NOTICE.

Attention is drawn to the following Rules of the Government Bullock Train :—

Gunpowder, &c.—Persons booking goods by the Government Bullock Train are warned not to send Gunpowder, Lucifer or Congreve Matches, Naphtha, Gun-cotton, Mineral Acids, or similar articles of a dangerous, explosive or highly inflammable nature, or any articles likely to cause injury to other packages. Persons tendering such articles for despatch are liable to the penalty prescribed in Section 42 of the Post Office Act of 1866, in addition to any other claim to which their act may give rise. As an exception to the above, Kerosine oil, Rangoon oil, or Petroleum, duly labelled or marked, and declared as such when securely packed and weighing more than a maund, will be received. As a further exception, the Department will convey by road (but by road only) consignments of such articles received from Government Officers specially authorized by the Rules to make requisitions for the transmission of goods; but in such case, the requisition must clearly specify the nature of the contents and the charge will be at double rates, the minimum chargeable weight being 20 maunds. No such articles, even, when sent by authorized Officers, will be booked by the Bullock Train Department for conveyance by Railway.

Packages damaged, &c., not to be received.—No package is to be received for despatch which is in any way damaged or not securely packed, or which shows signs (by leakage or otherwise) of insecure packing, or which is improperly directed: the address must be legible, and must be written or painted so as not to be liable to be rubbed off or obliterated. A direction written on a card is not to be received. Packages suspected to have been sent in contravention of the preceding Rule must not be received.

Unclaimed Packages.—All packages sent by Government Bullock Train which are not claimed and taken away either by the parties to whom the same are addressed, or the parties sending the same, within three calendar months from the date of the arrival of such packages at their respective destinations, will, after the expiration of that period be advertised, and after the expiration of three calendar months from the date of advertisement, be sold without further notice by public sale under the order of the Post Master General or Post Master, and the proceeds arising from such sales will be appropriated by Government without further notice to any party interested, and neither the sender nor the addressee of any package which shall be sold as aforesaid, nor any person or persons on his behalf, shall have any right, title, claim, or demand whatsoever, either at Law or in Equity, after the expiration of the period hereinbefore mentioned, to recover from Government either the package, or its contents, or the value thereof, or the sum or any part of the sum realized in the sale thereof as aforesaid.

Government not responsible for loss or damage.—The Government will not be responsible for any loss of, or damage to, packages sent by Bullock Train, whether caused by fire, tempest, the state of the roads, or any negligent, improper or criminal act on the part of the persons in charge of the train, or otherwise concerned in the conveyance or delivery of the goods; packages booked at a Bullock Train Office will, whenever convenient, be forwarded by Railway at the risk of the sender.

Coin, Bullion, &c.—In order to protect the Bullock Train despatches from the chance of robbery, Officers in charge of Post Offices are prohibited from *knowingly* receiving coin, bullion, precious stones, or jewellery for transmission by Bullock Train.

Packages addressed to out-stations.—Packages addressed to out-stations, *i. e.*, stations off the Bullock Train lines, can only be booked to the nearest Bullock Train Office, and forwarded thence at the risk of the owner by country cart, or such other opportunity as may offer. The Bullock Train Agent who engages the country cart, &c., will forward a memorandum of the charges incurred, adding 10 per cent. as commission thereon, which must be paid by the addressee in addition to any other charge which may be due. In calculating the ten per cent. the fractions of an anna will be taken as an anna.
