READ—the following papers :—

Endorsement by the Revenue Department, dated 1st September 1884, No. 3794, on Proceedings of the Board of Revenue, dated 27th August 1884, No. 8065.

Telegram from the Superintending Engineer, III Circle, dated 4th September 1884.

From Lieutenant-Colonel H. M. VIBART, R.E., Superintending Engineer, III Circle, to the Chief Engineer, Public Works Department, dated Bellary, 11th September 1884, No. 1152.

With reference to G.O., No. 797 W., dated 25th March 1884, I have the honor to submit, for sanction of Government, estimate, amounting to Rs. 30,520, with accompaniments (as per margin) for constructing a first-class taluk cutcherry at Nandyál, in the Kurnool district, on the standard design approved of in G.O., No. 2204, dated 21st August 1876. The outhouses are to be built after the standard design sanctioned in G.O., No. 1014, dated 20th April 1874.

2 Tracings of main buildings.
1 Site plan.
1 Detailed estimate.
1 Abstract do.
1 Report.
1 Foundation section.
2 General abstracts in prescribed form.

2. No provision is made for post and sub-registrar's offices, as these offices are located in separate public buildings.

3. The points alluded to in Chief Engineer's memorandum, No. 1364 T., dated 4th December 1876, have been attended to.

4. Many years back an expenditure of Rs. 3,450 was incurred in collection of materials, &c., for this work. These materials have been since sold by auction and the proceeds credited to Government.

5. As I infer from your telegram, dated the 2nd instant, that the estimate is urgently required, I send it direct (to save delay) instead of through the Collector.

ORDER—dated 22nd September 1884, No. 2324 W., Public Works.

In G.O., No. 797 W., dated 25th March 1884, the Superintending Engineer, III Circle, was directed to submit, "as early as practicable," an estimate for constructing a new taluk cutcherry at Nandyál. The estimate has now been received,—five months after the date of the orders of Government calling for it. The cause of this delay should be explained.

2. The estimate amounts to Rs. 30,520, and is sanctioned for immediate execution.

3. A sum of Rs. 10,000 is appropriated to the work from the Provincial reserve with Government.

4. This sanction has been registered as Provincial No. 153 W. of 1884-85, and classified as Civil Buildings, Original Works.

(True Extract.)

Superintending Engineers will arrange for utilising, within the official year, the sums now made available.

The following works, considered urgent, will, as far as practicable, be provided with allotments on estimates being framed and sanctioned. Superintending Engineers should accordingly arrange for submission of estimates as soon as possible :—

Statement B.

Name of Work.

Improvement of Mettupálaiyam-Gúdalúr road within municipal limits.
Head Assistant Collector's cutcherry and house at Gúdúr, Nellore district.
Do. do. do. at Nandyál, Kurnool district.
Collector's house at Chatrapur, Ganjam district.
Taluk cutcherry and munsif's court at Kumbakónam, Tanjore district.
School of Arts, Madras.
Collector's cutcherry at Calicut.
Do. do. at Nellore.
Sub-magistrate's cutcherry and sub-jail at Arkónam, North Arcot district.
Taluk cutcherry at Nandyál, Kurnool district.

No allotments can be promised for works which may remain unsanctioned till late in the year. Every effort should therefore be made for prompt submission of the requisite estimates.

The balance of funds available, Rs. 95,881, is added to the Provincial reserve.

Read—the following papers :—

G.O., dated 17th March 1884, No. 384, Revenue.

Read—the following Proceedings of the Board of Revenue, dated 28th February 1884, No. 653 :—

Read—the following letter from W. H. GLENNY, Esq., Collector of Kurnool, to the Secretary to the Board of Revenue, dated 14th February 1884, No. 58 :—

Observing that Rs. 10,000 are allotted in the Public Works Budget of 1883-1884 for additions and improvements to the taluk cutcherry at Nandikótkur, and having heard from the Executive Engineer that the preparation of the estimates is about to be put in hand and tenders invited, I have the honor to submit the following remarks on the general wants of the district in the article of buildings, as Nandikótkur is the taluk cusbah that can best wait for any such work, and there is most urgent call for new buildings elsewhere.

2. The recommendations of the Subsidiary Jail Committee, approved of in G.O., No. 1635, Judicial Department, dated the 26th October 1868, and modified by subsequent orders of Government, provide, among other things, for the construction of new taluk cutcherries at Cumbum, Koilkuntla, Nandyál, Dupad (Márkápur Taluk), Pattikonda and Peddakandla (Sirvel Taluk), and for improvements and additions to the Rámallakót and Nandikótkur taluk cutcherries.

3. I do not know whether it is intended that the works should be undertaken in the order in which they stand in the Government Order above quoted. A new taluk cutcherry has since been built at Koilkuntla; and the Rámallakót Tahsildar's office has been removed to a good, substantial and spacious building at Kurnool.

