16TH OCTOBER 1884, No. 2543 W., PUBLIC WORKS.

GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

Buildings and Roads.
Civil Works.

READ—the following papers :—

From Colonel J. BEATTY, R.E., Superintending Engineer, IV Circle, to the Chief Engineer, Public Works Department, dated Ootacamund, 11th September 1884, No. 423 E.W.

In paragraph 2 of G.O., No. $\frac{1203}{A}$ W., of 12th May 1884, revised estimates for the improvements to the main line of communication between Mettupálaiyam and Gúdálúr within the municipal limits of Ootacamund and Coonoor were called for. The estimate for the portion in the Ootacamund municipality has been submitted with my letter, No. 396, of 22nd August 1884, and I have now the honor to submit an estimate, amounting to Rs. 9,590, for improving the piece of road in the Coonoor municipality.

2. As explained in the report, the estimate provides for widening, sectioning and metalling the road; removing projecting rocks or banks to secure a minimum width of 16 feet; clearing catch drains and making new ones where required; also remaking broken-down parapet, repairing wooden railings of bridges and providing furlong stones.

From the same Officer, dated Coimbatore, 24th September 1884, No. 439 E.W.

In continuation of my letter, No. 423, of 11th instant, submitting the revised estimate of improvements to the piece of road in the Coonoor municipality, I have the honor to state that, if funds be made available at an early date, Rs. 5,000 may be spent this year in collecting materials and commencing the work.

ORDER—dated 16th October 1884, No. 2543 W., Public Works.

The estimate, amounting to Rs. 9,590, for improving the portion of the Mettupálaiyam-Gúdálúr road which lies within the limits of the Coonoor municipality, is sanctioned.

2. Funds are not available for immediate allotment. The Superintending Engineer will therefore report whether he can provide the amount required (Rs. 5,000) by transfer from the allotment of Rs. 20,000 sanctioned in G.O., No. 2220 W., dated 10th September 1884, for the Ootacamund section of the same road.

3. This sanction has been registered as Provincial No. 171 W. of 1884-85, and classified as Communications, Original Works.

Read—the following papers :—

Letter from the President, Local Fund Board, Nilgiris, dated 29th February 1884, No. 16.
Telegram from do. do. dated 2nd April 1884.
Endorsement of the Public Works Department, dated 11th April 1884, No. 7 E.
Proceedings of Government, Public Works Department, dated 3rd May 1884, No. ^{1111 W.}_A

Order—dated 7th May 1884, No. 1025, Financial.

The maintenance of the main line of communication between Mettupalaiyam and Gudalur will accordingly be transferred to the Public Works Department with effect from the 1st April 1885, and such portions thereof as lie within the limits of the Coonoor and Ootacamund Municipalities with effect from the date of the notification appended to this order.

2. The estimates received with letter No. 16, dated 29th February 1884, from the President, Nilgiri Local Fund Board, will be made over to the Department of Public Works, and the Board of Revenue will report what amount should be withdrawn from the Provincial grant heretofore made to the Local Board for the upkeep of the road referred to, and what arrangements should be made for the levy of tolls thereon under Acts VIII of 1851 and X of 1864 (India).

3. The President, Coonoor and Ootacamund Municipalities, will report what amounts should be withdrawn from the Provincial grants made to those municipalities for the upkeep of the portions of the main line of communication of which they are now relieved.

4. The following notification will issue in the Fort St. George, and Nilgiri and Coimbatore District Gazettes :—

(Here enter notification, dated 7th May 1884.)

Civil Works.

READ—again the following papers:—

G.O., dated 6th June 1882, No. 1416 W., paragraph 6.
" " 31st July " " 1928 W.

ORDER—dated 3rd May 1884, No. 1111 W.
A Public Works.

In paragraph 6 of the Proceedings first read above, the Government directed that the main line of communication from Mettupalaiyam to Gudalur should be replaced under the Public Works Department. The orders were, however, held in abeyance by G.O., No. 1928 W., dated 31st July 1882, with the remark that, should it appear desirable to Government that the work on this line might with advantage be transferred to the Public Works Department in the next official year (1883-84), timely notice would be conveyed to the Local Fund Board.

2. No action was taken for the resumption of the road during the year 1883-84; but His Excellency the Governor in Council is of opinion that the time has now arrived when the provisions of G.O., No. 1416 W., dated 6th June 1882, should be carried into effect.

3. Notice will therefore be given, in the Financial Department, to the Local Fund Boards concerned that the charge of the road in question will, from the 1st April 1885, devolve on the Public Works Department.

4. The road will also be excluded, by notification in the Financial Department, from the operation of Act IV of 1871, as provided for in section 8 of that Act.

5. To admit of the collection of tolls which will be no longer leviable under sections 62 to 68 of the Local Funds Act IV of 1871, the provisions of Government of India Act VIII of 1851, as amended by Act XV of 1864, will, in due course, be declared to be in force as regards the line of road in question.

6. The Nilgiri Local Fund Board being relieved of their liability in regard to this road, the Financial Department will consider what portion of the Provincial grant heretofore made to the circle should be withdrawn.

Superintending Engineers will arrange for utilising, within the official year, the sums now made available.

The following works, considered urgent, will, as far as practicable, be provided with allotments on estimates being framed and sanctioned. Superintending Engineers should accordingly arrange for submission of estimates as soon as possible :—

Statement B.

Name of Work.

Improvement of Mettupālaiyam-Gūdālūr road within municipal limits.
Head Assistant Collector's cutcherry and house at Gūdūr, Nellore district.
Do. do. do. at Nandyāl, Kurnool district.
Collector's house at Chatrapur, Ganjam district.
Taluk cutcherry and munsif's court at Kumbakōnam, Tanjore district.
School of Arts, Madras.
Collector's cutcherry at Calicut.

