22ND SEPTEMBER 1884, No. 2339 W., PUBLIC WORKS.

GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

Buildings and Roads.
Civil Works.

READ—the following papers:—

From the Venerable J. F. BROWNE, Archdeacon of Madras, to the Chief Secretary to Government, dated Madras, 18th August 1884, No. 142.

I have the honor to submit, for the favorable consideration of Government, a letter from A. H. Jacob, Esq., Chief Engineer, Travancore Government, forwarding an estimate, for enclosing the portion of ground sanctioned for the extension of the church cemetery at that station, amounting to Rs. 1,973.

2. By G.O., dated 1st December 1883, No. 865, Political Department, sanction was granted for enclosing the ground, but no funds were provided for carrying out the work.

3. The estimate has been framed by the Public Works Department of the Travancore State, there being no establishment of the British Public Works Department in Trivandrum (*vide* Mr. Jacob's letter, No. 41, enclosed).

ENCLOSURES.

From A. H. JACOB, Esq., Lay Trustee, to the Venerable the Archdeacon of Madras, dated Trivandrum, 30th June 1884, No. 40.

With reference to your letter, No. 68, dated 6th June 1884, I have the honor to forward an estimate, amounting to Rs. 1,973, for extending the cemetery, enclosing it with a masonry wall and laying out the ground.

I request you will be so good as to submit the same for the sanction of Government. A copy of letter, No. 19, dated 29th August 1883, is herewith enclosed.

From the same Officer, dated Trivandrum 11th July 1884, No. 41.

In reply to your letter, No. 90, dated the 5th instant, I have the honor to state that the first estimate for the extension of the compound and cemetery of Christ's church, Trivandrum, was merely approximate. The amount of the detailed estimate submitted with my No. 40, of the 30th ultimo, may not be fully availed of. I hope for savings on it, but it is better to be prepared for the full expenditure as there are some of the items, such as levelling and laying out the new extension, which it is difficult to estimate very accurately.

The works connected with the Government church, Trivandrum, are supposed to be carried out by the Public Works Department, British territory, but as there is no establishment of that department in Trivandrum, the Travancore Department of Public Works is always asked as a favor to do the necessary work. The repairs are therefore practically under the British authority.

No. 1920, Ecclesiastical.

Approved and transferred to the Public Works Department.

Forwarded to the Superintending Engineer, IV Circle, for examination and countersignature of the estimate, if approved.

C. BOWEN, Major, R.E.,
Deputy Chief Engineer, P.W.D.

From Colonel J. BEATTY, R.E., Superintending Engineer, IV Circle, to the Chief Engineer, Public Works Department, dated Ootacamund, 12th September 1884, No. 424 E.W.

With reference to your endorsement, No. 1577 D., of 6th September 1884, I have the honor to inform you that the estimate has been checked in my office, so far as could be done in the absence of plans. The rates are very low as compared with those of this department for places on the West Coast. I return the estimate countersigned, as I have no objection to offer.

ORDER—dated 22nd September 1884, No. 2339 W., Public Works.

The estimate, amounting to Rs. 1,973, for extending Christ's church cemetery at Trivandrum, and enclosing it with a masonry wall, is sanctioned.

2. The Superintending Engineer, IV Circle, will place the requisite funds at the disposal of the Chief Engineer, Trivandrum, for the execution of the work, and will apply for an additional allotment under minor works, if necessary.

3. This sanction has been registered as Provincial No. 154 W. of 1884-85, and classified as Civil Buildings, Original Works.