4. Nandyál is the place where the need for a new taluk cutcherry is most urgently needed. At present, the Tahsildar holds his office in a rented house, which affords miserably insufficient accommodation, is ill-ventilated and leaky, and in almost every other respect wholly unfit for the use to which it is applied. Nandyál is the most rising town in the district, and is undoubtedly destined to be the future head-quarters of the district. It is the only place in the district where the population has remained nearly stationary since 1872. Its importance, of course, will vastly increase when the State Railway, which is in course of construction, is completed. So long ago as 1868, the Subsidiary Jail Committee expressed their opinion that a new taluk cutcherry was "absolutely necessary at this station." I respectfully beg to press on the Board and Government the urgent necessity for building a new taluk cutcherry at Nandyál at once. A very good site near Tekkiye on the south of the town was selected by Mr. Hope or Mr. Foster, and is fully approved of by the Public Works Department Officers.

5. Next to Nandyál in order of urgency comes Cumbum. The present building is situated in the heart of the feverish tract. The Subsidiary Jail Committee condemned the building as wholly unfit for further use, and reported that a new office was "urgently required here." Fever which is always prevalent in the town has been raging with unusual severity for some time past owing to the fulness of the tank. It is highly desirable that the Tahsildar's office should be removed to a better locality. At this station too, I have selected a good site at Bestavarapett. If after the urgent

5

requirements of Nandyál and Cumbum are satisfied, funds shall be available, *then*, the construction of new buildings and improvements and additions to existing buildings in other taluks may be undertaken. I may remark that Nandikótkur should be about the last on the list. The present cutcherry was put in thorough repair only a short time ago. The building could really do very well without having a rupee spent on it for some years to come, but—provided of course that the Public Works Department work be postponed *sine die*—I am already prepared at the small cost of Rs. 400 to do certain work to it by our own agency that would be a great improvement. The sum provided for Nandikótkur in the Public Works Budget Estimate for the current year, as well as any allotment that might be proposed for next year, might be transferred to Nandyál.

Resolution—dated 28th February 1884, No. 653.

Submitted to Government.

2. The Board entirely agree with the Collector, and request that Government will be pleased to issue the necessary orders in the Public Works Department to postpone the improvements to the taluk cutcherry at Nandikótkur, and to prepare the requisite plans and estimates for a new cutcherry at Nandyál, which is very urgently required.

(A true Copy and Extract.)

(Signed) E. GIBSON,
Secretary.

Order—dated 17th March 1884, No. 384, Revenue.

Orders accordingly will be issued in the Public Works Department.

(True Extract.)

(Signed) H. E. STOKES,
Secretary to Government.

ORDER—dated 25th March 1884, No. 797 W., Public Works.

Communicated to the Superintending Engineer, III Circle, who will submit, as early as practicable, an estimate for constructing a new taluk cutcherry at Nandyál on the site indicated by the Collector.

2. No provision was made in the Provincial Budget for 1883-84 for improvements to the taluk cutcherry at Nandikótkur, the work having been entered under Class B without allotment. In the preliminary issue of the budget for 1884-85 provision has, however, been made to the extent of Rs. 10,000. This sum will be withdrawn in the final issue and added to the reserve with Government.

3. The question of an allotment for the Nandyál taluk cutcherry will be considered on receipt of the estimate now called for.

BOARD'S GEN. REG. No 6217 OF 1884

* Communicated with Board's Proc: dated 17th April 1884 No 3200 Misc:

+ G.O. 797 W d/25/3/84

Sir,

With reference to G.O. No +1489 dated 4th April/84 R.D. I have the honour to press again on the attention of Government the very urgent call for new Taluq buildings at NANDYAL. The G.O. just quoted is all that could be desired as an order. All I am constrained to trouble Government with is a request that they will be pleased to insist on its immediate execution by the local officers of the D.P.W.

2 The plea on which these officers delay is that contract rates are specially high at NANDYAL, owing to the construction of the B.K. State railway.

3. Having travelled along the line from DHONE to NANDYAL, & having recently visited PYAPALI & other places where the same objection has not been raised to the construction of new works, I venture to recommend that the soundness of the objection raised in reference to NANDYAL be searchingly scrutinized.

4 ~~3~~. On the face of it, there seems little plausibility in the assertion that there is any serious difference between the rates at which work can be got at a place on the line & at a place 15 miles or so from the line, e.g. at PYAPALI.

