GOVERNMENT OF MADRAS.

MILITARY DEPARTMENT.

August 1884, No. .

Equipment.

Read the following papers:—

No. 343 *From Brigadier-General GODFREY CLERK, Adjutant-General, to Lieutenant-Colonel A. KENNEY-HERBERT, Officiating Secretary to Government, Military Department; dated Ootacamund, 21st May* 1884, *No.* 1362.

I am directed, by His Excellency the Commander-in-Chief, to forward, for the orders of Government, the enclosed correspondence regarding the supply of a "board, cutting, collar-makers, 6 feet × 3 feet × 2 inches" to M Battery, 2nd Brigade, Royal Artillery.

2. Under the detail of station stores introduced by clause 168, India Army Circulars, 1881, this article should be supplied by the Public Works Department; but it will be observed that the Executive Engineer, Presidency, says that no order or regulation can be traced in his department requiring that the board in question is to be issued by the Public Works Department, and that he is, therefore, unable to supply it.

3. It will be seen that clause 168, India Army Circulars of 1881, above quoted, states that the detail of stores referred to "supersede all previous orders on the subjects to which they relate; and in any details in which they differ from the provisions of the regulations for the equipment of the army in India, the latter are to be corrected."

4. The return of the enclosures is solicited.

No. 2541.

Referred for remark to the Inspector-General of Ordnance.

2. It is observed that as the Barrack department of this presidency is administered by the Military and not, as in Bengal, the Public Works department, it would apparently be more convenient if supplies of this description were provided by the Ordnance department.

3. Pending further orders, the Government direct that the present requisition be so met.

(By Order.)

OOTACAMUND, 28*th May* 1884. (Signed) A. KENNEY-HERBERT, Lt.-Col., *Offg. Secretary to Government.*

To the Inspector-General of Ordnance.

No. 344. *From Colonel S. CHAMIER, Inspector-General of Ordnance, to Lieutenant-Colonel A. KENNEY-HERBERT, Officiating Secretary to Government, Military Department; dated Fort St. George, 7th June* 1884, *No.* 34-*G.*

In returning the correspondence received with your No. 2541, dated 28th ultimo, I have the honor to state, for the information of the Right Honorable the Governor in Council, that, in accordance with the orders of Government, the requisition from the Officer Commanding M Battery, 2nd Brigade, Royal Artillery, for a "board, cutting, collar-makers, 6 feet × 3 feet × 2 inches" will be complied with by this department.

2. I am not aware why the Barrack department should be concerned in the issue of articles of this description, unless it is intended, when it is stated in the equipment tables of corps that certain stores are "to be supplied by the Public Works department," that they are to be supplied through the Barrack department.

3. Madras Order of Government, No. 128, dated 21st February 1881, quoted by the Barrack Master at Bangalore publishes a list of furniture, &c., to be supplied to troops and hospitals in this presidency. In this list are contained benches, stools, and tables of all sorts, and it appears to me that it would be better to add to this list such articles as are required by the new equipment tables to be supplied by the Public Works department (through the Barrack department if that is the course intended), which are but few in number, than that supplies should be made on a different system in this presidency to that existing in Bengal.

4. If supplies are made to corps direct by the Public Works department in Bengal of such articles as are notified in the equipment tables to be supplied by that department, I can see no reason why the Public Works department in Madras should not make similar supplies.

No. 2749.

Referred for favor of His Excellency the Commander-in-Chief's remarks.

(By Order.)

OOTACAMUND,
9th June 1884.

(Signed) A. KENNEY-HERBERT, Lt.-Col.,
Offg. Secretary to Government.

To the Quarter Master General.

No. 345 *From Brigadier-General R. C. STEWART, Quarter Master General, to Lieutenant-Colonel A. KENNEY-HERBERT, Officiating Secretary to Government, Military Department; dated Ootacamund, 14th June* 1884, *No.* 318-*C.*

In returning the papers referred for remarks with reference order, No. 2749, dated 9th June 1884, I have the honor, by order, to observe that the article of equipment in question, viz., a "board, cutting, collar-makers," is shown in the "Regulations for the equipment of the Army in India," page 178, as one of the general station stores to be supplied by the Ordnance department; but in appendix XXIII to the same this article, together with a "bench, wood, carpenters'," is especially noted as being supplied by the Public Works department.

2. In the detail of stores referred to in clause 168, India Army Circulars, 1881, and which is corrected up to the 1st February 1884, the article of equipment in question is entered as to be supplied by the Public Works department, and there being no later order than this, His Excellency the Commander-in-Chief considers that the articles (only three in number) included in this last detail of stores as to be supplied by the Public Works department should accordingly be so supplied in accordance with the system in Bengal, and would suggest their addition to the list of furniture, &c., to be supplied to troops and hospitals in this presidency laid down in G.O., No. 128, dated 21st February 1881, as proposed by the Inspector-General of Ordnance in his letter, No. 34-G., dated 7th June 1884, herewith returned.

