To

THE SECRETARY TO THE GOVERNMENT OF INDIA,

MILITARY DEPARTMENT.

SIR,

I am directed to forward a statement of military works for which funds are urgently required during the current official year, and to request that the Government of India may be moved to allot, if possible, either the whole or a part of the demand, which amounts to Rs. 1,13,487.

2. The major works mentioned in the statement are all projects which His Excellency the Commander-in-Chief is anxious to have pushed on to early completion; and the demand under minor works is on account of urgent works commenced in anticipation of allotments, and others held in abeyance for want of funds, but the completion of which is strongly urged by the Military authorities.

I have the honor to be,
Sir,
Your most obedient servant,

READ—the following letter from Brigadier-General R. C. STEWART, Quartermaster-General, to the Secretary to Government, Military Department, dated Ootacamund, 16th June 1884, No. 414-A. :—

I have the honor, by order, to forward, for sanction and transfer to the Public Works Department for disposal, the estimates below-mentioned, which have been approved by the Commander-in-Chief. The estimates have been countersigned :—

(1.) Estimate, amounting to Rs. 1062, for new punkahs to the European infantry barracks, Bellary.

(2.) Estimate, amounting to Rs. 486, in connection with above for repairing and putting up old punkahs in the station hospital and sergeant's quarters at Bellary.

2. It is reported that the hot weather had already set in, and therefore the work was put in hand at once and completed in anticipation of sanction.

No. 2889, Military.

Approved and transferred to the Public Works Department for disposal.

(By Order.)

OOTACAMUND, 17th June 1884. (Signed) A. R. KENNEY-HERBERT, Lieut.-Col., Offg. Secretary to Government.

ORDER—dated 2nd July 1884, No. 1653 W., Public Works.

The estimate, amounting to Rs. 1,062, for supplying new punkahs to the European infantry barracks at Bellary, is sanctioned.

2. The Superintending Engineer will apply to the Officer Commanding Ceded Districts for the requisite allotment of funds.

3. The estimate for repairing and putting up old punkahs in the station hospital and sergeant's quarters at Bellary will be forwarded to the Superintending Engineer, III Circle, for disposal.

3. The estimates sanctioned in these proceedings should have been countersigned and submitted by the Superintending Engineer, III Circle, as laid down in paragraph 1168 B of the Public Works Code, which prescribes the channel through which estimates for military buildings should be submitted.

5. The sanction accorded in paragraph 1 has been registered as Imperial Ordinary No. 15 W. of 1884-85, and classified as Military Original Works.

1 Statement

I have the honor to submit a statement of sanctions accorded by the Military Authorities and the Executive Engineer under "Minor New Works. Military."

2. It will be seen that only a balance of Rs 147 is left out of Rs 1,500 placed at the disposal of the General Commanding the Division; while no funds are forthcoming to cover the estimates aggregating Rs 810/- sanctioned by the Executive Engineer.

List of Minor new Works under Military sanctions upto 31st July 1884.

H/5589/1873 M

The Executive Engineer states that for want of funds, he is precluded from carrying out some of these works which are considered emergent by the Military Authorities and that the remaining works have been already carried out as the Military Authorities were in urgent need of them. The Executive Engineer expected that funds would as usual be forthcoming as in former years a specific allotment was placed at his disposal for such Minor New Works.

3. I therefore request that an allotment of Rs 1,000 be sanctioned under "Minor New Works Military" to admit of an appropriation being made for the above works.

W.O. 32/20/32/27

The accompanying statement showing the additional allotments required during the current year for military works has been prepared from the demand statements received up to the 29th August last from the G.O.C. III°, IV th & V th Circles

The demand for the Malta Garrison barracks has been taken from the inspection notes of the Superintending Civil Engineer for July 1914.

The amounts allotted for by the G.O.C. V th Circle to meet the requirements of the Municipal Taxes due on the military buildings situated within the towns of Cawnpore will be an addition to this statement

As the demands are very large it is not impossible that they

Can be met by re-appropriation from other items. It is therefore proposed that an additional allotment for an additional allotment - if made to the Govt of India to the extent of their present demands as well as a lump sum provision, if possible, to meet any future demands

To Dir. for orders.

If it be decided to make application to the G. of I. for an additional grant under Military, it would be well perhaps to point out that all S. Es who have further funds are urgently required, and that funds can be surrendered from works in progress - whether complete Allotment of actual requirements may be sent

The accompanying is a statement of Military works for which funds are urgently required.

From orders whether the entire demand may be sent to Govt of India.

It is hardly likely that India will give an additional allotment over a lakh of Rupees, but by making a large demand, a portion at least may be obtained.

S.A.G.

I have considerable reluctance in recommending that the large an addl grant be afforded for but in going through the several demands of S.Co. I do not see exactly where reductions can be effected.

The Rs. 15,910 for municipal taxes in Residency having already been granted may of course be omitted, & perhaps the demand under "repairs" at Residency might be cut down, tho' S.E. thinks it covers no superfluity. Repairs of course if really wanted must be done.

As things considered, I think the full amount, less 15,910, may be allowed for.

To Supdg Engrs III to VI Circles

of Military Works for which funds are urgently required during the current official year, and to request that the Govt of India may be moved to allot, if possible, either the whole or a part of the demands which amounts to Rs 1,13,48?,

2. The major works mentioned in the statement are all projects which His Excellency the Commander-in-Chief is anxious to have pushed on to early completion, and the demand under minor works is on account of urgent

- works commenced in anticipation of allotments, and others held in abeyance for want of funds, but the completion of which is strongly urged by the Military Authorities
