I think that, before submitting
this report to Lt. for his orders, paras
2. & 3 might be sent to Supt of M.

as to whether the hoister machine &
weighing machines, which appear to be
of no use to the shops, cannot be disposed
of to the State Railway, or, possibly
to the Harbour Works.

This done, I shall go into the D.C.
note in detail, as it appears to me
to be one of some importance & cannot
be disposed of off-hand.
