Recd. 27.10.84 Encl.

G.O., 10th October 1884, No. 1114.

OCTOBER.

Divisional Charges

in the Nellore distri[illegible]—Declining, with remarks, to pass final orders at present on t[illegible]roposed re distribution of —.

Supt. Engr. II Circle

Dated 31-10-84

Resolution—dated 19th August 1884, No. 2893.

Submitted to Government.

2. Under G.O., No. 759, dated 17th June 1884, the divisions are as follows :—

Collector with Assistant or Temporary Deputy Collector.	Nellore.
	Kávali.
Head Assistant Collector	Gúdúr.
	Rápúr.
	Venkatagiri.
	Pólúr.
General Deputy Collector	Atmakúr.
	Udayagiri.

This arrangement abolishes the divided revenue and magisterial jurisdiction which has obtained for some years past in Nellore district.

3. Mr. Grose now proposes to give to the Deputy Collector on general duty the magisterial charge of Kávali and the northern half of Nellore taluk, which would give him the old charge of the Head Assistant Collector; but this would again introduce the divided jurisdictions, and the Board suggest that a simpler plan would be to give to the Deputy Collector the revenue and magisterial charge of Kávali.

4. The divisions would thus be as follows :—

Collector	Nellore.
Deputy Collector	Atmakúr.
	Udayagiri.
	Kávali.
Head Assistant	Gúdúr.
	Rápúr.
	Venkatagiri.
	Pólúr.

(A true Copy and Extract.)

(Signed) G. MACKENZIE,
Acting Sub-Secretary.

To the Secretary to Government, Revenue Department.
Copy to the Collector of Nellore.

Order—dated 10th October 1884, No. 1114, Revenue.

Miscellaneous.

The changes are not to take place until the new buildings are completed, and in view of possible changes, the Government will not pass final orders at present.

(True Extract.)

The Assistant Collector has magisterial charge of Gúdúr and the Compensation Deputy Collector has magisterial charge of the Nellore taluk north of the river; but this is only a temporary charge necessitated by special circumstances.

2. No notice is taken of the Zamindari tracts intermingled with Government tracts, as for instance in the Kanigiri taluk.

10TH OCTOBER 1884, No. 1114, REVENUE.

GOVERNMENT OF MADRAS.

REVENUE DEPARTMENT.

READ—the following Proceedings of the Board of Revenue, dated 19th August 1884, No. 2893 :—

Read—the following letter from J. GROSE, Esq., Collector of Nellore, to the Secretary to the Board of Revenue, dated 4th August 1884, No. 3955 :—

In G.O., 8th June 1869, No. 1617, Government approved of the proposal made by Mr. Dykes and supported by the Board that the General Duty Deputy Collector when moved from Nayadupet to Atmakúr should have magisterial and revenue charge of Udayagiri and Atmakúr and magisterial charge of Kávali, leaving to the Collector the revenue charge of Kávali.

2. In G.O., 1st February 1877, No. 483, the present charges are sanctioned ; and they give the Collector revenue charge of Nellore and Gúdúr and magisterial charge of the taluk of Nellore, south of the Pennér. The magisterial charges were settled by G.O., 8th July 1878, No. 1359, when I had informed Government (Board's Proceedings, 18th May 1878, No. 1351) that after actual experience I had found that the magisterial charge of the Nellore taluk south of the river, including the town, was as much as the Collector could manage directly, and (letter to Chief Secretary, 24th June 1878, No. 509) that the Head Assistant Magistrate and the General Duty Deputy Collector would have to exchange magisterial divisions when the Deputy Collector is moved to Atmakúr.

3. A change began to be contemplated when Mr. Lee-Warner, who was acting during my absence, wrote the letter disposed of in Board's Proceedings, 19th April 1884, Mis. No. 3252. He says there : " I see no objection to placing Atmakúr and Udayagiri under a First-class Deputy Collector, and the Collector will then have in his own charge the Nellore and Kávali taluks, which will not be more than he can manage with the assistance of an Assistant or Deputy Collector as his Personal Assistant ;" and Government, in G.O., 17th June 1884, No. 759, say : " The redistribution of divisional charges as proposed by the Collector is approved ;" and again : " It is presumed that the Collector contemplates the retention of the magisterial charge of the Kávali taluk in his own hands."

4. I have the honor to submit that, in my opinion, it will be better if the magisterial charge of Kávali is given to the Deputy Collector as was at first proposed and sanctioned. The enclosed statement seems to me to show that the charge given to an official of the status of Deputy Collector should be larger than the mere charge of Atmakúr and Udayagiri. The Kávali taluk, as a whole, is as near to Atmakúr as to Nellore. It is still my opinion that the charge of the Nellore taluk south of the river is as much as the District Magistrate can manage, and, as it includes the town, it is the best suited to his position. The present arrangement which gives the revenue charge and the magisterial charge of one taluk (Gúdúr) to different officers has always worked well.

5. I think the Deputy Collector should have magisterial and revenue charge of Atmakúr and Udayagiri and magisterial charge of Kávali and the portion of the Nellore taluk which is north of the river. When there is a passed assistant in the district, he can have the revenue charge of Kávali (as he now has of Gúdúr) and the magisterial charge of the part of the Nellore taluk which lies north of the river.

The magisterial charges were settled by G.O., 8th July 1878, No. 1359, when I had informed Government (Board's Proceedings, 18th May 1878, No. 1351) that after actual experience I had found that the magisterial charge of the Nellore taluk south of the river, including the town, was as much as the Collector could manage directly, and (letter to Chief Secretary, 24th June 1878, No. 509) that the Head Assistant Magistrate and the General Duty Deputy Collector would have to exchange magisterial divisions when the Deputy Collector is moved to Atmakúr.