Do. do. at Nellore.

Sub-magistrate's cutcherry and sub-jail at Arkōnam, North Arcot district.
Taluk cutcherry at Nandyāl, Kurnool district.

No allotments can be promised for works which may remain unsanctioned till late in the year. Every effort should therefore be made for prompt submission of the requisite estimates.

The balance of funds available, Rs. 95,881, is added to the Provincial reserve.

READ—the following papers :—

From Colonel J. BEATTY, R.E., Superintending Engineer, IV Circle, to the Chief Engineer, Public Works Department, dated Coimbatore, 22nd August 1884, No. 396 E.W.

I have the honor to forward, herewith, the revised estimate for improving the main road in the Ootacamund municipality from the Burnfoot toll-gate to the second mile of the Gúdalur road, called for in G.O., No. 1203-A. W., of 12th May 1884. The estimate amounts to Rs. 44,705, and includes a new piece of branch road from the approach road of Government House near the Executive Engineer's Office to the Church Hill road. The nature of the work proposed is explained in the Executive Engineer's report that accompanies the estimate.

- 1 Estimate with abstract.
- 1 Report.
- 1 Specification.

Note by the Chief Engineer, Public Works Department.

The condition of those parts of the main road between Mettupálaiyam and Gúdalur which lie within the municipal limits of Ootacamund and Coonoor, has long been the subject of unfavorable comment. Provincial funds have largely assisted in improving the rest of the thoroughfare which connects Wynaad with the Madras Railway; but the portions within the two municipalities have been neglected, and after heavy rain are now almost impassable in many places.

Early in 1884, the President of the Nilgiri Local Fund Board ordered the preparation of estimates for the improvement of the two municipal sections of the main road, with the intention to apply for a grant from Provincial funds for the execution of the work, such grant to be expended by the Local Fund Board, to which body Mr. Brandt proposed to transfer the charge of the entire line of road. Estimates were accordingly prepared by the Local Fund Engineer, amounting to Rs. 40,000 and Rs. 9,500 for the Ootacamund and the Coonoor sections respectively.

Before however those estimates had been dealt with, the Government decided on giving effect to an order passed by them two years previously, which directed that the main line of road between Mettupálaiyam and Gúdalur should be replaced under the Public Works Department. The estimates in question were accordingly transferred to this department; and, after check and revision by the Superintending Engineer, the one which provides for improving the Ootacamund section is now submitted for sanction.

The line selected by the President of the Local Fund Board runs from Craigmere toll-bar to Charing Cross, and thence by Church Hill, Hadfield's road, and Lake road, to the municipal boundary on the Gúdalur side. The line selected is convenient so far as supervision by this department is concerned, as it altogether avoids the native bazaars; and it is desirable on all grounds that the roads passing through or near such places should remain under municipal control.

The estimate, as revised by the Superintending Engineer, amounts to Rs. 44,705, being in excess of that prepared by the Local Fund Engineer by Rs. 4,705. Th

causes of the excess are stated fully in the report which accompanies the estimate, the chief cause being the fact that the length of road provided for is nearly half-a-mile greater than was dealt with in the first estimate.

The estimate provides for giving to the road a minimum width of 21 feet, of which 15 feet will be well metalled. The estimate also provides for improving the gradients at different points, and for the improvement of the drainage throughout. The total of the estimate appears large, but that is due to the neglect which the road has so long experienced, and owing to which it is now necessary to reconstruct it almost entirely.

Collection of materials, &c., are now in progress, under the authority conveyed in G.O., dated 12th May 1884, No. 1203-A. W.

Ootacamund,
5th September 1884.

From the *S.E. IV Circle*

NOTE OF REMARKS.

1. This estimate provides for improving the main road within Municipal limits, boonoor; and it amounts to Rs. 9,590.

2. The length of the road to be improved is 1 mile and $1\frac{1}{2}$ furlongs. The minimum width of this piece of road is to be 16 ft., except at bends where it must be 18 feet. The metalled width of road throughout is 15 feet, and the depth of metal 4 inches. An overcoat of gravel is to be spread over the road - to an average width of 19 feet, 15 feet on metal and 2 feet on each berm. Depth of gravel is to be 1 inch.

23.9.84

on metal and 2 inches on
berms.

3. The estimate also provides
for furlong stones, the
repair of parapets and
wooden railings, and
the clearing of catch
drains.

4. Of course Rs. 9,590 are
a high amount to pay
for improving 1 mile
1 1/2 furlongs, but the
rates obtaining at Coonoor
prevent that amount
being termed excessive.

In para 2 of G.O. No. 1203 N of 12th

- 1 Estimate May 1884, revised estimates for the im-
provements to the main line of commu-
nication between Mettupalayam and
Gudalur within the Municipal limits
of Cotacamund, and Coonoor were
called for. The estimate for the
portion in the Cotacamund Municipality
has been submitted with my letter No. 396
of 22nd August 1884, and I have now the
honor to submit an estimate amounting
to Rs. 9,590 for improving the piece of
road

Colonel R.C.
Superintending Engineer to Circle

road in the Coonoc Municipality.

2. As explained in the Report,
the estimate provides for widening,
sectioning, and metalling the road;
removing projecting rocks or boulders to
secure a minimum width of 16 feet;
cleaning catch drains; and making
new ones where required; also removing
broken down parapets; repairing wood-
en railings of bridges; and providing
gullong stones.

I have the honor to be,

Sir,

Your most obedient servant.

L. Beatty, Col. R.E.,

Supg. Engineer, 4th Circle.
