PUBLIC WORKS STORE DEPARTMENT,
Madras, 14th October 1884.

No. 832 S.

From

THE GENERAL SUPERINTENDENT,

PUBLIC WORKS STORES, &c.,

To

THE Superintending Engineer
14th October
Madras

SIR,

Enclosures.

I have the honor to report that Mahomed Ali Jevajee & Co. merchants offer to supply 200 tons of round teakwood logs at Rupees 130 per ton delivered in the store yard, but as the timber is at present in Cochin, they ask that it may be inspected there and the selected logs will then be forwarded to Madras.

As the lowest rate at which I have been able to purchase first class teak logs at Madras is Rupees 143 per ton, I think the tender should be considered in view to completing the purchase of 200 tons, sanctioned by Govt. I request that permission may be recorded for sending Sub Engineer Mr. Francis, Foreman of the P. W. Workshop to Calicut to select and mark the timber for this Department.