3. A change began to be contemplated when Mr. Lee-Warner, who was acting during my absence, wrote the letter disposed of in Board's Proceedings, 19th April 1884, Mis. No. 3252. He says there : "I see no objection to placing Atmakúr and Udayagiri under a First-class Deputy Collector, and the Collector will then have in his own charge the Nellore and Kávali taluks, which will not be more than he can manage with the assistance of an Assistant or Deputy Collector as his Personal Assistant ;" and Government, in G.O., 17th June 1884, No. 759, say : "The redistribution of divisional charges as proposed by the Collector is approved ;" and again : "It is presumed that the Collector contemplates the retention of the magisterial charge of the Kávali taluk in his own hands."

4. I have the honor to submit that, in my opinion, it will be better if the magisterial charge of Kávali is given to the Deputy Collector as was at first proposed and sanctioned. The enclosed statement seems to me to show that the charge given to an official of the status of Deputy Collector should be larger than the mere charge of Atmakúr and Udayagiri. The Kávali taluk, as a whole, is as near to Atmakúr as to Nellore. It is still my opinion that the charge of the Nellore taluk south of the river is as much as the District Magistrate can manage, and, as it includes the town, it is the best suited to his position. The present arrangement which gives the revenue charge and the magisterial charge of one taluk (Gúdúr) to different officers has always worked well.

5. I think the Deputy Collector should have magisterial and revenue charge of Atmakúr and Udayagiri and magisterial charge of Kávali and the portion of the Nellore taluk which is north of the river. When there is a passed assistant in the district, he can have the revenue charge of Kávali (as he now has of Gúdúr) and the magisterial charge of the part of the Nellore taluk which lies north of the river.

Note.—1. The magisterial charges as they exist now are a little different. The Assistant Collector has magisterial charge of Gúdúr and the Compensation Deputy Collector has magisterial charge of the Nellore taluk north of the river; but this is only a temporary charge necessitated by special circumstances.

2. No notice is taken of contracts intermingled with Government tracts, as for instance in the Kanigiri taluk.

Resolution—dated 19th August 1884, No. 2893.

Submitted to Government.

2. Under G.O., No. 759, dated 17th June 1884, the divisions are as follows :—

Collector with Assistant or Temporary Deputy Collector.	Nellore. Kávali.
Head Assistant Collector	Gúdúr. Rápúr. Venkatagiri. Pólúr.
General Deputy Collector	Atmakúr. Udayagiri.

This arrangement abolishes the divided revenue and magisterial jurisdiction which has obtained for some years past in Nellore district.

3. Mr. Grose now proposes to give to the Deputy Collector on general duty the magisterial charge of Kávali and the northern half of Nellore taluk, which would give him the old charge of the Head Assistant Collector; but this would again introduce the divided jurisdictions, and the Board suggest that a simpler plan would be to give to the Deputy Collector the revenue and magisterial charge of Kávali.

4. The divisions would thus be as follows :—

Collector	Nellore.
Deputy Collector	Atmakúr. Udayagiri. Kávali.
Head Assistant	Gúdúr. Rápúr. Venkatagiri. Pólúr.

GOVERNMENT OF MADRAS.

REVENUE DEPARTMENT.

READ—the following Proceedings of the Board of Revenue, dated 19th August 1884, No. 2893 :—

Read—the following letter from J. GROSE, Esq., Collector of Nellore, to the Secretary to the Board of Revenue, dated 4th August 1884, No. 3955 :—

In G.O., 8th June 1869, No. 1617, Government approved of the proposal made by Mr. Dykes and supported by the Board that the General Duty Deputy Collector when moved from Nayadupet to Atmakúr should have magisterial and revenue charge of Udayagiri and Atmakúr and magisterial charge of Kávali, leaving to the Collector the revenue charge of Kávali.

2. In G.O., 1st February 1877, No. 483, the present charges are sanctioned ; and they give the Collector revenue charge of Nellore and Gúdúr and magisterial charge of the taluk of Nellore, south of the Pennér. The magisterial charges were settled by G.O., 8th July 1878, No. 1359, when I had informed Government (Board's Proceedings, 18th May 1878, No. 1351) that after actual experience I had found that the magisterial charge of the Nellore taluk south of the river, including the town, was as much as the Collector could manage directly, and (letter to Chief Secretary, 24th June 1878, No. 509) that the Head Assistant Magistrate and the General Duty Deputy Collector would have to exchange magisterial divisions when the Deputy Collector is moved to Atmakúr.

3. A change began to be contemplated when Mr. Lee-Warner, who was acting during my absence, wrote the letter disposed of in Board's Proceedings, 19th April 1884, Mis. No. 3252. He says there : " I see no objection to placing Atmakúr and Udayagiri under a First-class Deputy Collector, and the Collector will then have in his own charge the Nellore and Kávali taluks, which will not be more than he can manage with the assistance of an Assistant or Deputy Collector as his Personal Assistant ;" and Government, in G.O., 17th June 1884, No. 759, say : " The redistribution of divisional charges as proposed by the Collector is approved ;" and again : " It is presumed that the Collector contemplates the retention of the magisterial charge of the Kávali taluk in his own hands."

4. I have the honor to submit that, in my opinion, it will be better if the magisterial charge of Kávali is given to the Deputy Collector as was at first proposed and sanctioned. The enclosed statement seems to me to show that the charge given to an official of the status of Deputy Collector should be larger than the mere charge of Atmakúr and Udayagiri. The Kávali taluk, as a whole, is as near to Atmakúr as to Nellore. It is still my opinion that the charge of the Nellore taluk south of the river is as much as the District Magistrate can manage, and, as it includes the town, it is the best suited to his position. The present arrangement which gives the revenue charge and the magisterial charge of one taluk (Gúdúr) to different officers has always worked well.