3. I am to add that the above articles of equipment would in the usual way be furnished through the Barrack department and accounted for on its returns.

No. 346. *Memorandum from Colonel J. SHAW-STEWART, R. E., Secretary to Govt., Public Works Dept., to Lieut.-Colonel A. KENNEY-HERBERT, Officiating Secretary to Government, Military Department; dated Madras, 1st July* 1884, *No.* 1188-*D.*

The undersigned is of opinion that the Public Works department of this presidency should not, as a rule, be called on to supply articles other than *fixtures*

to buildings (*vide* para. 1400 of the Public Works Code). The circumstances of the department in this presidency differ from those obtaining in Bengal, where the Barrack department forms a branch of the Public Works department. Executive Engineers do not in this presidency maintain carpenters' shops, and have themselves to resort to the local market for the manufacture of all wood-work required for buildings constructed by them.

2. It is suggested that the draft order be modified in accordance with the suggestion made above.

No. 347. *To the Secretary to the Government of India, Military Department; dated 7th July* 1884, *No.* 3257.

No. 348 *From Colonel G. CHESNEY, Secretary to the Government of India, Military Department, to Lieutenant-Colonel A. KENNEY-HERBERT, Officiating Secretary to the Government of Madras, Military Department; dated Simla, 2nd August* 1884, *No.* 754-*S.D.*

Ordnance Department—Stores Supplies.

I am directed to acknowledge the receipt of your letter,* No. 3257, dated the 7th July 1884, suggesting that as the Barrack department in the Madras presidency is under Military and not Public Works administration as in Bengal, the Madras Ordnance department should be required to supply the articles specified in the margin,† which, according to the detail of stores supplied for the use of royal artillery as station stores introduced by clause 168, India Army Circulars of 1881, have to be supplied by the Public Works department.

* Enclosures returned as requested.

† *Tools, Artificers'.*
Frames, wood, for bellows, smiths'.
Miscellaneous Stores.
Benches, wood, carpenters', small.
Boards, cutting, collar-makers, 6 feet × 3 feet × 2 inches
Buckets, water, small, } for use with fire-
Ladders, bamboo, } engines.
Ropes with hooks, }

2. In reply I am to say, for the information of the Governor in Council, that sufficient reasons seem hardly advanced for changing the source of supply in the Madras presidency of the articles mentioned. While no advantage would appear to be gained, extra expense would be incurred, especially in the case of corps at a distance from arsenals, by obtaining from the Ordnance department stores which can be made up locally anywhere by the Public Works department.

3. Under these circumstances, the Government of India are unable to accept the suggestion put forward by the Government of Madras.

No. 349. ORDER THEREON, August 1884, No.

Ordered that the foregoing letter from the Government of India be communicated for the information of His Excellency the Commander-in-Chief and the Public Works department, and for guidance.

2. The Government approve the suggestion in the latter clause of para. 2 of the Quarter Master General's letter above recorded, and request that a draft G.O. giving effect to it be submitted for publication.

3. Para. 3 of Military Department No. 2541, dated 28th May 1884, embodied in these proceedings is cancelled.

(True Extract.)

(Signed) A. KENNEY-HERBERT, Lt.-Col.,
Offg. Secretary to Government.

To the Adjutant-General, with 2 enclosures.

1 JUL 92
ANNEX
ACCOUNTS

D: W

Please take up this question if necessary consulting Colonel Burston as to whether the transfer of the Barracks to this Dept. is desirable

The decision arrived at by this Government G.O 191/178 No 321/W was decidedly against any such change the present plan working well, and no Economical result as probable as the cost of Existing Establt would still be the same

Would this really be the case?

Supposing we took over the Dept. there would probably at first be little change in either the personnel or in the cost, but gradually as the present Barrack Inspection ceases our subordinate would state in at lower

Jersey – our depôt untold scale long increased pari passu

H. does without saying that the military dept. could or might to be able to reduce men who are not required and thus in time an actual saving must take place

I have no doubt whatever that the work could be done much more efficiently and therefore economically than it is now done – and as the new forts which will in time be thrown upon the military Subordinate case, from their settled character & good station where education can be had for families &c., such as would be real blessings to them, the move I think in this point of view should prove extremely advantageous to this class as holding out additional incentives to steadiness and good behaviour

4/5/82.

D. H. Office Note No 581 dated 3rd May 1882.

D H.

