Madras.

SIR,

Enclosures. 1

I have the honor to forward a letter from the Superintendent of Prisons, and beg to request that I may be allowed to make the shaft required. The work is a heavy forging and I am certain that it could not be satisfactorily turned out except in this Workshop or in the Gun carriage Factor.

I beg to take this opportunity of suggesting that the orders prohibiting work being done in these Shops for any Department, except the Public Works Department, be modified, on account of the delay that is caused by having to obtain a separate sanction for each requisition.

I have the honor to be,

Sir,

Your most obedient Servant

SIR,

I have the honor to request that ^{an} sanction may be granted to the Government Printing Office to send to the Public Works Workshops for casting and repair, such iron work as cannot be efficiently done by ^{the} Smith employed at the Press.

I have the honor to be,

Sir,

Yours obedient servant,

E. Key

The making of the shaft for
the Super E of Wisconsin may be sent to
S. L. V. does not endorse that part
of ^{new shaft} ~~the~~ ^{cells} letter which suggests the
withdrawal of the preliminary order
about work for other Departments. Probably
he overlooked the recommendation, but
at any rate there is no immediate need
for an order on the subject. After a few
more cases of demands from other Departments
come up, we can move in the matter.
