GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

General.
Account.

READ—the following Proceedings of the Government of India, Public Works Department (Account—General), dated Simla, 6th October 1884, No. 236 A.G.

Proposed modification of the procedure for the allotment and reappropriation of funds for Postal and Telegraph Works.

Read again—

Public Works Department Code, Chapter XV, paragraph 20.

Read also—

Letter from Director-General of Telegraphs in India, No. 214 A.T., dated 23rd July 1884.

OBSERVATIONS.—Under existing arrangements for the provision of funds for Postal and Telegraph works, the annual grants are, with the exception of those for minor works, held at the disposal of the Heads of Departments concerned, and they are empowered to apply to the Government of India direct in cases where it is necessary to transfer grants for major works from one Province to another.

In the case of minor works it is left to the discretion of Local Governments and Administrations to place a portion of this grant at the disposal of Heads of the Postal and Telegraph Departments for expenditure on such minor and petty works as they are empowered to sanction, but the Heads of Departments named are restricted from proposing transfers from the minor works grant without first consulting Local Governments and Administrations, and it has been brought to notice that this procedure is apt to cause much delay and to result in grants not being utilized to the advantage of the services concerned.

Resolution—

The Government of India is of opinion that the wants of the Postal and Telegraph Departments will be better served if the grants for minor works, excepting such portion as may be required to complete minor works in progress, were held to be at the disposal of the Heads of those Departments who should also be empowered to apply to the Government of India direct for permission to reappropriate from the grant of one Province to another. It would also be convenient if the Directors-General of the Departments concerned were consulted before new minor works are put in hand.

2. Before formally introducing the change here contemplated the Government of India would be glad to know whether there is any serious objection to the rules being modified as proposed.

Order—

Ordered that the foregoing be communicated to Local Governments and Administrations noted in the margin, for report.

The Governments of Madras, Bombay, Bengal, the North-Western Provinces and Oudh, and the Punjab, in the Public Works Department.
The Chief Commissioners, Central Provinces, Assam, and Coorg.
The Resident at Hyderabad.
The Agents to the Governor-General for Central India, Rajputana, and Biluchistan.

Ordered also that a copy be forwarded to the Director-General of the Post Office of India and the Director-General of Telegraphs, for information.

(By Order, &c.,)

To

THE SECRETARY TO THE GOVERNMENT OF INDIA,
PUBLIC WORKS DEPARTMENT.

SIR,

Adverting to Government of India Resolution No. 236 A.G., dated 6th October 1884, relative to a proposed modification of the procedure for the allotment and reappropriation of funds for postal and telegraph works, I am directed to state that, in the Madras Presidency, the system of placing the grants for minor postal and telegraph works at the disposal of the Directors-General has already been introduced, and to forward, for information, copies of the Proceedings * of this Government on the subject.

* No. 2007 W., dated 20th July 1883.
„ 2490 W., „ 5th Sept. „

2. I am directed to add that this Government have no objection to the proposal to empower the heads of the postal and telegraph departments to apply direct to the Government of India for permission to reappropriate from the grant of one Province to another.

I have the honor to be,
Sir,
Your most obedient servant,

Major, R.E.,

GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

Buildings and Roads.
Civil Works.

Read—the following papers :—

From C. VINCENT, Esq., Officiating Consulting Architect to Government, to the Chief Engineer, Public Works Department, dated Chepauk, 22nd June 1883, No. 327.

2 Tracings.
1 Letter.

With reference to the concluding sentence of your memorandum, No. 982 C., of the 18th May, I have the honor to report on the subject of the piece of ground between Messrs. Parry and Company's Offices and the Grant School suggested for the stabling required in connection with the new Post Office.

2. The first of the accompanying plans shows the general position of the block of ground in question, and the second is a regular site plan showing how the ground is now occupied.

