GOVERNMENT OF MADRAS.

MARINE DEPARTMENT.

9th August 1878, No. 405.

Quarters of Master Attendant, Cocanada.

Read the following paper:—

No. 10. *From J. H. TAYLOR, Esq., Lieutenant, R.N.R., Master Attendant, Madras, to the Chief Secretary to Government, dated Madras, 30th July* 1878, *No.* 5780.

Administrative Department.

In Proceedings of Government in the Marine Department, No. 119, of 27th May 1872, Government were pleased to sanction the sum of Rupees (8,000) eight thousand for building a house for the Master Attendant of Cocanada, and correspondence has been carried on at intervals till at length, in October 1872, a plan and estimate of Rupees (8,100) eight thousand and one hundred for a house was prepared by the District Engineer. The Master Attendant, Captain Gillham, however, brought to notice that the house would not afford sufficient accommodation for his large family, and a revised plan and estimate for Rupees (19,020) nineteen thousand and twenty was submitted, which was forwarded to Government with my letter, No. 4385, dated 20th June 1877, for orders.

2. I have now received an offer of the house known as the Marine Villa, which the proprietrix is prepared to part with for Rupees (8,800) eight thousand and eight hundred, clear of all charges.

3. The sum provided in the Marine Budget for 1878-79 for this officer's house is Rupees (8,830) eight thousand eight hundred and thirty (*vide* paragraph 10 of the G.O., Financial, No. 2685, of 13th November last); but I would strongly recommend the purchase of the house now offered in preference to building new quarters, as I feel confident that similar accommodation cannot be furnished in a new building for the amount asked. The premises have been lately put in thorough repair, and were occupied by myself and Colonel Beatty, and though the house is not built strictly in accordance with Public Works principles, yet there is nothing faulty in the details of arrangement.

4. I enclose a ground-plan of the house, also one of the site, which is in every way suitable as a residence for the Master Attendant, commanding as it does a view of the shipping and river, and I solicit sanction to accept the offer of the present owner.

5. Before closing, however, it would perhaps be more satisfactory to ask the District Engineer to submit a formal report on the house, &c., and value thereof.

No. 11. ORDER THEREON, 9th August 1878, No. 405.

The District Engineer, Godavari, will be instructed to furnish, through the Collector of the District, a valuation report of the house known as the Marine Villa at Cocanada.

2. If the report is favorable, the Collector will negotiate the purchase, and report the result direct to Government in the Marine Department.

2619/6

GOVERNMENT OF MADRAS.

MARINE DEPARTMENT.

READ—the following papers :—

From J. H. TAYLOR, Esq., Lieut., R.N.R., Master Attendant, Madras, to the Chief Secretary to Government, dated Madras, 30th May 1883, No. 4819.

Administrative Department.

I have the honor to submit to Government the accompanying Proceedings of the Board of Revenue, Mis. No. 3844, dated 10th May 1883, forwarding to Government, through this Department, for sanction, an estimate from the Collector of Godávari, for repairs to the house occupied by the Port Officer, Cocanada, amounting to Rs. (2,065) two thousand and sixty-five.

2. The house was purchased for Rs. (8,800) eight thousand and eight hundred, and given over to the Port Officer, Cocanada, in July 1879, but through some oversight in the Collector's Office no rent was collected till the latter part of last year, when it was detected by this department, and the Collector's attention drawn to the omission.

3. In March 1882, the Port Officer submitted an account of repairs done to the house from time to time, amounting to Rs. (787-13-0) seven hundred and eighty-seven and Annas thirteen, and the amount of the present estimate is Rs. (2,065) two thousand and sixty-five, making in all Rs. (2,852-13-0) two thousand eight hundred and fifty-two and Annas thirteen.

4. Now it is three years and ten months up to 15th May 1883 since the house has been purchased, and at Rs. (40) forty per month the rent for the whole period is Rs. (1,840) one thousand eight hundred and forty, or Rs. (1,012-13-0) one thousand and twelve and Annas thirteen less than the cost of repairs.

5. It was never contemplated that the house should be a burden on Port Funds, and though urgent for its purchase, the Master Attendant has constant complaints to make now. I would therefore recommend that the house be advertised for sale an offer sufficient to cover the outlay to be accepted, in which case the Master Attendant would make his own arrangement as before.

ENCLOSURE.

Proceedings of the Board of Revenue, dated 10th May 1883, Mis. No. 3844.

Read—the following letter from W. A. HAPPELL, Esq., Acting Collector of the Godávari District, to the Acting Secretary to the Board of Revenue, dated 18th April 1883, No. 171.