5. I think the Deputy Collector should have magisterial and revenue charge of Atmakúr and Udayagiri and magisterial charge of Kávali and the portion of the Nellore taluk which is north of the river. When there is a passed assistant in the district, he can have the revenue charge of Kávali (as he now has of Gúdúr) and the magisterial charge of the part of the Nellore taluk which lies north of the river.

The Kávali taluk, as a whole, is as near to Atmakúr as to Nellore. It is still my opinion that the charge of the Nellore taluk south of the river is as much as the District Magistrate can manage, and, as it includes the town, it is the best suited to his position. The present arrangement which gives the revenue charge and the magisterial charge of one taluk (Gúdúr) to different officers has always worked well.

5. I think the Deputy Collector should have magisterial and revenue charge of Atmakúr and Udayagiri and magisterial charge of Kávali and the portion of the Nellore taluk which is north of the river. When there is a passed assistant in the district, he can have the revenue charge of Kávali (as he now has of Gúdúr) and the magisterial charge of the part of the Nellore taluk which lies north of the river.

Madras Presidency.
Public Works Department
General Branch

Memorandum to accompany the Annual Finance Accounts for the year 1883-84.

Military Works.

The Revenue budgetted for in 1883-84 under Military, amounted to Rs. 30,000 and this amount was subsequently fixed as the Revised Estimate. The realizations amounted to Rs. 35,173 or Rs. 5173 in excess of the Revised Estimate and Rs. 6,899 in excess of the previous year's receipts. This excess is traceable principally to the head "Sales of buildings" and was caused by the sale of Military Buildings at the French Rocks. Government of India's sanction to which was conveyed in G.O. No. 3021-W dated the 12th November 1882.

2. The Budget assignment under Imperial Military was Rs. 601,300 which was reduced in the Revised Estimate to Rs. 597,400. The outlay during the year amounted to Rs. 590,180 or Rs. 7,220 short of the Revised Estimate.

3. On comparing the outlay in the year with the Revised Estimate under Departmental Heads in the following Statement, the short outlay of Rs. 7,220 is found to be the net result of savings on all heads excepting "Repairs."

Departmental Heads	Revised Estimate	Outlay	More	Less
New Works	208,322	197,155	"	11,167
Repairs	270,329	276,512	6,183	"
Establishment	111,629	109,439	"	2,190
Tools and Plant	7,120	7,074	"	46
Total	597,400	590,180	6,183	13,403
Savings	7,220		7,220	

4. From the above Statement it will be observed that the excess outlay which occurs only under Repairs amounts to Rs. 6183, and appears principally to have been incurred in the Bellary, Coimbatore, Nilgiri and Trichinopoly Divisions.

5. The saving under New Works is traceable principally to the following works:-

1. Constructing 3 blocks of Stables for Royal Artillery at Bellary.

Revised Estimate ——— Rs. 3,032
Outlay ——— 1,357
Savings Rs. 1675

2. Constructing Slaughter house and hanging shed at Bellary.

Revised Estimate ——— Rs. 5,980
Outlay ——— 2,964
Savings Rs. 3,016

3. Constructing the East Wing of the old Infantry Barracks into Government Bakery at Bellary.

Revised Estimate ——— Rs. 5205
Outlay ——— 4228
Savings Rs. 977

4. Constructing a fortified Post at Agram, Bangalore.

Revised Estimate ——— Rs. 8032
Outlay ——— 3453
Savings Rs. 4597

6. The Executive Engineer, Bellary, explains that the first work has been completed. In respect to the second, he states that "the Contractor failed to push on the work as vigorously as he promised to do, but that, in addition to this draw-back, considerable delay occurred in getting possession of the site"; while of the third work, he reports that the saving is due to the transfer of materials purchased in 1882-83 to other works during the year. The saving on the fourth work appears to be attributable to the stoppage of the dismantlement of the Bungalow Fort from which the materials for the work were to be obtained, and also to late sanction of Grant.

7. The savings on Establishment and Tools and Plant are due to the Grant for works not having been fully utilized.

Imperial

Imperial
Civil Buildings, Roads and Services.

A sum of Rs. 262,000 was sanctioned as the Budget Grant under Imperial, Civil Buildings, Roads and Services, and this amount was subsequently increased by Rs. 300 making the Revised Estimate Rs. 2,62,300. Gross outlay to the extent of Rs. 2,58,510 was incurred during the year under this head, the expenditure in India being Rs. 2,54,558 and that in England Rs. 3,952.

2. The sum of Rs. 3952 expended in England was on account of Stores received on account of the Post and Telegraph office under construction at Madras. The sum of Rs. 2,54,558 expended in India on comparison with the Revised Estimate of Rs. 2,62,300 results in a Saving of Rs. 7,742.

3. On comparing the outlay with the Revised Estimate under Departmental and Service Heads in the following Statement, it is found that the short outlay of Rs. 7,742 or Rs. 3790 excluding the expenditure in England is the net result of excess outlay under New Works and Savings under the remaining Departmental Heads.

Departmental and Service Heads		Revised Estimate	Outlay	More	Less
Civil Buildings	New Works	2,02,200	2,03,968	1768	"
	Repairs	8,500	6,994	"	1506
Establishment		48,400	44,411	"	3989
Tools and Plant		3,200	3,137	"	63
Total		2,62,300	2,58,510	1768	5558
Expenditure in England		"	-3,952	3790	
Outlay in India		2,62,300	2,54,558	3,952	
Savings		7,742		7,742	

4. The excess of Rs. 1768 under New Works and the short outlay of Rs. 1506 and Rs. 63 under Repairs and Tools and Plant being trifling do not call for remarks. The Saving of Rs. 3989 under Establishment is due principally to the large amounts recovered from Advances made in England, which, according to the particulars given in the margin amounted to Rs. 3,685-13-".

