READ—the following paper:—

No. 14 W.

Note by the Acting Chief Engineer for Irrigation.

The services of Mr. C. Baldrey, Clerk, 2nd Class, 3rd Grade, Head of the Construction Branch of this office, have temporarily been placed at the disposal of the Superintending Engineer, Tank Divisions, with a lien on his substantive appointment. Experience has shown that the work of the Construction Branch is now about equally divided into—

- Examination of Projects and Designs;
- Compilation of Statistics;

and it is thought that work will progress better by sub-dividing the Construction Branch into—

- A Drawing Branch;
- A Statistical Branch;

the Head Clerks of both branches being directly responsible to the Chief Engineer for Irrigation for the work done in their respective branches. It is therefore proposed, during Mr. Baldrey's temporary absence on other duty, to promote M. Appaswamy Rao, 1st-Class Draftsman, whose present pay is Rs 65, to the grade of Clerk, 3rd Class, 1st Grade, pay Rs. 80 to 100, as Head of the Drawing Branch, and to appoint a new man as Clerk, 3rd Class, 2nd Grade, pay Rs. 60 to 80, as Head of the Statistical Branch. The result of this arrangement will be an average saving of Rs. 10 on the present cost of the branch, as shown below:—

	RS.
Average pay of Mr. Baldrey, Clerk, 2nd Class, 3rd Grade	110
Average increase to the pay of the Head Draftsman	30
Average pay of Clerk, 3rd Class, 2nd Grade	70
	100

Saving Rs. 10.

2. The following statements will show the present scale of the Construction Branch, and the scale, and distribution of work, proposed:—

PRESENT SCALE OF THE CONSTRUCTION BRANCH.

	Minimum.	Maximum.	Mean.
	RS.	RS.	RS.
Mr. C. Baldrey, Superintendent	100	120	110
M. Appaswamy Rao, Head Draftsman	50	70	60
M. Rungasawmy Pillay, Draftsman	35	50	42½
C. Cunniah Naidu, do.	35	50	42½
V. Jaggannakulu, do.	20	30	25
T. Visvanatham Mudali, do.	20	30	25
	260	350	305

PROPOSED SCALE OF THE CONSTRUCTION BRANCH.

(1.) Drawing Branch.

	Minimum.	Maximum.	Mean.
	RS.	RS.	RS.
M. Appasawmy Rao, Head Clerk ...	80	100	90
M. Rungasawmy Pillay, Draftsman ...	35	50	42½
V. Jagganaikulu ...	20	30	25

(2.) Statistical Branch.

	Minimum.	Maximum.	Mean.
	RS.	RS.	RS.
Statistical Clerk ...	60	80	70
C. Cunniah Naidu, Correspondence Clerk ...	35	50	42½
T. Visvanatham Mudali, Draftsman ...	20	30	25
Total ..	250	340	295

3. In order to facilitate the compilation of the large mass of statistics now in the office, it is considered necessary that the individual to be appointed as Statistical Clerk should possess the technical knowledge required for the work on which he will be employed, and it is proposed therefore to appoint a specially qualified man (passed Overseer) as Statistical Clerk.

4. Should the temporary arrangements proposed during Mr. Baldrey's absence receive the sanction of Government, it is recommended that Draftsman Appasawmy Rao be exempted from passing the marginally-noted tests required from Clerks.

Uncovenanted Service General Test.
 Precise Writing Test.
 Public Works Code Test.

To the Secretary to Government, Public Works Department.

ORDER—dated 28th May 1883, No. 1498 W., Public Works.

The arrangements proposed by the Chief Engineer for Irrigation are sanctioned.

2. The recommendation that Draftsman M. Appasawmy Rao be exempted from the Middle School and Precise Writing Tests will be referred to the Educational Department for favorable consideration. There seems no reason, however, why he should not pass the Examination in Public Works Procedure and Practice.