I have no hesitation in recommending that the duties heretofore performed by Barrack Masters acting as at present under the orders of D H & M.G. should be performed by the same establishment (at present) acting under the immediate orders of the Executive Engineer.

I would observe with reference to Brigadier General O'Connells letter No 1340

1340 dated 20th February 1877 (which apparently caused this change to be blocked when it was suggested by the Government of India) that the opinion I have formed of the Barrack Deptt. as to one half of its duties, viz those connected with Petty Repairs to Barracks costing less than Rs. 50 (I know nothing as to how it does the furniture Repairs viz the other half) is that it is "neither efficient nor economical in its action" that it does not carry on these duties either according to the Spirit or Letter of the orders of Government.

I have already pointed out

out the remarkable increase in the annual cost of Petty Repairs at Fort St. George since the date when all D.P.W. control over this work was withdrawn some 3 years ago.

I do not think any saving in the cost of Establishment will be apparent immediately these duties are, if they are, transferred to the D.P.W. as in consequence of the extra duties which would be imposed on the P.W. Department an increase to existing D.P.W. Establishments would be necessitated=

wh.

which might be best met
at present by Transfer en bloc,
of Barrack Department:
Still there would be no
increased cost to Govern-
-ment of Establishments
necessitated; if a judicious
distribution of the present
Barrack Masters Estab-
-lishment at Madras
could be made between
the Executive Engineers
of Presidency and
Chingleput; as the Madras
Barrack Master's
duties extend over the
Madras Sub Division
of the Presidency Div.
as well as the Mount
& other Stations in the
Chingleput District.
his duties being confer-
-minous

conterminous with the
Centre District
Command.
In this distribution alone
would there be a difficulty.
It would be necessary
then either to divide the
existing establishment
if it can be done which
I doubt between the
Executive Engineers
Chingleput & Presidency.
or what would be a
much more systematic
method of dealing with
the question to re allot
the works in the Chin-
-gleput & Presidency Divs.
between the 2 Executive
Engineers - one taking
all work connected
with the Military
Buildings

Buildings and the other
all work connected
with Civil Buildings
Irrigation & Postal, the
latter officer residing if necessary.
nearer than the Mount.
in fact in the middle of the Parish.
As a further reason
why such duties should
be under the P.W.D
I would state that
however deserving the
Warrant officers are who
are appointed to these
duties they have invest-
-ing circumstances
no one to teach them
what are in fact D.P.W.
duties - these duties
are, taken singly, appar-
-ently, small & trivial -
but they are large if
the

the aggregate expenditure
is considered - & if also the
celerity & method (on which
depends the convenience of
the troops) under which
they are executed is con-
-sidered.
Brigadier General Connel
seemed to think in above
mentioned letter the
Barrack Department should
be retained in 1877 because
to do away with it would
in his opinion do away
with opportunities for the
advancement of deserving
Warrant and Non Com-
-missioned Officers: in
so far as existing estab-
-lishments might eventual
-ly be diminished such
advancement as he
contemplated

contemplated would
pari passu be curtailed.
but it seems to me an
untenable proposition
to retain this establish-
-ment even for such a
purpose as this involves
thereby the present upside
down — two sided sort of
system as is the present-
a system which can
involve punkahs being
"Repaired with fringes complete,
"by D.P.W." & a 2nd set
"of fringes being made
"simultaneously for self
"same punkahs by the
"Barrack Master":
and which results in a
Bangalore contractor
after ascertaining (by
canes dropping) that
certain

certain work is proposed
to be done by the Barrack
Master convincing the
Major General Command^g.
that a breach of faith
towards that Contractor
has been committed by
the P.W. Department in
changing its proposals
before any order was
given for such work
by the Barrack Master
to that Contractor. The
whole case having been
totally misrepresented by
the Barrack Master
to the Major General — the
Contractor withdrew his complaint.

I am quite confident
myself that the adop-
-tion of the Military
Works system as it now
exists under the Military
Department

Department Government
of India is the truest
only system to adopt for
all Military Works in
India and that the Engi-
neers & Establishment sup-
pervising & executing Casa
Rules) such works should
receive its orders more
directly than now from
the Military authorities and
that at such numerous
small Stations where
scarcely any work is
required that such work
can be done by the D.P.W.
Officers of the District with
as much facility & willing-
ness as the Executive Engi-
neers ~~Mysore~~ Shorapur in Mysore Executing
work now at Trunch
Rocks & Mercara for
& at the request of the

the Executive Engineer
Residency: at the larger
Military Stations the
Executive Engineer Military
Works would have his own
Subordinates.
Moreover I think that
the patronage which Brigr.
General O'Connell declined
in 1877 to part with would
be more properly dispensed
by the Chief Engineer as
being by his Office, a better
judge of the Warrant of-
ficers & Non Commissd.
Offrs. Requisite qualifications
for P.W.D. duties than
can a Staff officer only
anxious to find any
hole into which to place
a square man during the

the last year or two of
his Service under Governe=
=ment.

