read to mean that officers of the dept. are bound to provide themselves with tents, but rather that if an officer requires a tent, he must provide it at his own cost.

The C might perhaps be asked for his authority for his reply to Mr. Korp, & an office note is submitted for approval.

C
9.9.92.

Approved C
10-9

finally settled by the G. I. letter printed with G. I. 98W of 14.1.92, after a great deal of discussion & correspondence, & it was thought it undesirable to raise fresh discussion by going into the points raised by Mr. Korp & the C.

In the correspondence which passed previous to G. I. 98W of 14.1.92, the C made remarks very similar to those in his present note relative to landlocks, carts, horses &c. hired by the month, & the G. I. finally accepted the C's views as correct.

With regard to the tentage question, it struck me at the time that the C's disposal of the matter was not very apposite to the particular point raised by Mr. Korp. Mr. Korp refers to an allowance for the up-keep of tents, whereas G. I. 951W of 28.3.92 relates to the purchase of tents for private use. The C has doubtless considered that as officers must provide their own tents, they must also pay for their up-keep, & he therefore quotes G. I. 951W as disposing of Mr. Korp's question.

It would appear that Col. Hasted's note G. I. 971 & G. I. 981W cannot be

G. I. 10

I think the order as previously drafted may stand. I have initialed it accordingly. No doubt officers must keep up their own tents, and as to their purchasing & maintaining them when the circumstances are such that they do not actually require them for use I presume some of hardship arising therefrom will be reported when orders can be passed thereon, according to the merits of each case.

C
13.7.92

To D. W. (2)

In reply to office note G. I. 1608 of 7.10.92, the C merely quotes G. I. 951W of 28.3.92 as his authority for informing Mr. Korp that officers of the P. W. D. are bound to provide themselves with tents.

For orders whether the order previously drafted may stand.

It must be noted that conventional civilians & others who draw fixed travelling allowance & tentage would not draw daily allowance - the latter is supposed to cover all expenses of travelling, including

and muzzing. There can hardly be any other construction to

Enclosures.

Sir,

With reference to
the Examiners' No. 430 S.E. 1 dated 19th Illino
forwarded with your endorsement No 262 G.H.
dated 30th idem, I have the honor to remark
that the Government of India letter
states that the up-keep of horses can-
not be claimed at Head Quarters when
such are used for the conveyance of
an Officer on his marches only. The
Government of India must have had
some reason for introducing the
word "only", and it appears to me,
after carefully reading the Code rules,
that that reason is the possibility
of an Officer having to use his horses
at and near Head Quarters on public
duty, while halting. There can
hardly be any other construction to

104
Special Dept

to put upon it and it seems to me unreasonable that an officer should pay out of his own pocket for the upkeep of his horses, whether his own or not, at Head Quarters, when he certifies that he has work for them there.

2. It up-Country Stations horses can not be hired, and this is a well known fact, if not to the Examiner, at any rate to those accustomed to travel, and hence we are compelled to keep our own horses.

3. I shall deem it a favour if you will kindly obtain the views of the Government on the matter.

4. There is another point I think well worth consideration.

Under Section 22, Rule, Certain Officers enumerated in Schedule C are allowed an allowance called tentage to enable them to provide themselves with tents. It is observed that the P. W. Department are not included in this schedule; the inference I drew therefore is that we are not bound to keep tents. I addressed the Examiner on this point some time ago, and he

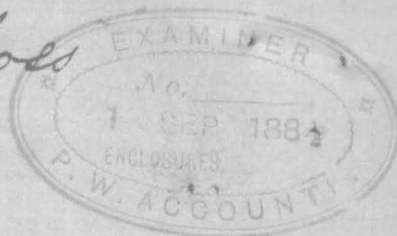

he gave it as his opinion that we should provide ourselves with tents, his reason being that we were always expected to do so.

5. This argument however can scarcely hold now, as we are not under the same travelling allowance Rules as we were formerly, when, up to a certain limit, full allowances at Head Quarters were admitted.

6. There is hardly any department of the administration that requires the use of tents as much as the Public Works, and it cannot be supposed that the Government would have intentionally omitted them from Schedule C; to do so would be creating invidious distinctions between officers of the same class, which cannot be the desire of Government.

7. Travelling allowance of any description is not intended as a source of profit to any one directly or indirectly, if therefore one department is allowed tentage and the other not it proves that if it is not a source of profit to the department that is

is allowed it, it is an obvious loss
to the one not allowed it.

8. I observe that tentage is given
to those with a permanent monthly
Travelling allowance (Chiefly Revenue
Officers) thus making matters still
more unfavorable to the P.W.D. who,
unfortunately, do not draw a Consoli-
dated allowance, but only a daily al-
lowance when on circuit; which is
intended to defray the actual cost of
locomotion, or, to quote the Code,
Section 26, to Cover the ordinary daily
charges of an Officer on tour and
is not given to purchase tents -

head-quarters, is the difference between the actual outlay incurred by an Officer in maintaining the equipage during that time and the outlay he would incur if he could discharge it and had nothing to do with it till he wanted it again."

3. It is therefore perfectly clear that the upkeep of horses, bandies, bullocks, carts, boats, etc., that are the out-and-out private property of Officers, or are hired by the month and from month to month continuously, is no more an item of "actual expenses" than are personal servants who are hired by the month and from month to month continuously.

4. In regard to the question of Tentage Allowance, I offer no remarks. Government has probably considered the matter before issuing G.O. No. 851 W. of 28th March 1884.

5. I notice the Superintending Engineer has offered no opinion in forwarding the communication to Government.

To W.
 Your O.N. No. 1554 D. dated
 29th. August 1884.

The orders on the matter
 of the upkeep of horses are so
 very clearly expressed in the letter
 from the Government of India publish-
 ed in G.O. No. 98 W. of 14th. January
 1884, that it is difficult to under-
 stand why a reference on this
 point should again be made to
 Government.

2. Mr. Norfor transposes the
 word "only" and consequently, I think,
 draws erroneous conclusions. The
 solution of the whole question
 is expressed by the Government of
 India as follows:-

" The actual expense of keeping
 up camp equipage during halt at