Captain O.V. Boddy	180-8-5
Major J.L.L. Morant R.a.	1500-"-"
Sub Conductor A.C. Lord	250-"-"

	Rs. 3,685-13-"

Railways
Imperial Protective Railways

A sum of Rs. 50,000 was originally sanctioned by the Government of India for the Vizagapatam-Raipur Railway Survey which in its Proceedings No. 192 R.A. dated 12th March 1884 was increased to Rs. 137,000 that amount

amount being fixed as the Revised Estimate for the year. Against this Estimate expenditure to the extent of Rs. 1,15,367 was incurred during the year under the head Preliminary Expenses resulting in a saving of Rs. 21,633. In explanation of this saving the Engineer-in-Chief reported that expenses that were anticipated were not incurred and that the chief item of saving is due to the reduced cost in respect of elephants which were "obtained at a nominal cost through the favor of the Native Chiefs."

State Railways
Imperial
Capital.

The South Indian Railway extension from Tinnevelly to Quilon which was undertaken under this head was provided with a Grant of Rs. 5,000 by the Government of India in its Proceedings No. 143 R. A. dated the 10th March 1884 that amount being fixed as the Revised Estimate for the year. Against this Estimate outlay to the extent of Rs. 10,625-10-2 was incurred, but the reduction of this outlay within grant was expected by the receipt of a sum of Rs. 6,872 being share contributed by the Travancore Government. This amount, however, was received

Harbour Works. Madras

received in the current year, and consequently outlay to the extent of Rs. 10,625-10-2 had to be debited against the Grant of Rs. 5,000-

The Madras Harbor Works.

The Grant originally sanctioned by the Government of India in its Proceedings No. 312 A. G. dated 3rd November 1883, amounted to Rs. 230,000. This amount was subsequently increased in Government of India's Proceedings No. 330 A. G. dated 15th November 1883 by Rs. 50,000 and thus the Revised Estimate for the Works amounted to Rs. 2,80,000. Outlay to the extent of Rs. 2,24,856 was incurred against this Estimate resulting in a saving of Rs. 55,144. This short outlay, the Superintendent reported is "owing to the frequent sales of surplus and old stores, old iron, Portland Cement &c. and also to work not being resumed as expected."

As shewn in schedule No. VIII of the Finance Account the Estimate for the work is Rs. 57,45,165 and the total outlay up to the end of 1883-84 amounted to Rs. 67,64,914 indicating the necessity for the submission of a Revised Estimate. The headings of the above schedule have been slightly modified to shew that the outlay in 1883-84 has been charged to the Civil Department a course

that

that has been adopted under instructions conveyed in the Government of India's Proceedings No 104 A.G. dated 14 March 1884 under which the previous years' outlay also has been written back to the debit of Imperial Civil Buildings, Roads and Services. This write-back which was made in the Accounts of 1883-84, has not, to avoid misunderstanding, been shewn in the schedule as included in the transactions of 1883-84.

In conclusion, it appears necessary to remark that in preparing the Finance Accounts according to the Forms prescribed in Government of India's Circular No xii of 1883, those schedules have been omitted for which there have been no transactions.

Vide No. 2672 Wks 29-1

PUBLIC WORKS DEPARTMENT, MADRAS.

GENERAL BRANCH.

Memorandum to accompany the Annual Finance Accounts for the Year 1883-84, *Military Works.*

The revenue budgetted for in 1883-84 under Military, amounted to Rs. 30,000, and this amount was subsequently fixed as the revised estimate. The realizations amounted to Rs. 35,173 or Rs. 5,173 in excess of the revised estimate and Rs. 6,899 in excess of the previous year's receipts. This excess is traceable principally to the head "sales of buildings" and was caused by the sale of Military buildings at the French Rocks, Government of India's sanction to which was conveyed in G.O., No. 3021 W., dated the 12th November 1882.

2. The budget assignment under Imperial Military was Rs. 6,01,300 which was reduced in the revised estimate to Rs. 5,97,400. The outlay during the year amounted to Rs. 5,90,180 or Rs. 7,220 short of the revised estimate.

3. On comparing the outlay in the year with the revised estimate under Departmental Heads in the following statement, the short outlay of Rs. 7,220 is found to be the net result of savings on all heads excepting "Repairs :—"

Departmental Heads.	Revised Estimate.	Outlay.	More.	Less.
	RS.	RS.	RS.	RS.
New Works	2,08,322	1,97,155	...	11,167
Repairs	2,70,329	2,76,512	6,183	...
Establishment	1,11,629	1,09,439	...	2,190
Tools and Plant	7,120	7,074	...	46
Total ...	5,97,400	5,90,180	6,183	13,403
Savings ...	7,220		7,220	

4. From the above statement it will be observed that the excess outlay which occurs only under Repairs amounts to Rs. 6,183, and appears principally to have been incurred in the Bellary, Coimbatore, Nilgiri and Trichinopoly divisions.

