READ—the following letter from J. A. DAVIES, Esq., Acting Registrar of the High Court of Judicature at Madras, to the Chief Secretary to Government, dated Madras, 20th August 1884, No. 2412:—

The district munsif of Vayitri having informed the District Judge of South Malabar that the roof of the Vayitri court-house was in a dangerous state and leaking in several places, and that the repairs would, in his opinion, exceed Rs. 1,000, the Executive Engineer, Nilgiri division, was requested to inspect the building and prepare an estimate for executing the necessary repairs. In compliance with this request, the Superintending Engineer, IV Circle, has forwarded the enclosed plan and estimate, amounting to Rs. 1,960, for re-roofing the court-house, as the present roof has been found to be in a dilapidated condition.

I am accordingly directed to apply for sanction for the work and for the necessary allotment of funds at an early date as the repair seems urgently required.

Read the following paper:—
No. 126. Endorsement of the Superintending Engineer, Fourth Circle, dated Coimbatore, 22nd March 1879, No. 861/205.

From Lieutenant-Colonel R. B. KENNEDY, Executive Engineer, Wynad Division, to the Superintending Engineer, Fourth Circle, dated Lakidi, 10th March 1879, No. 353.

I HAVE the honor to forward an estimate, amounting to Rupees 560, for the necessary fittings for the new Munsif's Court at Vyteri duly countersigned by the Civil and Sessions Judge.

2. The rates for woodwork are higher than usual, the reason being that there is so much small work such as rails, &c., in which the work is out of all proportion to the actual measurements.

3. As the new Court is appointed to open on 1st proximo, the Civil and Sessions Judge is very anxious that the work should be treated as an emergent one, and if the necessary funds cannot be allotted this month, I trust that early in April I may be provided with the necessary allotment.

SUBMITTED to Government with reference to their Proceedings in the Judicial Department, No. 2,388, dated 25th November 1878, and communicated with G.O. (Public Works Department) No. 4,663 W, dated 7th December 1878, for sanction

No. 127. ORDER THEREON, 15th April 1879, No. 1,141 W.

THE estimate* as corrected by the Chief Engineer, amounting to Rupees 400, is sanctioned. An appropriation of funds is made from the Provincial Reserve for 1879-80.

2. The difference (Rupees 160) between the amount of the estimate as submitted† by the Superintending Engineer and as sanctioned, is the cost of articles of furniture, which are not fixtures, and which consequently should not have been included in the estimate, vide Public Works Code X, i, 7.

3. If desired by the Judicial authorities, there is no objection to the entire work being carried out by the Executive Engineer, provided a separate estimate for Rupees 160 is submitted by the Munsif through the District Judge for the sanction of Government in the Judicial Department.

4. The sanction accorded in paragraph 1 of these Proceedings has been registered as Provincial No. 4 B. of 1879-80.