W H Burton

Lt. 1/Gll. R.E.

(A)

(B)

Dated 3 May 82

I have said that
the present procedure of
the Barrack Master
is not according to Regu=
=lation.
The Regulations are
(Para 2177, 2178 D. of W. Code)
(A) that for the purposes of
ascertaining Damages.
a weekly inspection
by Barrack Sergeant
is to be made.
(B) that for the purposes of
ascertaining Repairs peri=
=odical inspection by Bark=
=rack Master is to be made.
The inspection A is made
& results in what is intend=
=ed to be the outcome of

B

B.

The inspection B is made & results in nothing - Shows no Damages are ever reported - Further 278 provides that Petty Repairs found necessary by Officer Commanding & Barrack Master shall be reported in a "Requisition" - this is never done but is now being attempted to be obtained by P.W. Depts Officers. But the Repairs are reported as "Damages"

Further the Barrack Masters makes no efforts to ~~obtain~~ obtaining properly signed Completion Certificates.

All which irregularities impede execution of Re-

(A)

(B)

Repairs & greatly increase amount of duty to be done by D.O.P.W. & ensure serious irregularities.

Wm Burton Lt R.C.R.C.
Offg Supply Comptr & Storekeeper
3 May/82

Dated 5th May/82

I have said that the inspections by Barrack Masters are not properly (ie in accordance with the Regulations) made = Further if I think they were made according to Regns & guided & controlled by the P.W. Officers such irregularities as the following would not have occurred.

During the last week in April Mr Gordon inspected the Executive Engineers Residency Accounts Branch & System &c. I showed him a large bundle of the Damage Lists 70 in No. amounting to Rs. 1850 then only a day or two after

after receipt from Banga-
lore. With a view to
his authorising some (viz a) fix-
ed useful form on which
these should be reported,
on the ground, that the
present use of the Dak
-mage Form was most
vicious."

I then selected at Ban-
-dom 3 out of those 70 lists
had them copied and
sent the 3 to Lt. Flavey with
a request he would very
carefully & personally scruti-
-nise the items on the 3
lists sent - I warned
Lieut. Flavey I should
very probably make further
use of his Report & asked
him to be exceedingly care-
-ful in making his Report -

His Report is now before
me and it is to the effect
that of these 3 Random
selected lists out of 70 such
lists the amounts in ex-
-cess of

1 amounting to Rs. 42-3-8 is 18-11-
2 " Rs. 20-6-2 is 19-0-8
3 " Rs. 19-4-6 is 5-15-6
Rs. 81-14-4 43-11-2

That is the amount Reported
in these 3 lists was more
than double what it should
be.

If the errors in the Remain-
-ing 67 lists are in same
proportion a deduction
which some might fairly
make - the amounts of the
70 lists would approximate
to Rs. 925 in lieu of Rs
-pas

Rupees 1850.

I am not desirous of being understood that these are other than professional errors - but I think that the very use of a form involving the "Reporting of Repairs" "as damages" "to be paid for" "by the State" is in itself a most vicious practice: it is still further vicious when the officer i.e. the Barrack Master, adopts en bloc, the Reports on this form of 2 irresponsible Non Commissioned officers - 1 of whom is directly interested in making a wrong Report.

If the Barrack Master made his own periodical inspection & then noted these Repairs and certified them to be "Repairs arising "from fair wear & tear & "not due to any neglect "or wantonness on the "part of the occupants" Much more care would be observed in the periodical Reports of the monthly inspections - Inspections which are now conspicuous in one respect only. viz - the total absence of any results. I have during the last 9 months observed these things. I have represented them in different ways and at different times to the 2 Deputy Assist Quarter Masters

Master Generals of Centre
District & Mysore Divn.
to the Superintg Engr
to the Examiner P.W.D. & Accounts.
& to the Chief Engineer -
in fact ad nauseam
paid for the future ites
I think quite useless for
me, with my time other-
wise more than fully
occupied, to continue
to make any Representa-
tions on the Subject -
Until at least I am
assured of the Chief Engi-
neers personal support
in my endeavours, as
the disbursing officer to
check what I am sure
is a great wrong doing.
— So far as the proper
care & maintenance of
the Barrack Buildings

is concerned I believe the
continuance of such a
method militates exactly
- such against such proper
maintenance in several
ways for it
(1) wastes money
(2) tends to make the
occupants of a Barrack
careless in their treatment
of it
(3) Recognises the absence
of proper periodical in-
- spections.
Further - the Damage
Form thus wrongfully
mis-applied tells me
directly by the absence
of its proper use that
there is no such thing as
a Barrack Damage
Hardly

hardly ever charged
to the occupants because
during these last 9 months
I as Executive Engineer
have received for the
purpose of checking the
priced list 1 Damage
Form properly used and
that was on the occasion
of the European Infantry
Armourer's Shop at Banga-
galore being dismantled
during its occupation by
the 67th Regiment of Fit-
-ments to the tune of Rs 540.
I mean whenever these
forms are properly used
as Damage Lists
I should receive them
to check the amounts
estimated by Barrack
Master