The Marine Villa bought by Government for the residence of the Port Officer at Cocanada is out of repairs.

2. The Superintending Engineer estimates the cost of repairs at Rs. 2,065.

3. I have the honor to request that the Board of Revenue will be so good as to sanction the execution of the repairs which are very urgently needed.

4. The estimate framed by the Department of Public Works and countersigned by me is herewith forwarded.

6

Resolution—dated 10th May 1883, Mis. No. 3844.

Submitted to Government through the Master Attendant.

2. The Collector should have addressed the Master Attendant on the subject.

(A true Copy and Extract.)

(Signed) E. GIBSON,
Acting Secretary.

To the Chief Secretary to Government, Marine Department, through the Master Attendant, with estimate.
" Collector of Godávari.

From W. A. HAPPELL, Esq., Acting Collector of the Godávari District, to the Acting Chief Secretary to Government, dated Cocanada, 16th July 1883, No. 16.

I have the honor to reply to Government Official Memorandum, dated 6th ultimo, No. 1086.

2. I have had the Marine Villa occupied by the Master Attendant, Cocanada, valued by three respectable house-owners in Cocanada. They say it is worth Rs. 3,000 in its present state. Captain Taylor's proposal to sell it for Rs. 8,800 is therefore not feasible. The house should either be put up to auction and sold for what it will fetch or repaired. If thoroughly repaired now, it will not need much done to it for some years, and the rent charged (Rs. 40 a-month) will give a large return on its real value, though a small one on the price (Rs. 8,800) paid for it.

3. The earthwork and gravelling in the compound are necessary to make the house habitable, but the railing may be omitted. The following paragraph of a letter from Mr. Gilham to Captain Taylor accurately describes the state of the compound:—

"The compound being so very low, at high tides, the building gets surrounded with sea water, completely isolating it from the high road leading between the town and the point, which prevents at times ingress or egress between the premises and the high road without wading through sea water, notwithstanding that I, some time ago, incurred some expenditure in trying to partly remedy this complaint yet within the last few days during fine weather the sea water was about two inches up the front steps of the building, the compound all round the house being flooded; this of course precludes all possibility of having a garden on the premises besides making the building damp and unhealthy when surrounded with water. The compound and the road leading to the building should be raised."

4. Mr. Gilham paid no rent for some time under what seems to me a very natural mistake that he was to have the house-rent free. The rent (Rs. 40 a-month) demanded by Captain Taylor was that fixed by Government (*vide* G.O., dated 25th July 1872, No. 177, Marine Department) for a new house proposed to be built for the then Master Attendant, but nothing was said (*vide* G.O., dated 9th August 1878, No. 405, and 24th December 1878, No. 659, Marine) about charging rent for the old house finally purchased. I would therefore recommend that the arrears of house-rent, Rs. 1,420, may be remitted. The rent has been regularly recovered since January 1883.

Order—dated 30th July 1883, No. 397, Marine.

Orders will be issued in the Public Works Department calling for a professional valuation of the Marine Villa.

GOVERNMENT OF MADRAS.

MARINE DEPARTMENT.

Read—the following paper :—

From G. T. WALCH, Esq., Officiating Superintending Engineer, first circle, to the Chief Engineer, Public Works department, dated Dowlaishweram, 22nd November 1883, No. 2568-G.D.

With reference to G.O., No. 2275 W., 14th August 1883, I have the honor to state that I have inspected "Marine Villa," Cocanada.

2. The valuation report of this department forwarded with No. 2305, 16th October 1878, by the then Acting District Engineer was correct in every particular, but in the last five years the buildings themselves having had scarcely anything done to them and being old have certainly depreciated in value, the late * heavy rains especially having done considerable damage.

3. Five years ago it was estimated † that Rs. 2,500 would be required to put the building into good order, now it would probably require Rs. 3,500 (the Executive Engineer's estimate referred to in the Collector's letter, ‡ No. 3844, 10th May 1883, I find to be quite insufficient), and as the Marine department, though "urgent" § for their purchase, now find the premises unsuitable in all kinds of ways, it will be doubtless advisable to sell them by public auction.

4. I can hardly imagine that the premises considered by the Revenue and Marine and Public Works departments to be worth Rs. 8,800 five years ago will now fetch only Rs. 3,000; but I am sure that, as the Marine department are *now* dissatisfied with them in all ways, it will just be best to get rid of them for what they will fetch.

* 17" in three days at Cocanada.