5. The saving under New Works is traceable principally to the following works :—

	RS.
1. Constructing three blocks of stables for Royal Artillery at Bellary—	
Revised Estimate	3,032
Outlay	1,357
Savings ...	1,675
2. Constructing slaughter-house and hanging shed at Bellary—	
Revised Estimate	5,980
Outlay	2,964
Savings ...	3,016

	Rs.
3. Constructing the east wing of the old Infantry Barracks into Government Bakery at Bellary—	
Revised Estimate	5,205
Outlay	4,228
Savings ...	977
4. Constructing a fortified Post at Agram, Bangalore—	
Revised Estimate	8,032
Outlay	3,453
Savings ...	4,597

6. The Executive Engineer, Bellary, explains that the first work has been completed. In respect to the second, he states that "the contractor failed to push on the work as vigorously as he promised to do, but that, in addition to this drawback, considerable delay occurred in getting possession of the site," while of the third work, he reports that the saving is due to the transfer of materials purchased in 1882-83 to other works during the year. The saving on the fourth work appears to be attributable to the stoppage of the dismantlement of the bungalow fort from which the materials for the work were to be obtained, and also to late sanction of grant.

7. The savings on establishment and tools and plant are due to the grant for works not having been fully utilized.

IMPERIAL.

Civil Buildings, Roads and Services.

A sum of Rs. 2,62,000 was sanctioned as the budget grant under Imperial, Civil Buildings, Roads and Services, and this amount was subsequently increased by Rs. 300 making the revised estimate Rs. 2,62,300. Gross outlay to the extent of Rs. 2,58,510 was incurred during the year under this head, the expenditure in India being Rs. 2,54,558 and that in England Rs. 3,952.

2. The sum of Rs. 3,952 expended in England was on account of stores received on account of the Post and Telegraph office under construction at Madras. The sum of Rs. 2,54,558 expended in India on comparison with the revised estimate of Rs. 2,62,300 results in a saving of Rs. 7,742.

3. On comparing the outlay with the revised estimate under Departmental and Service Heads in the following statement, it is found that the short outlay of Rs. 7,742 or Rs. 3,790 excluding the expenditure in England is the net result of excess outlay under New Works and savings under the remaining Departmental Heads:—

Departmental and Service Heads.	Revised Estimate.	Outlay.	More.	Less.
	Rs.	Rs.	Rs.	Rs.
Civil Buildings ... New Works	2,02,200	2,03,968	1,768	...
Civil Buildings ... Repairs	8,500	6,994	...	1,506
Establishment	48,400	44,411	...	3,989
Tools and Plant	3,200	3,137	...	63
Total ...	2,62,300	2,58,510	1,768	5,558
			3,790	
Expenditure in England	...	—3,952	3,952	
Outlay in India ...	2,62,300	2,54,558		
Savings ...	7,742		7,742	

4. The excess of Rs. 1,768 under New Works and the short outlay of Rs. 1,506 and Rs. 63 under Repairs and Tools and Plant being trifling do not call for remarks. The saving of Rs. 3,989 under Establishment is due principally to the large amounts recovered from advances made in England, which, according to the particulars given in the margin, amounted to Rs. 3,685-13-0.

	Rs.	A.	P.
Captain O. V. Boddy	180	8	5
Major J. L. L. Morant, R.E. ...	1,500	0	0
Sub-Conductor A. C. Lord ...	250	0	0
Do. R. A. Bragg ...	255	4	7
Major P. Montgomerie, R.E. ...	1,500	0	0
Total ...	3,685	13	0

RAILWAYS.

Imperial Protective Railways.

A sum of Rs. 50,000 was originally sanctioned by the Government of India for the Vizagapatam-Raipur Railway survey which, in its Proceedings, No. 192 R.A., dated 12th March 1884, was increased to Rs. 1,37,000, that amount being fixed as the revised estimate for the year. Against this estimate expenditure to the extent of Rs. 1,15,367 was incurred during the year under the head Preliminary Expenses resulting in a saving of Rs. 21,633. In explanation of this saving the Engineer-in-Chief reported that expenses that were anticipated were not incurred, and that the chief item of saving is due to the reduced cost in respect of elephants which were "obtained at a nominal cost through the favor of the Native Chiefs."

STATE RAILWAYS.

Imperial, Capital.

The South Indian Railway extension from Tinnevelly to Quilon which was undertaken under this head was provided with a grant of Rs. 5,000 by the Government of India in its Proceedings, No. 143 R.A., dated the 10th March 1884, that amount being fixed as the revised estimate for the year. Against this estimate outlay to the extent of Rs. 10,625-10-2 was incurred, but the reduction of this outlay within grant was expected by the receipt of a sum of Rs. 6,372, being share contributed by the Travancore Government. This amount, however, was received in the current year, and consequently outlay to the extent of Rs. 10,625-10-2 had to be debited against the grant of Rs. 5,000.

THE MADRAS HARBOUR WORKS.

The grant originally sanctioned by the Government of India in its Proceedings, No. 312 A.G., dated 3rd November 1883, amounted to Rs. 2,30,000. This amount was subsequently increased in Government of India's Proceedings, No. 330 A.G., dated 15th November 1883 by Rs. 50,000 and thus the revised estimate for the works amounted to Rs. 2,80,000. Outlay to the extent of Rs. 2,24,856 was incurred against this estimate resulting in a saving of Rs. 55,144. This short outlay, the Superintendent reported, is "owing to the frequent sales of surplus and old stores, old iron, Portland cement, &c., and also to work not being resumed as expected."

As shown in Schedule No. VIII of the Finance Account the estimate for the work is Rs. 57,45,165, and the total outlay up to the end of 1883-84 amounted to Rs. 67,64,914 indicating the necessity for the submission of a revised estimate. The headings of the above schedule have been slightly modified to show that the outlay in 1883-84 has been charged to the Civil Department, a course that has been adopted under instructions conveyed in the Government of India's Proceedings, No. 104 A.G., dated 14th March 1884 under which the previous year's outlay also has been written back to the debit of Imperial Civil Buildings, Roads and Services. This write-back which was made in the accounts of 1883-84, has not, to avoid misunderstanding, been shown in the schedule as included in the transactions of 1883-84.