Master as Damages:
on the above 1 occasion
only, during these 9 months.
Has this form been thus
used in the sense and
method it was intend-
-ed to be used by the
Madras Army Regulation
Vide para 2239 - 2242. 2244.
If the monthly inspect-
-ions 2238 Madras Army
Regulation were efficiently
conducted such an extra-
-ordinary Damage Report
would not, as I think,
have ever been necessita-
-ted. I have of course
brought it to the notice
of the Major General
Commanding and the
matter

matter is still with him for further action: so I am unable to say whether the State or the Troops will be called on to make good that wonderful Damage.

W.H. Buxton Lt. Col. R.E.
Offg. Engr. & Surveyor.
5 May/52

Madras. 9 May 1882.

I have given many
I trust sufficient, reasons
reasons for the interests of
H. M. Service for making
some change in the mode
of doing the Barrack De-
partment duties – it will
be well now to consider
the remedies for or rather a
system which would not
involve any of the faults
of the existing system or any
faults of its own.

The duties of the
Barrack Master
Barrack Sergeant at
Bangalore consist properly
& generally according to
Madras Army Regula-
tions in

(1) Making a monthly inspection of all Military Buildings at Bangalore and of estimating such Repairs as seem to the Barrack Master to be needed which are not likely to cost Rupees 50

(2) To make by his Barrack Sergeants weekly inspections of all Barrack furniture to execute Repairs to such to note any damage to furniture or to Buildings &c. to assess the same with a view to the troops paying for such.

In my opinion, formed after 10 Consecutive years employment which involved all the above duties except Repairing Barrack furniture

Monthly inspection was quite sufficient to keep the Barracks in good order. more frequent inspections are actually mischievous because a month is often taken in inspecting, reporting, estimating & getting Contractor to execute such Repair: at any Rate there is something very wrong if such Repairs are not completed by the date of the monthly inspection next after that at which such Repairs were first noted: if a Repair is seen to be wanted at

2 or 3 consecutive inspections it is very easily written 2 or 3 times over in 2 or 3 consecutive lists. As to Repairs to furniture I had officially during the above 10 years experience in Barrack duties nothing to do with such - but I know + saw that the Barrack Master (1867-72) & Controller (1872-75) or Commissariat Officer made a monthly inspection & a monthly inspection only.

The idea of weekly inspections resulting properly in any good to any one seems to me quite preposterous. I doubt if any such are really always made even now

If + if only, the S. of W. Department have in future to supply this furniture then I think the P.W. Department officers should undertake its Repairs. But if it is to be supplied by the Commissariat or by any other Department then I think that other Department should undertake its Repair.

Hitherto the supply of Barrack furniture has been made by the Commissariat Department: and as the Barrack Masters duties have been to act as a kind of wet nurse to Commissariat for Repairs of furniture and to D.P.W. for petty Repairs to Barracks -

The

The broad principle should be adopted & maintained "the Department which makes & supplies should repair" whether applied to Furniture or Buildings = the 2 duties supplying and repairing are obviously so closely connected that it seems further argument on the subject is not required.

The Barrack Master Madras now performs the 2 above mentioned duties at Fort St George, Vepery, Royapooram, Seram. bore. all in the Presidency Division, also at

Tonnamalle } in
Palaveram } Chingle.
St Thomas Mount } put Dn
& Vellore - N. Arcot Dn

I would propose therefore to add all Military Works at those Stations to the Executive Engineer of the Centre District & to the duties will be conterminous with the Brigadier's General's Command.

Again in Mysore the Barrack Master does duty at Bangalore & at Seringapatam Works, Mysore & Morcara at which 3 places also the Executive Engineer Presidency does duty.

The Work at Wellington is done by the Executive Engineer Coimbatore as to D.O.W. & by Barrack Master Bangalore I believe as to Barrack

Master's duties. I would therefore complete the arrangement by adding Wellington to charge of Executive Engineer of District of Mysore D. w. & the Officers Commanding the 2 Divisions would then have 1 officer to consult & look to for all Requirements.

