GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

Buildings and Roads.
Military Works.

READ—the following papers:—

From Captain E. M. MOORE, R.A., Military Secretary to His Excellency the Governor, to the Secretary to Government, Military Department, dated Ootacamund, 17th May 1884, No. 714.

I have the honor to inform you that from time to time it was brought to the notice of my predecessors that the existing quarters of the Governor's Band in Fort St. George were unsanitary and unwholesome as dwelling-houses.

2. Major Spencer having come to understand, at the instance of the Executive Engineer, Presidency, that the lines occupied by the late 39th Native Infantry at Vepery were vacated, he addressed Government (Military Department), in his letter, No. 536, of the 14th December 1882, with a view to some portions of the building being converted into suitable quarters for His Excellency's Band at a probable expense of Rs. 3,000; but the owner of the premises not having come to reasonable terms about renting or selling it, the proposal was dropped (*vide* G.O., Military Department, No. 4320, dated 7th August 1883).

3. I have now the honor, by order, to forward, herewith, a letter received from the Executive Engineer, in which he totally condemns the present quarters, and to request you to be good enough to move the Government in the Public Works Department in order that suitable buildings may be allotted to His Excellency's Band.

ENCLOSURE.

From Lieutenant-Colonel W. H. BURTON, R.E., Executive Engineer, Presidency, to the Military Secretary to His Excellency the Governor, dated Bangalore, 8th April 1884, No. 133.

In reply to your No. 696, dated 18th March 1884, I have the honor to inform you that the quarters of His Excellency the Governor's Bandsmen are in extremely bad state; those in the lunettes will probably be demolished sooner or later. These lunette quarters are described by Executive Engineer, Military Works, as "very damp, unhealthy and falling to pieces."

The repairs immediately necessary will be carried out, but the question of permanent quarters for these men requires consideration.