In conclusion, it appears necessary to remark that in preparing the Finance Accounts according to the forms prescribed in Government of India's Circular No. XII of 1883, those schedules have been omitted for which there have been no transactions.

GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

GENERAL BRANCH

IMPERIAL MILITARY.

ANNUAL FINANCE ACCOUNTS,

FOR THE YEAR

1883-84.

MADRAS PRESIDENCY.

PUBLIC WORKS DEPARTMENT.

GENERAL BRANCH.

Memorandum to accompany the Annual Finance Accounts for the Year 1883-84.
Military Works.

The revenue budgeted for in 1883-84 under Military amounted to Rs. 30,000, and this amount was subsequently fixed as the revised estimate. The realizations amounted to Rs. 35,173 or Rs. 5,173, in excess of the revised estimate and Rs. 6,899 in excess of the previous year's receipts. This excess is traceable principally to the head "Sales of buildings" and was caused by the sale of Military buildings at the French Rocks, Government of India's sanction to which was conveyed in G.O., No. 3021 W., dated the 12th November 1882.

2. The budget assignment under Imperial Military was Rs. 6,01,300 which was reduced in the revised estimate to Rs. 5,97,400. The outlay during the year amounted to Rs. 5,90,180 or Rs. 7,220, short of the revised estimate.

3. On comparing the outlay in the year with the revised estimate under Departmental Heads in the following statement, the short outlay of Rs. 7,220 is found to be the net result of savings on all heads excepting "Repairs":—

Departmental Heads.	Revised Estimate.	Outlay.	More.	Less.
	RS.	RS.	RS.	RS.
New Works	2,08,322	1,97,155	...	11,167
Repairs	2,70,329	2,76,512	6,183	
Establishment	1,11,629	1,09,439	...	2,190
Tools and Plant	7,120	7,074	...	46
Total ...	5,97,400	5,90,180	6,183	13,403
Savings ...	7,220		7,220	

4. From the above statement it will be observed that the excess outlay, which occurs only under Repairs, amounts to Rs. 6,183, and appears principally to have been incurred in the Bellary, Coimbatore, Nílgiri and Trichinopoly divisions.

5. The saving under New Works is traceable principally to the following works:—

	RS.
1. Constructing three blocks of stables for Royal Artillery at Bellary—	
Revised Estimate	3,032
Outlay	1,357
Savings ...	1,675
2. Constructing slaughter-house and hanging-shed at Bellary—	
Revised Estimate	5,980
Outlay	2,964
Savings ...	3,016

		Rs.
3. Constructing the east wing of the old Infantry Barracks into Government Bakery at Bellary—		
	Revised Estimate	5,205
	Outlay	4,228
	Savings ...	977
4. Constructing a fortified Post at Agram, Bangalore—		
	Revised Estimate	8,032
	Outlay	3,453
	Savings ...	4,597

6. The Executive Engineer, Bellary, explains that the first work has been completed. In respect to the second, he states that "the contractor failed to push on the work as vigorously as he promised to do, but that, in addition to this drawback, considerable delay occured in getting possession of the site," while of the third work, he reports that the saving is due to the transfer of materials purchased in 1882-83 to other works during the year. The saving on the fourth work appears to be attributable to the stoppage of the dismantlement of the Bangalore fort from which the materials for the work were to be obtained, and also to late sanction of grant.

7. The savings on establishment and tools and plant are due to the grant for works not having been fully utilised.

8. In conclusion, it appears necessary to remark that in preparing the Finance Accounts for the year 1883-84 the forms prescribed in Government of India's Circular No. XII of 1883, those schedules have been omitted for which there have been no transactions.

GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

GENERAL BRANCH

IMPERIAL CIVIL BUILDINGS, ROADS AND SERVICES.

ANNUAL FINANCE ACCOUNTS,

FOR THE YEAR

1883-84.

MADRAS PRESIDENCY.

PUBLIC WORKS DEPARTMENT.

GENERAL BRANCH.

Memorandum to accompany the Annual Finance Accounts for the Year 1883-84.

IMPERIAL.

Civil Buildings, Roads and Services.

A sum of Rs. 2,62,000 was sanctioned as the budget grant under Imperial, Civil Buildings, Roads and Services, and this amount was subsequently increased by Rs. 300, making the revised estimate Rs. 2,62,300. Gross outlay to the extent of Rs. 2,58,510 was incurred during the year under this head, the expenditure in India being Rs. 2,54,558 and that in England Rs. 3,952.

2. The sum of Rs. 3,952 expended in England was for stores received on account of the Post and Telegraph office under construction at Madras. The sum of Rs. 2,54,558 expended in India on comparison with the revised estimate of Rs. 2,62,300 results in a saving of Rs. 7,742.

3. On comparing the outlay with the revised estimate under departmental and Service Heads in the following statement, it is found that the short outlay of Rs. 7,742, or Rs. 3,790 excluding the expenditure in England, is the net result of excess outlay under New Works and savings under the remaining Departmental Heads:—

Departmental and Service Heads.		Revised Estimate.	Outlay.	More.	Less.
		Rs.	Rs.	Rs.	Rs.
Civil Buildings ...	New Works	2,02,200	2,03,968	1,768	...
	Repairs	8,500	6,994	...	1,506
Establishment		48,400	44,411	...	3,989
Tools and Plant		3,200	3,137	..	63
	Total ...	2,62,300	2,58,510	1,768	5,558
				3,790	
				3,952	
Expenditure in England		...	—3,952		
	Outlay in India ...	2,62,300	2,54,558		
			7,742	7,742	
	Savings ...				

