PROCEEDINGS OF THE MADRAS GOVERNMENT.

UNDER date the 18th October 18...

READ the following

From the Consulting Architect to Govt.- M. E. No: 1032 d/ 23rd September 1884.

The estimate amounting to Rs. 650, for purchasing a mortar mill required for use in the Consulting Architect's Division, is sanctioned, and the amount is appropriated from the Provincial reserve with Govt.

2. This sanction has been registered as Provincial No: 160 W of 1884-85, and classified as Tools and Plant.

Dw.
There is nothing to show that the C.A. communicated with the P.W. Stores, before procuring the mill from Bombay. It is possible the Genl Supt might have been able to make the supply.

No. 1032

From

The Consulting Architect to the Government of Madras,

To

The Chief Engineer, Public Works Department.

Sir,

Enclosures.

1 Estimate

I have the honor to submit here-with for favor of sanction and provision of funds an Estimate amounting to Rs 650 for a Mortar Mill obtained from Bombay for the use of this Division.

2. The mill was very much wanted in the first place to grind the stone lime which is now being used on the Senate House Bridge. Stone Lime does not make good mortar unless the lime is ground in a heavy edge mill. It is found very [illegible] to crush all the small

particles of the lime, to improve the strength of the lime and its value as a mortar. The mill will always be useful. Stone lime makes the best mortar for foundations.

3. I therefore trust it may be decided to Tools and Plant and duly sanctioned.

I have the honor to be

Sir
