READ—the following letter from J. H. TAYLOR, Esq., Lieutenant, R.N.R., Master Attendant, Administrative Department, to the Chief Secretary to Government, dated Madras, 15th October 1884, No. 9658 :—

With reference to G.O., Marine, No. 445, Miscellaneous, dated 4th October 1884, communicating orders in the Public Works Department wherein it is resolved to request the Government of India to allot the sum of Rs. 374 under Imperial for repairs to the Santopilly lighthouse, I have the honor to state that, under G.Os., Financial, Nos. 1647 and 2071, dated 5th September and 28th October 1881, all charges in the Marine Department, including lighthouses, have been brought on the Port funds, which, had the estimate in question passed through this department as usual, would have been pointed out at once, and the reference to the Government of India avoided.

2. The sum required can be allotted from Port funds, but in reference, however, to former correspondence, in which I have recommended that a light of the second class should be substituted for the one now in position, if this meets approval, I have to request that orders may be issued for the building to be examined as to whether the upper portion is adapted to bear the additional weight of the proposed second-class light, and, if not, what would be the cost of altering it to make it so available.

3. In these circumstances, I beg that the present estimate may lie over for further orders.