† See reference in paragraph 2.

‡ Printed with P.M.G., No. 397, Marine, 30th July 1883.

§ See paragraph 5 of letter, No. 4819, 30th May 1883, of Master Attendant, Madras, printed with P.M.G. noted above, and his letter, No. 5780, 30th July 1878, with P.M.G., No. 405, 9th August 1878.

GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

Buildings and Roads.
Civil Works.

READ—the following letter from Captain J. H. TAYLOR, R.N.R., Master Attendant, Administrative Department, to the Secretary to Government, Public Works Department, dated Madras, 12th May 1884, No. 4566:—

In continuation of my letter, No. 4546, dated 10th instant, I have the honor to inform you that Mr. Baker, the new Port officer, Cocanada, reports that he is unable to occupy the Marine Villa, as it is unsuitable for residence in its present condition, and that he is obliged to live in a small hotel, attended with great inconvenience. He says that the Superintending Engineer sent in an estimate on 27th February 1883, amounting to Rs. 2,065, for the repairs of the house, and as it is imperative that they should be attended to before the rains set in, I would respectfully suggest that the amount be placed at the disposal of the Port officer for the purpose of carrying out the work. If approved, I beg that orders be wired direct to the Collector to advance funds and instruct the Port officer to put the repairs in hand at once.

ORDER—dated 14th May 1884, No. $\frac{1235\ \text{W.}}{\text{A}}$ Public Works.

The Superintending Engineer, I Circle, has already been instructed, in G.O., No. 1024 W., dated 22nd April 1884,* to submit an estimate for putting "Marine Villa" at Cocanada into thorough order.

2. The estimate of Rs. 2,065, referred to by the Master Attendant in his letter above recorded, was shown to be quite insufficient in the papers printed with Proceedings, No. 617 Marine, dated 18th December 1883.†

3. The following telegram will now be despatched to the Superintending Engineer, I Circle:—

"Repairs to Marine Villa, Cocanada, to be put in hand at once. Estimate to be expedited. Order follows."

4. The question of an allotment of funds will be considered on receipt of the estimate.

(True Extract.)

Major, R.E.,
Under Secy. to Govt., P.W.D.

Deducting from the

O. 21.10.84 2.27.10.84

26

of Rs. 2,01,510 provided for in the budget Estimate on account of temporary Establishments, the grant for permanent Establishment, including that for Travelling Allowances and Contingencies will stant at Rs. 20,10,805.

2. The charges on account of Establishment audited under all heads except temporary Establishment to end of September 1884 i.e. for the first six months of the year amount to Rs. 9,53,240. Basing my calculations on the average outlay and making provision for unforeseen contingencies, the total estimated outlay for the entire year under Establishment (excluding temporary) will be about Rs. 19,30,000, or Rs. 80,000 less than the budget grant.

3. I beg also to bring to notice that I estimate that the grant of Rs. 50,000 on account of temporary Upper Subordinate Establishment will be exceeded by Rs. 7,094, and of temporary Petty Establishment by Rs. 15,236. A reappropriation of funds to meet this excess as also to provide for any additional temporary Establishment which may be contemplated will have to be made.

2619/28

With advertence to the papers printed with the Pro: of Govt. in the Marine Dept. under date 16-12-83, No. 617, undersigned has the honour to state that the building at Cocanada known as "Marine Villa" was inspected on the 23d ultimo by him, in company with the Master Attendant of Madras, the Port Officer of Cocanada, and the Exec: Engineer of the division. The Hon: D. E. Sullivan was also present.

Mr. Gilham represented the difficulty he would have in obtaining suitable quarters in a locality convenient to his work, in the event of "Marine Villa" being sold; and that difficulty doubtless exists.

The building is in need of considerable repair; little or nothing having been done towards its maintenance

2619
79

29

since its purchase 5½ years ago; and to place it in a proper state would probably require at least the sum, ℛ 3,500, named by the Sup^t. Engineer in November 1883.

In view however of the difficulty of obtaining elsewhere quarters suitable for the Port Officer, and of the small sum expected to be realised by the sale of the building, it appeared to undersigned that it would be well to reconsider the authority for the sale, given in the Pro: quoted above.

It would appear desirable to call on C. to report, after audit of September's salary bills, what savings are likely to accrue under Establishment grant. Such savings, after providing for any anticipated excess under temporary Establishments, would be available for Works. Last year I think a considerable saving on Establishment was thus transferred to Works towards the end of the year, & a large reduction of percentage charge thus effected.
