JUDICIAL DEPARTMENT.

READ—the following paper :—

From G. HAMNETT, Esq., Inspector-General of Registration, to the Chief Secretary to Government, dated Ootacamund, 31st August 1884, No. 3552-T.

With reference to G.O., dated the 19th April 1884, No. 957, Judicial, sanctioning the transfer of the sub-registrar's office from Nellakota to Ammayanáyakanúr, and directing that the office may be built separately from that of the deputy tahsildar if combining the two would cause delay in the construction of the taluk cutcherry, I beg to bring to the notice of His Excellency the Governor in Council that I was at Nellakóta on the 20th instant to inspect the sub-registry office established there. After my inspection a large number of the inhabitants met me and protested against the contemplated removal of the office to Ammayanáyakanúr, and said that the place was close to the hills, feverish, and in one corner of the sub-district; that they would be obliged to travel to and fro a distance of twelve miles, and be subjected to much inconvenience and expense without any apparent advantage to them, and begged that I would adhere to the policy which I was pursuing elsewhere of placing registration offices in centres convenient to the people and not remove the office from Nellakóta. I asked them to commit what they had to say to writing, and I have now the honor of submitting their petition for the favorable consideration and orders of the Government.

2. When I said in my letter, dated the 5th April 1884, No. 759-T, that Ammayanáyakanúr being a railway station there was no objection to the transfer to it of the sub-registrar's office from Nellakóta I was guided by what the present registrar informed me, but having now visited both stations I am decidedly of opinion that not only will registration suffer, but parties will be put to great inconvenience by having to go to Ammayanáyakanúr.

3. The enclosed statement shows the relative distances from Nellakóta and Ammayanáyakanúr to the several villages which form and constitute the sub-district, and it will be seen from it that Nellakóta is more central and is in a better position to catch documents requiring to be registered than Ammayanáyakanúr is.

4. There is no doubt some advantage in having a registration office at the same station where there is a deputy tahsildar and magistrate, but it is not absolutely necessary that the two offices should be at the same station, the one not being dependent on the other, if the progress of registration and the convenience of the parties who seek registration are considered. Under these circumstances, I would recommend that the sub-registry office be allowed to remain at Nellakóta, and that the new building sanctioned for the purpose be constructed there.

G.O., dated 8th March 1884, No. 329, Revenue.

*Read*—the following proceedings of the Board of Revenue, dated 29th February 1884, Mis. No. 1842:—

Read—the following letter from the Collector of Madura, to the Secretary to the Board of Revenue, dated 16th February 1884, No. 86:—

With reference to Board's proceedings, No. 208, dated 22nd ultimo, I have the honor to state that Ammayanáyakanúr, which is a railway station, would form a better head-quarters for the deputy tahsildar, and that the new office may be built there instead of at Nelakkotta, which is five miles distant. There would also be a saving in the cost of the police force, and the Superintendent of Police and the Acting Sub-Collector recommend the change.

2. Ammayanáyakanúr is a zemindari village, and if the Board approve of the proposal and obtain the sanction of Government, I shall negotiate with the zemindar for acquiring a suitable site.

Resolution—dated 29th February 1884, Mis. No. 1842.

Submitted for the orders of Government, in continuation of the Board's proceedings quoted by the Collector.

2. The Board agree with the local officers in considering that the proposed cutcherry should be built at Ammayanáyakanúr in preference to Nelakotta, which is five miles distant. If this is approved, it would be better to build the sub-registrar's office also at the former station.

*Order*—dated 8th March 1884, No. 329, Revenue.

The proposed transfer of the deputy tahsildar's head-quarters is approved. The Collector will take the needful steps without delay to acquire a suitable site for the building at Ammayanáyakanúr.

2. The question of combining the sub-registrar's office with the deputy tahsildar's cutcherry will be considered in the Judicial Department.

Order—dated 15th March 1884, No. 709 W., Public Works.

Communicated, in continuation of G.O., No. 363 W., dated 11th February 1884, to the Superintending Engineer, VI Circle, for information and guidance.
