GOVERNMENT OF MADRAS.

Military Works.

READ—the following letter from Brigadier-General R. C. STEWART, Quartermaster-General, to the Secretary to Government, Military Department, dated Ootacamund, 5th September 1884, No. 1149-A. :—

I have the honor, by order, to forward, for the orders of Government, the accompanying letter * from the General Officer Commanding Western District in respect to quarters for the medical subordinate attached to the detachment of native infantry stationed at Trichoor, and to request that, under the circumstances therein represented, sanction may be accorded to the house in question being rented by Government from the Cochin State, as medical subordinate's quarters, at Rs. 7 per mensem, by which arrangement, it will be observed, a saving monthly of Rs. 13 will be effected.

ENCLOSURE.

From Brigadier-General B. L. GORDON, c.B., Commanding Western District, to the Quartermaster-General, dated Cannanore, 26th August 1884, No. G 177.

A question having lately been raised regarding the propriety of the assistant apothecary at Trichoor entering into an agreement with the Cochin State to pay a monthly rent of Rs. 7 for his quarters, I was led to make some further inquiries into the matter, and I have now the honor to report the result.

2. It would appear that a quarter was originally provided by the State for the apothecary, but that the then apothecary having declined to occupy it, presumably on account of insufficient accommodation, the building was sold by auction and another and larger house, lying without cantonment limits, was purchased for the use of the medical subordinate, the Cochin Government at the same time deciding to recover Rs. 7 monthly as rent for the same.

3. For some five or six years before the appointment of Assistant Apothecary Simons, lately posted to Trichoor, the house was not required, by his predecessors being Hindus, and was, in consequence, let to some civilians, and the applications of the Officer Commanding to get the house handed over to the military authorities for the medical subordinate's use first drew my attention to the matter.

4. Shortly after, having cleared out the civilian occupants, the Cochin authorities called upon the apothecary to sign an agreement to pay Rs. 7 rent, and this he was quite willing to do, but the Officer Commanding did not consider it proper for him to enter into an agreement with the Cochin State, and the question was referred to me for decision by the Resident, my reply being that medical subordinates when not provided with quarters are granted compensation and permitted to make their own arrangements.

5. It will, however, be evident that a saving of Rs. 13 monthly might be effected were Government to rent the house in question and supply the same as quarters for the assistant apothecary, and I have obtained a plan of the house, which I forward herewith, showing it to possess accommodation in excess of that laid down in paragraph 177, Bengal Barrack Regulations, for an assistant apothecary.
