READ—the following papers :—

From Lieutenant-Colonel G. MONTGOMERIE, R.E., Superintending Engineer,
I Circle, to the Chief Engineer, Public Works Department, dated Dowlaish-
weram, 16th September 1884, No. 1561 G.D.

With reference to your telegram of the 15th August 1884, and memorandum
No. 1356-C., dated the 1st August 1884, I have the honor to submit, herewith, for
sanction, a statement in the prescribed form of temporary establishment, existing and
proposed, in the Godavari Central division for the current official year. A memoran-
dum of explanations showing the necessity for the increase of the establishment is also
herewith sent.

Temporary Establishment

Orders on application from the Superin-
tending Engineer for — for the Godavari
Central division during 1884-85.

Explanation as to the necessity
for the increase of Establishment

(1) Special Drafts-
man on Rs 80

The Draftsman's work in this Division has got very much into arrears in consequence of there being no Head Draftsman in the office. Every endeavour has been made by advertisement and otherwise to get a First Class Draftsman on the pay offered (Rs 80) but no one has been willing to take up the appointment, the Division being temporary.

(2) 2 Clerks 5th
class 1st Grade

The Sub-Divisional officers were allowed Drawing account with effect from 1st May 1884, and with a view to enable them to submit their accounts in time to allow of the punctual despatch of the Divisional accounts to the Examiner, the entertainment of a second clerk on Rs 15 is necessary to each Sub-Division.

(3) 1 Tappal basar
for conveying
tappal from
Anjalapur to
Annavilly

None of the 4 lascars at Vadipudi Lock can be employed for conveying tappal from Anjalapur to Annavilly. 2 lascars are always required to work at the Lock, one to bring tappal to Gummavaram and the 4th to Sub-Divisional offices at Anjalapur. The entertainment of a tappal basar is therefore necessary to run between Anjalapur & Annavilly.

(4) 1 Tappal
lascar to run
from Anulapur
-pur to Anulapur

The services of another tappal lascar are required for a boat 8 months in the year, viz: from May to December to run from Anulapur to Anulapur, as the services of this lascar at Chintalapudi can not be spared, his services being required in connection with the distribution of water

(5) 1 Surveyor
on Rs 100 and
4 lascars at
Rs 6 each

No surveyor was sanctioned for this Delta. The services of a surveyor are much required in connection with Earthwork Improvements of this Delta. There is a constant employment for a man.
