GOVERNMENT OF MADRAS.

MILITARY DEPARTMENT.

3d October 1884, No. 4912.

Furlough—Subsidiary Leave.

Read the following papers :—

No. . *Office note from D. C. GORDON, Esq., Examiner of Public Works Accounts, to the Secretary to Government, Public Works Department; dated Madras, 1st September* 1884, *No.* 400.

B No. 1059-W., dated 23rd April 1881.
G.O., No. 1739-W., dated 14th July 1881.

The circumstances under which Conductor Lennon has been prevented from embarking within the period of subsidiary leave ordinarily admissible to him are explained in his letter. Under the orders of the Government of India, communicated with G.O., No. 1739-W., dated 14th July 1881, and Section 65, Rule 1, of the Civil Leave Code, the time passed by an officer detained at the presidency for passage in a troopship beyond the usual preparatory leave has to be included in the preparatory leave.

2. It is understood that the first troopship that will leave Bombay is dated 22nd October 1884, *vide* G.O.C.C., No. 391, dated 31st July 1884, and as Conductor Lennon has been ordered to proceed at once in anticipation of the grant of leave by the Military Department, it is for Government to decide whether Conductor Lennon's furlough should commence from date of embarkation or at the end of his subsidiary leave without forfeiture of his subsidiary leave under Section 67 Proviso of the Civil Leave Code.

From Conductor R. P. LENNON, Sub-Engineer, Public Works Department, to the Deputy Chief Engineer, Public Works Department; dated Madras, 29th August 1884.

I beg respectfully to report that I was relieved in the Godávari Central Division on the forenoon of the 9th of last month, and from that date until the 4th instant was under medical treatment. From the 5th to the 7th instant I was *en route* from Cocanada to Madras,* and again after my arrival under medical treatment as an in-patient of the General Hospital until the 27th instant.

2. On the 25th instant I passed a Medical Board, who recommended me for one year's furlough to England embarking at Madras, and to proceed at as early a date as possible in anticipation of the grant of leave by His Excellency the Commander-in-Chief, and not to proceed by a troopship.

3. If possible, I wish to embark by the steamer *Manora* leaving this port on or about the 4th proximo.

4. From the above facts it will be seen that I have exceeded the ordinary subsidiary leave admissible under the rules; and as the delay in embarking is due to circumstances beyond my control, I beg to solicit the orders of Government that my furlough may be held to commence from date of embarkation under the spirit of Section 65, Rule 1, of the Civil Leave Code.

In any case the first troopship will be much later on in the season than probable date of my sailing.

I take the liberty of sending this to you direct, as I believe that Captain Hamilton is away from Madras; and, even if the Superintending Engineer were here, it would be of no use sending through him, as he would not know anything of the case, the other papers connected with it having been brought by me direct to you.

* For further medical treatment.

No. . *From the Adjutant-General; dated* 12th *September* 1884, *No.* 727-*O.* (*Furlough*).

No. . *With report from Controller of Military Accounts;* 17*th Sept.* 1884, *B.*

No. . ORDER THEREON, 3rd October 1884, No. 4912.

It appears from Conductor Lennon's medical case, submitted to Government with his application for furlough (medical certificate) to Europe for one year, that the Civil Surgeon of Rajahmundry granted him, on the 7th July 1884, a medical certificate for three months' leave of absence; and that on that certificate he went to Cocanada, where he remained under treatment until the 5th August, on which date he left for Madras for further treatment.

2. At Madras, after treatment in the General Hospital from 13th to 21st August, he was recommended for sick furlough to Europe; and having been invalided accordingly by a Medical Board on the 25th idem, embarked for England on the 9th September.

3. The Right Honorable the Governor in Council is of opinion that, under these circumstances, Conductor Lennon must be regarded as on sick leave in India from the 9th July, the date he was relieved in the Godávari Central Division, to the 25th August 1884, when he was invalided home, his subsidiary leave commencing from 26th August.

4. There was in the case no detention at the presidency for passage in a troopship.