4. The excess of Rs. 1,768 under New Works and the short outlay of Rs. 1,506 and Rs. 63 under Repairs and Tools and Plant being trifling do not call for remarks. The saving of Rs. 3,989 under Establishment is due principally to the large amounts recovered from advances made in England, which, according to the particulars given in the margin, amounted to Rs. 3,685-13-0.

	Rs.	A.	P.
Captain O. V. Boddy	180	8	5
Major J. L. L. Morant, R.E. ...	1,500	0	0

RAILWAYS.

Imperial Protective Railways.

A sum of Rs. 50,000 was originally sanctioned by the Government of India for the Vizagapatam-Raipur Railway survey which, in its Proceedings, No. 192 R.A., dated 12th March 1884, was increased to Rs. 1,37,000, that amount being fixed as the revised estimate for the year. Against this estimate expenditure to the extent of Rs. 1,16,267 was incurred during the year under the head Preliminary Expenses, resulting in a saving of Rs. 20,733. In explanation of this saving the Engineer-in-Chief reported that expenses that were anticipated were not incurred, and that the chief item of saving is due to the reduced cost in respect of elephants which were "obtained at a nominal cost through the favor of the Native Chiefs."

STATE RAILWAYS.

Imperial, Capital.

The South Indian Railway extension from Tinnevelly to Quilon, which was undertaken under this head, was provided with a grant of Rs. 5,000 by the Government of India in its Proceedings, No. 143 R.A., dated the 10th March 1884, that amount being fixed as the revised estimate for the year. Against this estimate outlay to the extent of Rs. 10,625-10-2 was incurred, but the reduction of this outlay within grant was expected by the receipt of a sum of Rs. 6,372, being share contributed by the Travancore Government. This amount, however, was received in the current year, and consequently outlay to the extent of Rs. 10,625-10-2 had to be debited against the grant of Rs. 5,000.

THE MADRAS HARBOUR WORKS.

The grant originally sanctioned by the Government of India, in its Proceedings, No. 312 A.G., dated 3rd November 1883, amounted to Rs. 2,30,000. This amount was subsequently increased in Government of India's Proceedings, No. 330 A.G., dated 15th November 1883, by Rs. 50,000, and thus the revised estimate for the works amounted to Rs. 2,80,000. Outlay to the extent of Rs. 2,24,856 was incurred against this estimate, resulting in a saving of Rs. 55,144. This short oulay, the Superintendent reported, is "owing to the frequent sales of surplus and old stores, old iron, Portland cement, &c., and also to work not being resumed as expected."

As shown in Schedule No. VIII of the Finance Account the estimate for the work is Rs. 57,45,165, and the total outlay up to the end of 1883-84 amounted to Rs. 67,64,914, indicating the necessity for the submission of a revised estimate. The headings of the above schedule have been slightly modified to show that the outlay in 1883-84 has been charged to the Civil Department, a course that has been adopted under instruction conveyed in the Government of India's Proceedings, No. 104 A.G., dated 14th March 1884, under which the previous year's outlay also has been written back to the debit of Imperial Civil Buildings, Roads and Services. This write-back, which was made in the accounts of 1883-84, has not, to avoid misunderstanding, been shown in the schedule as included in the transactions of 1883-84.

In conclusion, it appears necessary to remark that in preparing the Finance Accounts according to the forms prescribed in Government of India's Circular No. XII of 1883, those schedules have been omitted for which there have been no transactions.

MADRAS,
18th August 1884.

IMPERIAL.

Civil Buildings, Roads and Services.

A sum of Rs. 2,62,000 was sanctioned as the budget grant under Imperial, Civil Buildings, Roads and Services, and this amount was subsequently increased by Rs. 300 making the revised estimate Rs. 2,62,300. Gross outlay to the extent of Rs. 2,58,510 was incurred during the year under this head, the expenditure in India being Rs. 2,54,558 and that in England Rs. 3,952.

2. The sum of Rs. 3,952 expended in England was for stores received on account of the Post and Telegraph office under construction at Madras. The sum of Rs. 2,54,558 expended in India on comparison with the revised estimate of Rs. 2,62,300 results in a saving of Rs. 7,742.

3. On comparing the outlay with the revised estimate under Departmental and Service Heads in the following statement, it is found that the short outlay of Rs. 7,742 or Rs. 3,790 excluding the expenditure in England is the net result of excess outlay under New Works and savings under the remaining Departmental Heads:—

Departmental and Service Heads.	Revised Estimate.	Outlay.	More.	Less.
	RS.	RS.	RS.	RS.
Civil Buildings ... New Works	2,02,200	2,03,968	1,768	...
Civil Buildings ... Repairs	8,500	6,994	...	1,506
Establishment	48,400	44,411	...	3,989
Tools and Plant	3,200	3,137	...	63
Total ...	2,62,300	2,58,510	1,768	5,558
			3,790	
Expenditure in England	...	—3,952	3,952	
Outlay in India ...	2,62,300	2,54,558		
Savings ...	7,742		7,742	

4. The excess of Rs. 1,768 under New Works and the short outlay of Rs. 1,506 and Rs. 63 under Repairs and Tools and Plant being trifling do not call for remarks. The saving of Rs. 3,989 under Establishment is due principally to the large amounts recovered from advances made in England, which, according to the particulars given in the margin, amounted to Rs. 3,685-13-0.

RAILWAYS.

Imperial Protective Railways.

A sum of Rs. 50,000 was originally sanctioned by the Government of India for the Vizagapatam-Raipur Railway survey which, in its Proceedings, No. 192 R.A., dated 12th March 1884, was increased to Rs. 1,37,000, that amount being fixed as the revised estimate for the year. Against this estimate expenditure to the extent of Rs. 1,16,267 was incurred during the year under the head Preliminary Expenses resulting in a saving of Rs. 20,733. In explanation of this saving the Engineer-in-Chief reported that expenses that were anticipated were not incurred, and that the chief item of saving is due to the reduced cost in respect of elephants which were "obtained at a nominal cost through the favor of the Native Chiefs."

