GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

Civil Works.

READ—the following letter from J. A. DAVIES, Esq., Acting Registrar of the High Court of Judicature at Madras, to the Chief Secretary to Government, dated Madras, 20th August 1884, No. 2438 :—

In continuation of my letter, dated 14th August 1884, No. 2309, I am directed to forward copy of a letter, dated 16th August 1884, No. 196, from the District Judge of South Tanjore, submitting a sketch plan of the present accommodation of the court-house of the district munsif of Mannárgudi, representing that it is quite inadequate, and requesting that the Government may be moved to issue orders for the preparation of plans and estimates for the construction of a suitable court-room and a retiring-room for the district munsif, after the purchase of the ground has been effected as recommended in my letter above referred to.

2. As extra accommodation is doubtless required, and the construction of the rooms proposed will be much cheaper than erecting a new building, I am directed to request that Government will be pleased to issue the necessary orders.

ENCLOSURE.

From G. A. PARKER, Esq., District Judge, South Tanjore, to the Acting Registrar of the High Court of Judicature at Madras, dated Tanjore, 16th August 1884, No. 196.

In continuation of my letter of the 7th instant, No. 184, I have the honor to forward a sketch plan of the present accommodation of the district munsif's court at Mannárgudi. The High Court will perceive that it is entirely inadequate to the requirements of a first-grade district munsif's court. The court-room is only 23 × 12 feet and will not hold, especially on small cause hearing days, anything like the inevitable number of vakils, parties and witnesses, while the gumastahs have to do their work as best they can in one small room and an open verandah. The front verandah is entirely taken up with persons passing in and out of the court-room. An extra room is also now required for the deputy nazir.

2. I would propose to build a new court-room of suitable dimensions (after the ground has been acquired as proposed in my letter, of the 7th instant, No. 184) together with a retiring-room for the district munsif. I inspected the court in February and it appeared to me this might be done without much difficulty. The existing building might be utilised for the office establishment.

3. I am unable to make any suggestions about the probable cost, as the Assistant Engineer has informed the district munsif that he cannot prepare plans and estimates without the previous sanction of Government in his department. I would, therefore, respectfully request the High Court to move Government to issue the necessary orders.

No. 2015, Judicial.
