30TH JANUARY 1884, No. 263 W., PUBLIC WORKS.

GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

Buildings and Roads.
Civil Works.

READ—the following letter from Colonel J. BEATTY, R.E., Superintending Engineer, IV Circle, to the Chief Engineer, Public Works Department, dated Pookote, 22nd January 1884 :—

I have the honor to forward, herewith, for approval and an allotment of funds, the estimate of the Executive Engineer, Nilgiris, amounting to Rs. 10,400, for the improvements required at the Elk-hill cutting near Ootacamund.

2. An allotment of Rs. 2,000 will be sufficient in this official year, as the bills for convict labor do not come for payment until two or three months after they are due; so that all that can be settled this year is the materials for tramway, and, possibly, compensation for land.

3. I may mention that the Executive Engineer expects to get all the iron work for tramway from the Devala gold mines.

ORDER—dated 30th January 1884, No. 263 W., Public Works.

The estimate, amounting to Rs. 10,400, for the security of the road through the Elk-hill cutting at Ootacamund, is sanctioned.

2. A sum of Rs. 2,000 is appropriated from the Provincial reserve for expenditure on the work during the current official year.

3. This sanction has been registered as Provincial No. 208 W. of 1883-84, and classified as Miscellaneous Public Improvement, Original Works.

To W for sanction.

If it be desirable to spend more
than Rs. 10,000 in this work this
year — in order to cover expenses else-
where — we might perhaps make
special arrangements to meet the
charges for convict labour before the
end of March. — C. J.

Please have order drafted
sanctioning this work.
I will take it to Council
tomorrow. — W.