I feel sure that no matter what Royal Engineer or other officer is deputed to be the Executive Engineer he will be able to show better results than now when his attention is diverted to such different branches of work as Civil Buildings & Irrigation both in Repairs and

paid construction. Again as to that portion of the Barrack Masters duties which consist of Repairing Barrack Furniture if the D.S.W. is to be the Department supplying this furniture I personally do not think it would perform properly & economically such a duty but if it is to supply them it should & then only, Repair such furniture - but, if it is not to supply, then it should not Repair it. This reminds me of a private transaction I once had Regarding a pair of exceedingly neat but originally expensive

London

London made boots
which I requested a
village Shoe maker,
on the score of economy
to resole - he point-blank
refused to do so, with
the remark "No - Sonby
"mends what I makes".
he wisely, I think, preserved
his reputation to any possible
shilling he might have
made by bungling over
an old pair of boots.
In this more important
matter two, of the Repairs of
Barracks & of furniture
I am sure the same wise
& most practical principle
should be followed - Where
= seen trouble must surely
come upon the Department
if

if it undertakes the Re-
-pair of may be a deceipet
lot of bed steads & cracked RE
pots. With the District
Engineer I readily as
in his letter No 6703 dated
I fully concur and
24th March 1877 I am sure
that the arrangement (viz
of transferring Barrack
Masters duties to D.O.M.)
would result, with ad-
-vantage to Her Majesty's
Service in

I Enlisting the professional
aid of the D.O.M. Officers
in the maintenance of
Barracks

II avoiding the present
divided responsibility
of the charge of Barracks,

III Diminishing Corres-
-pondence By I am
= permitted to freely use
& to oblige to use freely used
certain authorised print-
-ed forms and Stores
= otyped method of

doing the ordinary work in-
=volved in the maintc=
-nance of Barracks
& am not Myself to be troubled with dockets
with extraordinary numbers & dates—
IV Tending to reduce
establishments and
general expenses

I am certain all these
advantages are attainable
with the transfer coupled
with a Redistribution of
works at the Mount,
Poodamallee, Palamcam
Vellore and Wellington
between the Executive
Engineers Presidency
Chingleput & North
Arcot. I do not
know what the cost
of the Barrack Depart-
ment is - it would
be most accurately
obtained through the
Military Secretary
to

to Government.

GOVERNMENT OF MADRAS.

MILITARY DEPARTMENT.

15th March 1882, No. 1232.

Commissariat Department.

Read the following paper :—

INTRODUCTION OF A COMMISSARIAT CODE.

No. 171. *Extract from the Proceedings of the Government of India, Military Department, under date Fort William, 23rd February* 1882, *No.* 526-*D.*

Commissariat Department.

Read the following correspondence, on the subject of the formation of a Committee to inquire into the practicability of simplifying the work of the Army Commissariat in India, in view especially to economy of establishments, the assimilation of commissariat routine in the three Presidencies, and the preparation of a draft code and forms of accounts and returns for use in times of peace and war ; also the report of the Committee and the replies of the various authorities to whom the report was submitted for opinion :—

Resolution of Government of India, Military Department, No. 921, dated 27th May 1878.
Military Department letters, Nos. 7346-S-T, 7347-S-T, and 7348-S-T, dated 30th November 1880.
Military Department letters, Nos. 7407-S-T, 7408-S-T, and 7409-S-T, dated 3rd December 1880.
Report of the special Commissariat Committee appointed by the Government of India to simplify and assimilate Commissariat procedure, and to prepare a Commissariat Code for all India, 11th May 1881.
Opinions expressed on the above report, 26th October 1881.

OBSERVATIONS.—In the correspondence above quoted the Governor-General in Council was pleased to decide that, in view to effecting economy of establishments, a searching inquiry should be made into the question of the simplification of the work of the Army Commissariat Departments in India, and with this object a Committee, composed of a Commissariat Officer from each of the three Presidencies and a member of the Military Account Department, was assembled in Calcutta on the 15th December 1880. The instructions given to this Committee were briefly that, in communication with the Commissaries-General of the three Presidencies, and in personal consultation with the Controller of Military Accounts and the Examiner of Commissariat Accounts, Calcutta, they should prepare a report showing how work could be reduced, assimilated, and simplified in the executive, administrative, and account divisions of the Commissariat Departments of the three Presidencies for peace and war. They were also required to report in detail on the best method of carrying out the proposals* of the Army Organization Commission of 1879, in regard to having central account offices to deal with all accounts of commissariat expenditure within a certain circle, and in regard to relieving the Commissariat Department from many miscellaneous and extraneous duties, the relief to be arranged so that the number of disbursing and accounting departments might not be increased.

