PUBLIC WORKS DEPARTMENT.

General.
Establishment.

READ—the following letter from Colonel H. L. PRENDERGAST, R.E., Superintending Engineer, V Circle, to the Chief Engineer for Irrigation, dated Chepāk, 6th October 1884, No. 2584 :—

In June 1880, when reductions were made in the toll establishment of the Buckingham canal, consequent on the introduction of the revised rules, the establishment sanctioned for the Shadayancoppam lock was—a superintendent with an assistant, a cashier with an assistant, a head lascar and six lascars. The total cost of this establishment was Rs. 125 monthly. When the latest revised rules came into force the establishment was reduced, in G.O., No. 562 W., dated 20th February 1883, to a superintendent and four lascars on Rs. 41 monthly.

2. It is now found that this lock establishment is not equal to the work. The superintendent, in addition to his general duties, has to keep the register of traffic of boats coming into Madras, in order that the wharfage collection at Madras may be checked, and has also to see that all boats passing the lock from Madras have obtained wharf clearance tickets in Madras.

Boats from both directions arrive at the lock at uncertain times throughout the day and night, and it is not possible for one man to be perpetually on duty. An assistant to the superintendent is thus required; and as the four lascars are fully occupied in working the lock gates,—two during the day and two during the night,—an additional lascar is wanted when remittances have to be brought to the divisional office and in times of flood.

3. I have the honor to submit a statement showing an additional cost of Rs. 18-8-0 per mensem, and to request that the increase to the establishment may be sanctioned.

Statement.

In June 1880, when reductions were made in the Toll Establishment of the Buckingham Canal consequent on the introduction of the Revised Rules, the Establishment sanctioned for the Shadayan-coppam Lock was, a Superintendent with an Assistant, a Cashier with an Assistant, a Head Lascar and 6 Lascares. The total cost of this Establishment was Rs. 125 monthly. When the latest revised Rule came into force, the Establishment was reduced, in G.O. No. 562 W dated 20 February 1883, to a Superintendent and 4 Lascares on Rs. 41 monthly.

It is now found that this Lock Establishment is not equal to the work. The Superintendent, in addition to his general duties, has to keep the Register of traffic of boats coming

into Madras, in order that the
wharfage collection at Madras may
be checked; and has also to see
that all Boats passing the Lock from
Madras, have obtained Dharf
clearance tickets, in Madras.

Boats from both directions
arrive at the Lock at uncertain
times throughout the day and night;
and it is not possible for one
man to be perpetually on duty.
An Assistant to the Superintendent
is thus required; and as
the four Lascars are fully
occupied in working the Lock
gates, 2 during the day and 2 during
the night - per additional Lascar
is wanted, when Remittances have
to be brought to the Divisional Office &
in times of flood.

3. I have the honor to submit a
Statement showing an additional cost
of Rs 18-8- per mensem, and to re-
quest that the increase to the Establish-
ment may be sanctioned.