3. There will, I believe, be no difficulty regarding the giving up of the piece of ground marked in the plan as in the occupation of the "Executive Engineer Department." The accompanying copy of a letter will show you how the case stands as regards the piece of ground marked as in the occupation of the Commissariat Department, but for which the Quartermaster-General appears to be responsible. That officer regrets his inability to give up the piece of ground, but from General Stewart's letter it seems that if similar accommodation is provided elsewhere no objection would be raised, and I am personally informed that an addition to the existing mule stables on the beach would probably be accepted. I have addressed the Quartermaster-General again on this point, but it may, I think, be taken for granted that this would satisfy the military authorities concerned.

4. The whole block would be of just the right size for the required stabling, and after further inquiry and search I have failed to discover any other piece of ground in the neighbourhood available for the purpose, and I therefore recommend that the sanction of Government to the transfer of this block may be obtained.

5. Soliciting the favor of early orders, I have, &c.

Enclosure.

From Brigadier-General R. C. STEWART, c.b., Commanding Eastern District, to the Quartermaster-General, dated Fort St. George, 18th June 1883, No. 195 G.

With reference to your endorsement, No. 4331, of 10th June 1883, forwarding for report letter from the Consulting Architect to Government, and requesting to know if the piece of ground lying between Grant School and Messrs. Parry and Company's Offices could be made available for stabling for the new Post Office, &c., on the beach, I have the honor to state that the piece of ground in question cannot be given up unless the district is provided with other stabling on an equally convenient site.

6

2. The stabling referred to is much needed by this department for the conservancy and also for the sick and platform carts and bullocks required for the troops embarking and disembarking at this port.

No. 4409.

True copy forwarded for information with reference to his letter, No. 298, dated 14th instant, and with an expression of regret of the Quartermaster-General that, under the circumstances, the site in question cannot be made available for stabling for the new Post Office.

(By Order.)

(Signed) D. J. S. McLEOD, Major,
Offg. Dy. Quartermaster-General.

No. 1198 C., Public Works.

Referred to the Military Department, with request that the site in question may be made over to the Public Works Department, on the understanding that similar accommodation for the Commissariat cattle will be provided as an addition to the mule stables on the beach.

(By Order.)

(Signed) C. BOWEN, Major, R.E.,
Under Secy. to Govt., P.W.D.

25th June 1883.

No. 3607, Military.

Referred to His Excellency the Commander-in-Chief.

(Signed) E. L. HANKIN, Colonel,
Secretary to Government.

OOTACAMUND,
28th June 1883.

From Lieutenant-Colonel R. C. STEWART, Quartermaster-General, to the Secretary to Government, Military Department, dated Fort St. George, 9th July 1883, No. 4913.

In returning the papers received under Reference Order, No. 3607, dated 28th June 1883, I am desired to state that the piece of ground in question can be dispensed with by this department if equally good and convenient stabling and shelter for Ambulance Transport carts is provided elsewhere.

2. The site indicated in the letter of the Government Architect adjoining the mule stables on the beach would answer the purpose well, but as heavy carts will have to be moved to and fro from it to the road, it is necessary that a hard metalled approach should connect it with the road and a level crossing be provided over the lines of the Beach Railway.

3. It would also be requisite that the pipes by which the present stables are supplied with water from the Seven Wells should be extended across the road to the new site.

No. 3882, Military.

Transferred to the Public Works Department and the referred papers returned.

There is no objection in the Military Department to the transfer of the site referred to on the conditions specified by the Quartermaster-General.

(By Order.)

(Signed) E. L. HANKIN, Colonel,
Secretary to Government.

From C. VINCENT, Esq., Officiating Consulting Architect to Government, to the Chief Engineer, Public Works Department, dated Chepauk, 11th July 1883, No. 393.

In continuation of my letter, No. 327, of 22nd June 1883, regarding the site for the Post Office stables on the beach, I have the honor to forward, herewith, true copy of a letter received from the Quartermaster-General's Department, from which it will be seen that no objection is made to giving up the piece of ground referred to, so long as equally good accommodation is provided in connection with the existing mule stables. The Executive Engineer, Presidency, having also no objection to giving up his portion of the ground, I beg to be allowed to recommend that the site may be sanctioned for the Post Office stabling in view of the preparation of the necessary plans.

