Presidency Public Works Workshops.

Madras, 11th Sept 1884
 Recd 13

OFFICE NOTE. No. 995 W.

To

D.C.F.

Please see accom^d requisition from Per Survey. The Litho Presses cannot be repaired in the Instrument Dept; but the work can be done in the P.W. Workshops. Under present orders I am only allowed to work for the Per Survey in the Instrument Dept; but as the machines in question are put as necessary in the Dept, may I carry out the repairs? I know no other place in Madras, where the repairs could be satisfactorily done.

WCB

Order may be drafted (for W's approval) authorising P.W. Workshops to take this work in hand.

From

THE GENERAL SUPERINTENDENT,
PUBLIC WORKS WORKSHOPS,

To

THE *Superintending Engineer*
5th Circle
Madras.

SIR,

Enclosures. 1

I have the honor to forward a letter from the Superintendent of Prisons, and beg to request that I may be allowed to make the shaft required. The work is a heavy forging, and I am certain that it could not be satisfactorily turned out except in this Workshop or in the Gun, carriage Factory.

I beg to take this opportunity of suggesting that the orders prohibiting work being done in these Shops for any Department, except the Public Works Department, be modified, on account of the delay that is caused by having to obtain a separate sanction for each requisition.

I have the honor to be,
Sir,

Your most obedient Servant

W. C. Baddeley, Captain R.E.

Genl. Superintendent, P.W. Workshops