* Paras. 386 and 399.

2. The Committee was requested to frame the draft of a Commissariat Code for all India, the details of which could be subsequently filled in and elaborated by a selected officer, a member of the Committee, and finally all recommendations were to be put into such a shape that they could, if approved, at once be carried into effect.

3. The Committee submitted their report on the 11th of May 1881, together with a draft of commissariat rules in force in the several Presidencies intended to be used in the subsequent elaboration of the Commissariat Code. These papers were circulated amongst the authorities marginally cited, and the draft of the rules was sent to the officers of the Commissariat and Military Account Departments of the three Presidencies, and were returned with the remarks and opinions of the officers concerned.

Government of Madras.
Government of Bombay.
Adjutant-General in India.
Quartermaster-General in India.
Controller of Military Accounts, Bengal.
Accountant-General, Military Department.

4. The report, with the opinions thereon, having received the careful consideration of the Governor-General in Council, final instructions will now be issued in regard to the various recommendations made in the report, and the general adoption of the code and its forms as an authoritative publication for guidance in the Commissariat Departments throughout India.

RESOLUTION.—The Governor-General in Council is pleased to decide that the various recommendations of the special Commissariat Committee shall be accepted, to the extent and in the manner hereinafter detailed—

Accounts.

1. The new forms of accounts recently introduced* in Bengal should, under the orders of the Governments of Madras and Bombay, be made applicable to those Presidencies from the 1st of April next, and no deviation from these forms should be permitted without reference to the Government of India. The revised forms of cash book should likewise be made universally applicable, but with reference to the note to para. 11, the salaries of establishments received from Military Paymasters are not to be entered therein.

Paras. 11 to 16.

* See Circular, Controller of Military Accounts, Bengal, Nos. 517 of 1880 and 524 of 1880.

2. The periodical returns of credit and expenditure referred to in the 10th para. of the Committee's report should be submitted quarterly only in the form used by the Bengal Commissariat.

Para. 10.

The forms of budget estimates will be revised by the Controller of Military Accounts, Bengal, in communication with the Controllers of Madras and Bombay, and when finally approved by the Government of India shall be held applicable to the three Presidencies.

3. The Government of India approve of a trial being given in the Bengal Presidency of the system of central offices of Commissariat Accounts as recommended by the Army Organization Commission. The Commissary-General, Bengal, should nominate an officer specially selected for his knowledge of accounts, and indicate a group of two or three executive offices to which the experiment may conveniently be applied. He will also, in communication with the Controller of Military Accounts, arrange all minor details connected with the distribution of duties between the central account office and its subordinate executives. Should the central account office system succeed, it will be extended in Bengal, and gradually introduced in the other Presidencies.

Paras. 20 to 29.

4. The proposal that the Commissariat Officer's field cash account shall consist only of a copy of his cash book with supporting vouchers is approved, but the system is not to be applied to peace accounts, as the new forms now sanctioned are sufficiently simple and require no further modification.

Paras. 32 and 33.

5. All payments in the field should be as far as possible final payments, and advances should be restricted within the narrowest possible limits. Each Executive Officer in the field should keep a ledger of all absolutely necessary advances, and should insist on their prompt adjustment; and the Government of India accept the proposal of the Controller of Military Accounts, Bombay, that a copy of the statement of outstanding advances and deposits should be furnished by the Examiner to the Executive Officer in the field.

6. The Government of India are unable to accept the recommendation of the Committee regarding responsibility for indents and for the direct communication of objections by the Examiner to indenting officers. The rules on this subject laid down in the Government of India, Military Department letter, No. 205, dated 3rd February 1875,* appear sufficient to meet all cases.

Paras. 38 and 39.

* Procs. of Madras Govt., No. 768, dated 16th February 1875.

7. With regard to the proposals made by the Committee on the subject of retrenchments, the Government of India consider that trifling inaccuracies in cash and store accounts, not exceeding one rupee in amount or value, may be overlooked, it being still left to the discretion of the Examiner to bring to the notice of Commissariat Officers all cases in which such errors are numerous, and to check such excess if necessary.

Para. 40.

8. The Committee's recommendations in regard to the abolition of the daily advice of cheques in Bombay, as well as the statements referred to in clause *b*, are approved of. Most of the forms referred to are unnecessary under the new system of accounts. The minimum limit for cheques is fixed at Rs. 10.

Paras. 50*a* and *b*.