ORDER—dated 30th July 1883, No. 2064 W., Public Works.

The Consulting Architect to Government will submit the requisite plans and estimates for stabling required in connection with the new Post Office on the site indicated, and for stabling and shelter for Military Ambulance Transport on the plot of ground adjoining the mule stables on the beach.

2. The points noted in paragraphs 2 and 3 of the Quartermaster-General's letter should receive attention.

READ—the following letter from G. J. HYNES, Esq., Assistant Director-General of the Post Office of India, to the Secretary to the Government of Madras, Public Works Department, dated Simla, 24th August 1883, No. 5829 :—

In reference to your No. 2007 W. of 20th July 1883, I have the honor to state that the method of controlling the allotment for Minor Postal Works now adopted in Bengal, and which you propose extending to Madras, is fully approved of by this office, and the Director-General will be glad to see it adopted with regard to the grant for Minor Works under Postal for 1884-85 and future years.

ORDER—dated 5th September 1883, No. 2490 W., Public Works.

The procedure referred to in G.O., No. 2007 W., dated 20th July 1883, will be adopted with regard to the grant for Minor Works under Postal for 1884-85 and future years.

2. The attention of the Director-General of the Post Office of India is invited to paragraph 3 of the order above quoted.

READ—the following papers :—

From Major J. L. L. MORANT, R.E., Officiating Consulting Architect to Government, to the Chief Engineer, Public Works Department, dated Chepâk, 8th April 1884, No. 37.

I have the honor to state that on the receipt of G.O., No. 481 W., dated 21st February 1884, sanctioning the purchase of additional land on which to erect stables for the officials of the postal and telegraph departments, I requested the Deputy Collector to take the necessary steps for acquiring the same, that officer having previously stated that it could be acquired for Rs. 3,000. I herewith forward his reply, from which it will be seen that the acquisition of the land will involve an expenditure of Rs. 3,610, instead of Rs. 3,000 as he originally estimated.

2. I, on receipt of the Deputy Collector's letter, addressed the Collector, and enclose his reply, in which he states that the land is worth more than Rs. 3,000.

3. The acquisition of the land (on which to construct stables for the post and telegraph offices or any other Government building) is a matter of urgent necessity, as hardly any land is available in that part of Madras for Government purposes, and the post and telegraph officers will have to be provided with stables built on this or on some other site.

4. I have therefore the honor to solicit early orders may be given me on the subject.

ENCLOSURES.

From M.R.Ry. P. RAGOONATHA ROW, Dewan Bahadûr, Deputy Collector of Madras, to the Officiating Consulting Architect to Government, dated 16th January 1884, No. 54.

In reply to your letter of the 1st ultimo, No. 1148, I have the honor to inform you that the properties therein named will cost not more than a sum between Rs. 2,800 and 3,000.

From M.R.Ry. P. RAGOONATHA ROW, Dewan Bahadûr, Deputy Collector of Madras, to the Officiating Consulting Architect to Government, dated 8th March 1884, No. 268.

With reference to your letter, dated 29th February 1884, No. 1593, and its enclosures, I have the honor to inform you that owing to unforeseen contingencies, such as the existence of minors, the properties required by you in Moor Street, Moothial Pettah, in connection with the new Government telegraph office cannot be acquired except under the provisions of the Land Acquisition Act X of 1870. This change in the procedure, together with some error of calculation in the first estimate, will involve an additional expenditure of Rs. 610 by way of compensation, &c., for the forcible nature of the acquisition, over and above the Rs. 3,000 already sanctioned; and will take some time before the properties could be handed over to you. A notification, in duplicate, is therefore forwarded, which may be published in the Government gazette with the sanction of Government.

2. If, however, you forward to me the Rs. 3,000 now available immediately, and arrange to forward the balance, Rs. 610, as soon as practicable, I shall try to put you in possession of all the three properties in a short time from the date of the publication of the notice.

3. The two tracings forwarded with your letter under reply are herewith returned.

READ—the following papers :—

From Major J. L. L. MORANT, R.E., Officiating Consulting Architect to Government, to the Chief Engineer, Public Works Department, dated Chepâk, 27th June 1884, No. 503.