5. Some difference there may be, but I think it will be found to be not considerable.

6. Considerable or not, I venture earnestly to recommend that it should not be allowed to be deterrent.

9

7. Every day the call for a new & fairly convenient Taluq Office, record room, Treasury, Subjail, grows more urgent. As Mr Tremenheere, in the course of his recent short term of duty as Head Assistant here, frequently remarked, it is not fair to the Taluq officials to expect from them due performance of their duties under the difficulties imposed upon them by the utterly inadequate &

2324/14

inconvenient & insecure buildings that do duty as Treasury, Record room, Magistrate's court, Subsidiary Jail, &c. In pursuance of well-considered orders given by Mr Tremenheere, a great improvement in the one department, viz, the Record dept, in which improvement was possible, has taken place. But the Tahsildar, the Police, the prisoners, & the public generally (including persons employed about the State Railway,) are still ~~still~~ left to struggle with the inconveniences & risks from which they could be freed in a few months, if Govt were pleased to declare that they will admit no excuses for delay on the part of ~~the~~ the local officers of the D.P.W. Of course Govt are aware that NANDYAL is within easy reach of the finest building-materials in the Presidency; limestone from the Yerramalais, timber from the Nallamalais, I submit that, the urgency of the case being already fully recognized by Govt, a non possumus from the local D.P.W. officers, who cannot complain of overwork, should not be listened to with any inclination to indulgence.

I have the honour to be,
Sir,
Your most obdient servant,

Collector.

From W.H. GLENNY, ESQ. Collector of Kurnool.

To the Hon. E. FORSTER Webster Chief Secretary to Govt.

Through E. GIBSON, ESQ. Secretary to the Bd of Revenue.

BOARD'S GEN. REG. No 6245 OF 1884

Sir,

In continuation of my letter No 356 dtd 18th inst. I have the hr to say that, having made further enquiries at NANDYAL, I can with confidence urge that peremptory orders be at once issued to the local D.P.W. officers that they should without any delay set about the construction of the Taluq buildings at NANDYAL. No more favourable time than the present could be chosen for the work. NANDYAL is full of contractors & workmen, (including carpenters from the PUNJAB &c) & at the present moment it happens that at least one of the principal contractors complains that a temporary slackness in Railway work has left him without full employment for his people.

2. I doubt whether any place in India can shew more expensive buildings than two recently constructed by the D.P.W. at NANDYAL. In the case of at least one of these (viz the Forest Bungalow lately sold to the State Railway) the excuse of Railway competition cannot be pleaded. I trust that such orders may be issued as to supervision that a third example of the costliness of D.P.W. work may not be added. For delay of any kind there can be no excuse. Carts full of stone & timber are going about in numbers every day; & at this moment the Railway workshops turn out doors & windows at the rate of a hundred daily. Five bungalows of good construction have been built within the last five months; & at Rs 4 per cubic yard excellent work (dressed limestone in daub with chunam pointing,) is in execution at the workshop.

13

I have the hr to be, Sir,

K.W.

Await receipt of estimate which should be examined immediately it comes in.

4.9.84

They should have been counter-signed I think – but to send them back now for countersignature of Collector would delay matters still further. Draft sanction for W's approval – B to consider at once question of allotment of funds.

Letter No. 1152

Dated the 11th September/84

From the S.E. III. Circle

2324/19

NOTE OF REMARKS.

1. This estimate, with plans, provides for constructing a 1st class Taluq cutcherry at Nandyal in the Kurnool District. The amount of the estimate is Rs. 30,520.

2. The cutcherry is to be built according to the standard design sanctioned in G.O. No. 2204 of the 21st Augt/76, omitting the post office; and the out houses according to the standard design sanctioned in G.O. No. 1014 of the 26th April/74. The estimates now submitted of the cutcherry &c. fairly accord with their respective standards in the number

10-9-84

and arrangement of rooms, doors, windows &c. The various buildings are to be constructed of rubble and hammer dressed stone in mortar. The scantlings of the timbers are correct; and the rates are fair.

3. The plans and estimate have not been counter-signed by any Revenue Board authority.

They Estimates have been signed by the Collector who has also approved of the site, and plan of foundations.

S.G.W.

Immediately this Estimate comes in send it up to me for scrutiny. There need be no delay about it in T Branch, to which I shall issue direct the necessary orders for check of rates &c. if such be called for. —

I observe that on 25th March 1884, Estimate was ordered to be submitted as early as practicable — that is more than 5 months ago — & Kurnool Division is not overburdened with work so far as I am aware.

C.S.
6-9-84

2324/20

D.W.

Estimate received this day, & sent up ~~[illegible]~~ as ordered, prior to scrutiny in T. Branch.

The S.E. has sent the estimate direct to save time, but the course adopted will probably only involve delay, as the papers must now go to the Rev. Dept. for approval previous to sanction.

C.
12/9/84

I. Run through this Estimate quickly now. Check merely general dimensions, rates, & scantlings. No note is required regarding other details unless any standard has been departed from.

Note of available funds.

No funds have been allotted for this work - but it is one of the works for which funds were promised to be assigned on Estimates being sanctioned - Vide Statement B printed with G O No 2040 W of 28th August /94 -

The reserve balance available for appropriation is Rs 5850 only - It is therefore suggested that out of Rs 35442 proposed for appropriation to works in charge of the Cons Architect to Govt, see draft order on C No 7212 sent to Wks, the sum of Rs 10000 supplied for for improvements & additions to the Madras medical College which is not an urgent work may be withheld & appropriated for this work

Budget Clerk.

13-9

Note by Budget Section.
