

No 185 dated 25th August 1884.

L

The Superintending Engineer,
2nd Circle.

Sir,

I have the honor to request that you will be pleased to obtain the sanction of Government for the appointment of a Temporary Cashier to make payments in the Kanigiri Sub Division.

2. With a view to secure the services of a good Cashier, I would recommend a pay of Rs 40 the place being temporary, and Cash Security of Rs 500.

3. The works in the sub Division have of late increased and they are so scattered that it is found impossible by the Executive Staff to pay laborers regularly without neglecting the execution of works.

4. For some time past, Coolies and petty task workers were kept for more than a week to ten days in arrears notwithstanding the sum allowed for the whole Sub Division being nearly Rs 3000 of which Mr O'Connell has the maximum

limit of Rs 1,000 and Mr. Berlie Rs 900.

5. I request that early orders may be obtained as it is very desirable that the executive staff should be relieved as soon as possible of the duty of making payments.

I have &c.

Signed/ Dmck Campbell Capt. &c.
Executive Engineer.

N. 470 M. dated 29th August 1884.

To

The Executive Engineer,
Longam Project Division.

Sir,

I have the honor to acknowledge the receipt of your N. 185 of the 25th Instant, applying for the employment of a Temporary Cashier to make disbursements in the Kanigiri Sub Division.

2. Am I to understand that you wish this Cashier to travel from work to work where daily Coolies are employed in order to make disbursements?

3. The proposal is a new one, as regards work out here, and though I can

understand it to have some advantages, yet I think it would be better to strengthen the Staff of Overseers in the Sub Division and to let these men be, as heretofore, the disbursers in the case of daily labor.

4. Before applying for a Cashier, I must however know more about the scheme.

5. Please report the sum paid to daily laborers by each disbursers during August, in the Sub Division.

6. Also please report whether the Cashier is to be placed in funds by the Sub D. Officer, or whether he is to obtain funds from the particular Subordinate whose Coolies he is to pay.

7. I conclude that you would, as heretofore pay Contractors yourself.

I have &c.

To

The Supg. Engineer, 2nd Circle.

Sir,

Referring to your N. 470 M. of the

29th August 1884. Calling for further information regarding the proposal for a Temporary Cashier to make disbursements in the Kanigiri Sub Division, I have the honor to report as follows.

2. The Cashier will travel from work to work and make payments there to daily laborers.

3. He will be placed in funds from the Divisional Office and the subordinates will have no imprests with them.

4. The amount paid to daily laborers during August 1884 is Rs 1,922 and to heads of gangs or Lask workers employed on Petty jobs is Rs 1,600. Besides this, petty bills to about Rs 2 to 3 thousand are sent to the Divisional Office for payment. Thus it will be seen that the monthly payments to laborers and to petty workmen who could not afford to wait long or to go to Lalgam to receive payments is about Rs 6,000. The executive staff as reported find it impracticable to make regular payments and what is now proposed is that the new Cashier in addition to paying laborers on the workspots will remain attached to Mr. O'Connell's Office

in whose presence he will pay all the Lask work and petty jobs employed in the Sub Division.

5. Contractors will as usual heretofore be paid by the Executive Engineer in Lalgam.

6. No guard will be required as the Cashier will not have more than Rs 1,000 at a time and that will be kept in a Cash Chest in the Kanigiri Sub Division Office and when the Cashier travels he will only take the sum required for one day's payments.

I have &c.

1 Ex. Engineer's Office
with Supp. Engrs. No 4704.
of 29th August 1884.

Sir,

1 Do No 209 of 24th Sept/84.

The Executive Engineer, Langam
Project Division has asked me to apply to
Government for sanction to the employment
of a Temporary Cashier in the Kanigiri Sub
Division to make payments on scattered works.

2. The matter is fully explained in
the enclosed correspondence. I think Captain
Campbell has shown, that the employment
of a Cashier will be an advantage. There
is no doubt that regular prompt payment
is essential, if laborers are to be kept
steadily at work.

3. I would, therefore, recommend the
employment of a temporary Cashier on a
consolidated pay of Rs 40, i.e. inclusive
of Travelling allowance, and that the Cashier

he called on to give Security to the extent
of Rs 500.

4. If the proposal is sanctioned, an
allotment of Rs 200 will be required to pay
the Cashier from October to February inclusive,
and the necessary provision for as many months
of next year as it may be necessary to employ
him will be entered in the Estimate of Temporary
Establishment for 1885/86.

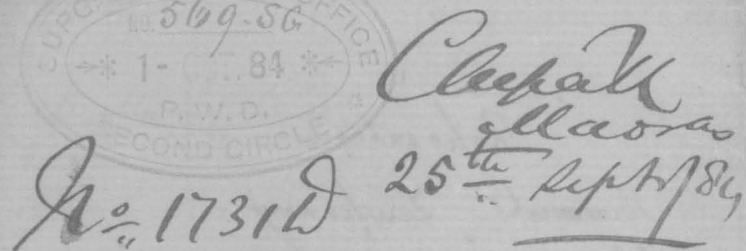

I have the honor to be,
