2. I would inform you that the * work improvements to the Taluk cutcherry at Mannargudi, Negapatam division, has already been commenced, pending sanction of an allotment applied for in my statement of incomplete works, but the allotment was negatived by Government, as will be seen from the remarks against item No. 55 in statement D, printed with G.O., No. 1581 W., dated 24th June 1884. The work has now been three-fourths completed, and the stopping of its progress for want of funds will not be advisable. I therefore request that an allotment of Rs. 3,890 may be sanctioned for the work out of the sums given up in paragraph 1 above.

No. 1558 D, Public Works.

Referred back to the Superintending Engineer, VI Circle, for reconsideration, with respect to the proposed surrenders.

2. Since the issue of G.O., No. 1799 W., dated 22nd July 1884, a large additional grant has become available under Provincial, and, if possible, it would be well to utilize, on the works for which they were originally granted, the sums proposed to be surrendered.

3. The grant of Rs. 3,890 asked for in the last paragraph of the Superintending Engineer's letter can now be given from the reserve with Government.

(By Order.)

CHEPÁK,
2nd September 1884.

From Lieut.-Colonel H. R. MEAD, R.E., Superintending Engineer, VI Circle, to the Chief Engineer, Public Works Department, dated Kodaikámal, 27th September 1884, No. 968-T.J.

In returning your endorsement, No. 1558 D, dated 2nd instant, I have the honor to state that the Executive Engineers, Madura and Trichinopoly divisions, have reported that it is probable the sums surrendered can be utilized on the works for which they were originally allotted.

2. The Executive Engineer, Tinnevely division, has reported that the sums given up are anticipated savings from the amounts of the sanctioned estimates. These sums can therefore be withdrawn.

3. The Executive Engineer, Madura division, has applied for an additional grant of Rs. 16,000 for the "Preservation * of the Terumal Naick's palace and adaptation for public offices," to meet the expenditure that will be incurred on works sanctioned in G.O., No. 1885 W., of the 4th ultimo, as also meet the cost of compensation for the buildings round the Muhammandan school adjoining the palace. I request that you will be good enough to sanction this additional grant of Rs. 16,000 as soon as possible.

4. I also request that the grant of Rs. 3,890 promised in the latter portion of your endorsement under reply may now be given.
