Order—dated 24th June 1884, No. 1581 W., Public Works.

With the papers read above, Superintending Engineers and the Consulting Architect submit statements of the estimated requirements for the current official year, in lump sums for minor works and tools and plant for each division; and in detail for the incomplete works of the past year, and for new works recommended to be taken up in 1884-85.

2. Under "Imperial other services," the demands against "Original works" amount to—

	Rs.
Postal	5,151
Telegraph	1,000
Salt	553

of which only Rs. 1,404 under Postal have been allotted for the completion of two incomplete works. The balance of the minor works grant, after the above allotment for unfinished works, under Postal, Rs. 10,596, and the whole of the minor works grant under Telegraph, Rs. 6,000, are placed at the disposal of the Director-General of the Post Office, and of the Director-General of Telegraphs, as shown in Statement A. Those officers will allot the requisite funds for work to be undertaken during the year.

3. The sum of Rs. 553 is required under Salt, to permit of the early completion of the head sluice across Mercanam brine supply channel. On receipt of a reply to a

14

reference made to the Revenue Department, the requisite reappropriation statement, reallotting the sum required from the budget provision under Item No. 10, opening and maintaining the Covelong bar, will be submitted for the early sanction of the Government of India.

4. The allotments under Repairs will be found in Statement A.

5. The demands of Superintending Engineers under Imperial Military amount, as shown below, to Rs. 1,31,411 :—

„ incomplete major works ...	34,677
„ new minor works ...	22,080
„ new major works ...	41,773
Total ...	1,31,411

6. As the minor works grant, Item No. 5, Class B, amounts to only Rs. 22,320, the demands of Superintending Engineer have been greatly reduced, as shown below; and (provision to meet the same having been made) the balance of the minor works grant, Rs. 10,961, has been placed in lump sum at the disposal of officers commanding divisions and districts, to be distributed individually in such proportion as His Excellency the Commander-in-Chief may deem proper :—

For incomplete minor works ...	1,961
„ incomplete major works ...	5,103
„ new minor works ...	1,500
„ new major works ...	2,795
Total ...	11,359

7. There are several new minor works for which funds have been applied for by Superintending Engineers; but as the balance of the minor works grant, after providing for works now on hand, has been placed at the disposal of the military officers commanding divisions and districts, application should be made to them by Superintending Engineers to meet outlay on such works as are to be carried out during 1884-85.

8. A reference has been made to the Military Department respecting suggestions of the Superintending Engineer, V Circle, to resume the budget grant for "Alterations and additions to wash-house for the British Infantry at Bangalore," and to reduce the budget grant for "Armaments of Fort St. George." On receipt of a reply, the necessary order will issue.

Budget item No. 72, 2nd-class station-house at Cherambâdy.	4,040	G.O., No. 1258 W., dated 19th May 1884, Mis., No. 1399, dated 7th June 1884, J. D.	2,000
Budget item No. 74, 2nd-class station-house at Nellakota.	4,049		2,000
Budget item No. 73, 3rd-class station-house at Nadgany.	3,410		2,000

Funds to the extent of Rs. 6,000 have now been appropriated for these works from the grant for minor works (Rs. 18,136), budget item No. 71, instead of separate provision being made from the Public Works Department budget, although in this office letter, No. 1723, dated 2nd April 1884, to Government, attention was drawn to the fact that the above works became major ones and separate provision from the Public Works Department budget was requested.

2. The grant for minor works has thus been reduced to Rs. 12,136 and several minor works, which are as emergent as those for which provision has been made, are left unprovided for. I therefore request that the sum of Rs. 6,000 allotted for major works may be set free entirely for minor works. It is observed that in the statement E provision is made to the extent of Rs. 1,520 (item No. 79) for a station-house at Kumarada. The Superintendent of Police, Vizagapatam, reports that the work is not emergent and can conveniently be deferred to next year. This amount might also be utilised for some other emergent work.

3. Subject to the three works mentioned in paragraph 1 being provided for in the Public Works budget as major works, I would propose distributing the above two sums, Rs. 6,000 and Rs. 1,520, as shown in the accompanying list ; by which arrangement provision will be made for all sanctioned emergent minor works as well as for two other emergent ones, items Nos. 5 and 7, noted in the list, for which estimates have been submitted to Government for sanction.

4. I take this opportunity of asking the instructions of Government whether, under G.O., No. 979, dated 8th April 1870, Public Works Department, I am still

required to furnish the Government with statements of new and incomplete works (minor) at the commencement of each official year, or whether it is to be considered that the Government order has also been rescinded by the provisions of the Public Works Code.

No. 1875, Judicial.

The letter, No. 4318, dated 29th July 1884, from the Inspector-General of Police will be transferred to the Public Works Department for disposal.

(By Order.)

OOTACAMUND,
20th August 1884.

(Signed) M. HAMMICK,
Acting Under Secretary.

ORDER—dated 4th September 1884, No. 2183 W., Public Works.

As the Inspector-General of Police does not propose to cancel the allotments already made to the three works mentioned in paragraph 1 of his letter, those allotments will stand. It is not, however, at present possible to supplement the grant for minor police works; or to provide for the additional works now brought forward in the statement appended to his letter.

2. The Inspector-General of Police will not in future be required to submit the statements prescribed in G.O., No. 979, dated 8th April 1870. Under existing arrangements, Executive and Superintending Engineers budget for works appertaining to all departments of the State, when such works are to be executed by the agency of the Public Works Department. Police officers will therefore be expected to communicate their requirements to local Public Works officers, who will bring them forward, with those of other departments, in the usual manner. Had this course been adopted in the case of the Kumaradu station-house, referred to in paragraph 2 of the Inspector-General's letter, the work would not have been recommended by the

2738

Superintending Engineer for an allotment of funds during the current official year. The allotment of Rs. 1,520 made for the work in G.O., No. 1581 W., dated 24th June 1884, will now be withdrawn, and credited to the Provincial reserve with Government.