Under paragraph 1807 of the Public Works Code I have the honor to forward, for approval and sanction, two supplemental estimates, one relating to the telegraph office, amounting to Rs. 1,757, and the other to the post office, amounting to Rs. 3,854.

2. The telegraph office estimate embraces double rattan blinds with cloth, wooden railings over some of the counters, cast-iron rails in front of a counter, and double and single barrelled pumps.

3. The post office estimate includes a spiral staircase, iron doors at west end of large hall, iron barred partition in stationery store-room, punkahs, rails over counter, double rattan blinds, canvas blinds on rollers, and one single-barrelled pump.

4. These works have been carried out at the request of the postal and telegraph authorities, and were quite necessary to enable the officials of those departments to occupy the building with any degree of security and convenience. None of these works were provided in the sanctioned estimate, and their necesssity could not well have been foreseen.

From the same Officer, dated Chepâk, 3rd July 1884, No. 543.

With reference to your memorandum, No. 1182 C., dated 30th June 1884, I have the honor to request that a sum of Rs. 8,000 may be granted on account of telegraph office work. The estimate for the work has slightly been exceeded and a full explanation of this excess will be given in the completion report. Some of the above money will be needed for the stables, &c., to be built on the site near the offices.

ORDER—dated 17th July 1884, No. 1757 W., Public Works.

The undermentioned estimates are sanctioned, as supplemental to the general estimate referred to in G.O., No. 23 W., dated 6th January 1883 :—

		Rs.
17/1	Additional fittings and fixtures to the new telegraph office at Madras.	1,757
17/2	Do. do. to the new post office at do.	3,854
	Total ...	5,611

The total amount of the estimate for the building will now stand at Rs. 6,18,414, as shown in the margin.

	Post Office. Rs.	Telegraph Office. Rs.	Total. Rs.
Sanction referred to in G.O., No. 23 W., dated 6th January 1883	3,13,788	2,91,748	6,05,536
Additional amount sanctioned in G.O., No. 3912 W., dated 12th November 1883 ..	2,932	..	2,932
Do. do. in G.O., No. 2140 W., dated 4th August 1883.	..	4,335	4,335
Amount of present sanction ..	3,854	1,757	5,611
Total ..	3,20,574	2,97,840	6,18,414

2. The amount required for expenditure on the additional work to the post office will be met from the provision of Rs. 38,200 made in the Imperial Other Services budget for the work, and the cost of the additional work to the telegraph office will be met from the grant of Rs. 8,000 applied for by the Consulting Architect, if sanctioned by the Government of India.

3. These sanctions have been registered as Imperial Other Services No. $\frac{17}{1 \& 2}$ W. of 1884-85, and classified as Civil Buildings, Original Works.

4. A copy of these proceedings will be forwarded to the Government of India, with reference to their letter, No. 503 B., dated 23rd December 1882, and with request that the allotment of Rs. 8,000 required on account of the telegraph office at Madras may be assigned at an early date.

Account.

READ—the following letter from A. J. L. CAPPEL, Esq., Director-General of Telegraphs in India, to the Secretary to the Government of Madras, Public Works Department, dated Simla, 29th June 1883, No. 797 :—

With reference to the allotments for Minor Works, Telegraph, in the grants annually made by the Government of India in its distributions of the Imperial Public Works Grant for Other Services, I have the honor to submit, for the consideration of the Government of Madras, that the Bengal Government places the whole allotment at my disposal and furnishes me with forms (of which I enclose a copy) for intimating to Superintending or Executive Engineers and the Examiners of Public Works Accounts the manner in which I deal with the balances.

2. This plan not only saves needless correspondence but enables me to economise the grants, and I have therefore the honor to enquire if it may be introduced with regard to "Minor Works, Telegraph," in the Madras Presidency.

ORDER—dated 20th July 1883, No. 2007 W., Public Works.

