—dated 14th August 1884, No. 3946, Military.

The Right Honorable the Governor in Council observes that there is no regulation under which horse allowance can be admitted to the apothecary for Government servants at Ootacamund.

In the Commissariat and Barrack departments an allowance of the kind is specially given in a few exceptional cases to men who have long distances to travel in the discharge of their daily duties and have afterwards to attend to office and other work. In such cases the exposure to the heat of the weather in the plains is also taken into consideration, a condition which can hardly be urged in Mr. Frost's case.

2. The question of house-rent will be considered in the Public Works Department.

"Returned with the remark that as the scale of compensation in lieu of quarters was fixed by the Government of India, it is thought that a reference should be made to that Government for any modification of the rules."

ORDER—dated 10th September 1884, No. 2221 W., Public Works.

The foregoing Proceedings in the Military Department will be forwarded to the Government of India, for favorable consideration as regards the Surgeon-General's recommendation that the assistant apothecary attached to the army head-quarters staff at Ootacamund be allowed additional compensation for house-rent to the extent of Rs. 15 per mensem.
