From the Suptg. Engineer I Circle - H. E. No: 176 V.Z. d/4th Sept. 1884.

The Government regret that there are no funds at their disposal to allot the sum required for repairing the light house at Santapilly. The Government of India will however be requested to allot a sum of Rs 374, under Imperial & Other Services, for expenditure on this work, inclusive of the percentage charges on account of Establishment and Tools & Plant.

2. The Superintending Engineer I Circle will in the meanwhile put the repairs in hand in anticipation of funds.

3. A copy of these Proceedings will be forwarded to the Govt. of India with request that the

I question the propriety of proposed draft order. Work on light house is work that as a rule cannot be postponed, whether funds be available or not. To put off till 85-86 repairs on which life may depend would be most injudicious. Please consider what other course there is to follow, and in mean time I think authority may be given to put work in hand in anticipation of funds.
