Resolution—

In the Resolution quoted in the preamble, it was decided by the Government of India that Forest public works executed by the agency of the Public Works Department should be treated as Public Works charges and provided for in the Public Works estimates; but that Forest public works executed by the Forest staff, without the assistance of the Public Works Department, should continue to be treated as forest charges and provided for in the estimates of the Forest Department.

2. The Local Governments and Administrations were also instructed to report the several amounts which, under the above ruling, would have to be deducted from the forest estimates and added to the Public Works estimates of 1884-85. From the replies now received it would seem that the amounts to be so deducted and added to the Public Works estimates are those noted below :—

	RS.
Assam	2,818
Ajmere	3,000
Punjab	4,500
Bombay	26,634
North-Western Provinces and Oudh	10,000
Madras	1,000

The Governor-General in Council is accordingly pleased to direct the transfer of these amounts from the Forest to the Public Works estimates.

3. As, however, this change in the mode of recording the charges will have the effect of making wholly Provincial charges which previously were half Imperial, the Governor-General in Council is pleased to sanction the grant of an addition in 1884-85 and future years to the Provincial share of the Land Revenue assigned to the several provinces of the amounts noted below:—

	Rs.
Assam	1,410
Punjab	2,250
Bombay	13,820
North-Western Provinces and Oudh	5,000

Order—

Ordered that the foregoing Resolution be communicated to the Home and Public Works Departments, to the Comptroller-General, to the several Local Governments and Administrations, and Accountants-General.