The Government have no objection to the introduction of the system proposed by the Director-General of Telegraphs in India, and accordingly place the Minor Works Grant for 1883-84 under Telegraphs, amounting to Rs. 6,250, at the disposal of that officer.

2. The same course will be followed in future years with respect to the balance of grant remaining after providing for incomplete works of previous years.

3. To admit of the books of the Public Works Secretariat being properly posted, the Director-General of Telegraphs will be requested to intimate to this Department as well as to Superintending Engineers and the Examiner, Public Works Accounts, all appropriations made by him for Minor Works in the Madras Presidency.

4. The Director-General of the Post Office of India is requested to state whether he would desire the adoption of a similar course with regard to the grant for Minor Works under Postal.

Simla, October 6, 1884.

Proposed modification of the procedure for the allotment and reappropriation of funds for Postal and Telegraph Works.

Read again—

Public Works Department Code, Chapter XV, paragraph 20.

Read also—

Letter from Director General of Telegraphs in India, No. 2141.T., dated 23rd July 1884.

OBSERVATIONS.—Under existing arrangements for the provision of funds for Postal and Telegraph Works, the annual grants are, with the exception of those for minor works, held at the disposal of the Heads of Departments concerned, and they are empowered to apply to the Government of India direct in cases where it is necessary to transfer grants for major works from one Province to another.

In the case of minor works it is left to the discretion of Local Governments and Administrations to place a portion of this grant at the disposal of Heads of the Postal and Telegraph Departments for expenditure on such minor and petty works as they are empowered to sanction, but the Heads of Departments named are restricted from proposing transfers from the minor works grant without first consulting Local Governments and Administrations, and it has been brought to notice that this procedure is apt to cause much delay and to result in grants not being utilized to the advantage of the services concerned.

RESOLUTION.—The Government of India is of opinion that the wants of the Postal and Telegraph Departments will be better served if the grants for minor works, excepting such portion as may be required to complete minor works in progress, were held to be at the disposal of the Heads of those Departments who should also be empowered to apply to the Government of India direct for permission to reappropriate from the grant of one Province to another. It would also be convenient if the Directors General of the Departments concerned were consulted before new minor works are put in hand.

2. Before formally introducing the change here contemplated the Government of India would be glad to know whether there is any serious objection to the rules being modified as proposed.

ORDER.—Ordered that the foregoing be communicated to Local Governments and Administrations noted in the margin, for report.

The Governments of Madras, Bombay, Bengal, the North-Western Provinces and Oudh, and the Punjab, in the Public Works Department.
The Chief Commissioners, Central Provinces, Assam, and Coorg.
The Resident at Hyderabad.

Govt of India — H.E. No. 236 A.G. of 6th Octr. 1884

2620
2621 Ordered that the

Govt of India be addressed.

H.E. No. was.

To
The Secretary to the Govt of
India
P. W.D.

Sir,

Adverting to Govt
of India Resolution No.
236 A.G. of 6th Octr 1884,
relative to a proposed
modification of the
procedure for the allot-
-ment and reappropriation
of funds for Postal &
and

2622/17

and Telegraph works,
I am directed to state
that, in the Madras
Presidency, the system
of placing the grants
for minor Postal and
Telegraph works at the
disposal of the Directors
General has already been
introduced, and to
forward for information
Copies of the Proceedings
of this Govt on the subject*

2. I am directed to add
that this Govt have no
objection to the proposal
to empower the Heads of the
Postal & Telegraph Depts
to apply direct to the
Govt of India for per-
mission to reappropriate
from the Grant of one
province to another.

Encl.

G.O., 27 Feb 1884, No. 2020 to
2021

Postal & Telegraph

Ordered that the grants be
be accepted in the original
of the proposed modifica-
tion of the procedure for
the allotment & expen-
diture of funds for —

30/3/30/V

Postal & Telegraph Works.

Intimating that the system of
placing the grants for minor
works at the disposal of the Director
Genl has already been intro-
duced & that there is no ob-
jection to the proposal to em-
power the Postal & Telegraph
Engineer to sanction

on principle to reappropriate
from the grants for Provin-
cial Lines.