STATE RAILWAYS.

Imperial, Capital.

The South Indian Railway extension from Tinnevelly to Quilon which was undertaken under this head was provided with a grant of Rs. 5,000 by the Government of India in its Proceedings, No. 143 R.A., dated the 10th March 1884, that amount being fixed as the revised estimate for the year. Against this estimate outlay to the extent of Rs. 10,625-10-2 was incurred, but the reduction of this outlay within grant was expected by the receipt of a sum of Rs. 6,372, being share contributed by the Travancore Government. This amount, however, was received in the current year, and consequently outlay to the extent of Rs. 10,625-10-2 had to be debited against the grant of Rs. 5,000.

THE MADRAS HARBOUR WORKS.

The grant originally sanctioned by the Government of India in its Proceedings, No. 312 A.G., dated 3rd November 1883, amounted to Rs. 2,30,000. This amount was subsequently increased in Government of India's Proceedings, No. 330 A.G., dated 15th November 1883 by Rs. 50,000 and thus the revised estimate for the works amounted to Rs. 2,80,000. Outlay to the extent of Rs. 2,24,856 was incurred against this estimate resulting in a saving of Rs. 55,144. This short outlay, the Superintendent reported, is "owing to the frequent sales of surplus and old stores, old iron, Portland cement, &c., and also to work not being resumed as expected."

As shown in Schedule No. VIII of the Finance Account the estimate for the work is Rs. 57,45,165, and the total outlay up to the end of 1883-84 amounted to Rs. 67,64,914 indicating the necessity for the submission of a revised estimate. The headings of the above schedule have been slightly modified to show that the outlay in 1883-84 has been charged to the Civil Department, a course that has been adopted under instructions conveyed in the Government of India's Proceedings, No. 104 A.G., dated 14th March 1884, under which the previous year's outlay also has been written back to the debit of Imperial Civil Buildings, Roads and Services. This write-back which was made in the accounts of 1883-84, has not, to avoid misunderstanding, been shown in the schedule as included in the transactions of 1883-84.

In conclusion, it appears necessary to remark that in preparing the Finance Accounts according to the forms prescribed in Government of India's Circular No. XII of 1883, those schedules have been omitted for which there have been no transactions.

MADRAS,
18th August 1884.

Government of Madras
Public Works Department

General Branch
Imperial Military
Annual Financial Accounts
for the year
1883-84

MADRAS PRESIDENCY.

PUBLIC WORKS DEPARTMENT.

GENERAL BRANCH.

Memorandum to accompany the Annual Finance Accounts for the Year 1883-84, *Military Works.*

The revenue budgetted for in 1883-84 under Military, amounted to Rs. 30,000, and this amount was subsequently fixed as the revised estimate. The realizations amounted to Rs. 35,173 or Rs. 5,173 in excess of the revised estimate and Rs. 6,899 in excess of the previous year's receipts. This excess is traceable principally to the head "sales of buildings" and was caused by the sale of Military buildings at the French Rocks, Government of India's sanction to which was conveyed in G.O., No. 3021 W., dated the 12th November 18

2. The budget assignment under Imperial Military was Rs. 6,01,300 which was reduced in the revised estimate to Rs. 5,97,4 . The outlay during the year amounted to Rs. 5,90,180 or Rs. 7,220 short of the re ed estimate.

3. On comparing the outlay in the year with the revised estimate under Departmental Heads in the following statement, the short outlay of Rs. 7,220 is found to be the net result of savings on all heads excepting "Repairs :—"

Departmental Heads.	Revised Estimate.	Outlay.	More.	Less.
	RS.	RS.	RS.	RS.
New Works	2,08,322	1,97,155	...	11,167
Repairs	2,70,329	2,76,512	6,183	..
Establishment	1,11,629	1,09,439	...	2,190
Tools and Plant	7,120	7,074	...	46
Total ...	5,97,400	5,90,180	6,183	13,403
Savings ...	7,220		7,220	

4. From the above statement it will be observed that the excess outlay which occurs only under Repairs amounts to Rs. 6,183, and appears principally to have been incurred in the Bellary, Coimbatore, Nilgiri and Trichinopoly divisions.

5. The saving under New Works is traceable principally to the following works :—

	RS.
1. Constructing three blocks of stables for Royal Artillery at Bellary—	
Revised Estimate	3,032
Outlay	1,357
Savings ...	1,675
2. Constructing slaughter-house and hanging shed at Bellary—	
Revised Estimate	5,980
Outlay	2,964
Savings ...	3,016
3. Constructing the east wing of the old Infantry Barracks into Government Bakery at Bellary—	
Revised Estimate	5,205
Outlay	4,228
Savings ...	977

4. Constructing a fortified Post at Agram, Bangalore—

	Rs.
Revised Estimate	8,032
Outlay	3,453
Savings ...	4,597

6. The Executive Engineer, Bellary, explains that the first work has been completed. In respect to the second, he states that "the contractor failed to push on the work as vigorously as he promised to do, but that, in addition to this drawback, considerable delay occurred in getting possession of the site," while of the third work, he reports that the saving is due to the transfer of materials purchased in 1882-83 to other works during the year. The saving on the fourth work appears to be attributable to the stoppage of the dismantlement of the Bangalore fort from which the materials for the work were to be obtained, and also to late sanction of grant.

7. The savings on establishment and tools and plant are due to the grant for works not having been fully utilized.