9. The proposals made for relieving the Bombay Commissariat of certain duties foreign to its legitimate work are generally approved, and the Governor-General in Council requests that, under the orders of the Governor in Council, the various departments concerned in Bombay may be requested to consider how far it will be practicable to introduce into that Presidency the system of landing Government consignments as obtaining in Bengal. The supplies of all non-military hospitals should be in future made by the civil departments concerned, and it should be considered how suitable arrangements can be made for the transfer from the Commissariat to the Marine Department of the payment of all bills for passages of troops by contract or other steamers.

Paras. 43 to 45.

10. The Director of Army Remount Operations for India and the General Superintendent of Horse Breeding Operations should at once report how the Committee's recommendations for relieving the Bombay Commissariat of all duties connected with remounts and stallions can be best carried out.

11. Orders will issue hereafter upon the Committee's recommendation that the Ordnance Department, Bengal, be required to pay its own bills, as in other Presidencies.

12. The proposal to relieve the Commissariat Department of all duties connected with the issue of line gear in the manner detailed in para. 48 requires further consideration, and the Government of India will invite the opinion of His Excellency the Commander-in-Chief on the system proposed,—that the supply of all articles be decided between the Ordnance Department and Officer Commanding Corps and Batteries.

Para. 48.

13. Under the orders of the Government of India the duty of making up all hospital clothing has, in Bengal, been recently transferred* to the Army Clothing Department, and the Governor-General in Council invites the Governments of Madras and Bombay to consider whether it may not be practicable to adopt a similar procedure in those Presidencies, it being however understood that the Commissariat Department will arrange for the distribution of the clothing and continue to supply hospital bedding. Field service clothing should be still supplied by the Commissariat Department, all possible assistance being, however, given by the clothing agencies.

Paras. 49, 109.

* Military Department No. 3146-E, dated 28th December 1881, to Adjutant-General.

Contracts.

14. The Government of India approve of the system of advertisements regarding contracts being widely published, all necessary information being incorporated in the printed tender forms and schedules, the blanks in the former and the quantities in the latter being filled up before the forms are issued *gratis* to competitors by Commissariat Officers.

Para. 66.

15. The system of selling petty contracts by auction may be considered as generally applicable, it being understood that, as a general rule, this system of inviting offers is to be restricted to supplies usually made by petty bazaar dealers, to whom the tender system is unfamiliar.

Para. 68.

16. The Government of India having carefully considered the Committee's recommendations in regard to scales of earnest money and security deposits, are of opinion that they are too high, and the following rules are therefore laid down for guidance :—

Paras. 72 to 77.

17. The earnest money to be lodged with tenders is fixed at $2\frac{1}{2}$ per cent. on the estimated aggregate value of the supplies to be made, with a minimum limit of Rs. 50, the amount of earnest money being in all cases calculated by the Commissariat Officer and published in the advertisement. The security deposit is fixed at 10 per cent., calculated on the value of the probable quantity of stores to be delivered in the year. In special cases, when the failure to supply might involve extreme inconvenience to the troops or heavy loss to the State, the Commissaries-General are authorized to increase the amount of security deposit within a maximum of 20 per cent.

18. When the security deposit calculated as above exceeds Rs. 10,000, the actual amount to be fixed is to be specially fixed by the Commissary-General. The security deposit is to be, as a rule, in cash or Government loan paper, but the Governments concerned may in special cases take a security bond in lieu of cash or of Government paper deposit.

19. The Government of India are of opinion that the utmost publicity should be given to every step in the process of inviting tenders and arranging contracts on behalf of the State, and no departure should be allowed from the rule made applicable in this resolution to the three Presidencies, which requires that all tenders be opened and read aloud for the information of all concerned.

Para. 73.

20. The recommendation that contracts for supplies or services involving an annual outlay not exceeding Rs. 600 may be sanctioned by Executive Commissariat Officers, is approved, but a report of all contracts thus made, specifying the rates accepted, should be sent to the Commissary-General through the Examiner.

Para. 80.

21. The Committee have recommended the sub-division of the Bombay Executive Commissariat Office, and the transfer of certain specified duties to a separate and independent Storekeeper-General. The system recommended has been found of great benefit in the Bengal and Madras Presidencies, and the Government of Bombay is invited to give effect to this recommendation, which the Government of India hope may be soon introduced.

Para. 90.

22. The Storekeepers-General of the three Presidencies should be disbursing officers.

23. Arrangements have been made for the compilation of a revised nomenclature of stores and stock applicable to the three Presidencies.

Para. 99.

24. The Committee's suggestion for simplifying the method of writing off wastage for the three Presidencies is approved ; this arrangement will do away with much useless labor.

Para. 103.

Field Commissariat.

25. The Government of India consider that the recommendations of the Committee in regard to the arrangements necessary for a field commissariat are of value as a record of the experience gained during the recent campaign ; and as far as the circumstances and conditions of the field service to be undertaken will admit, these recommendations should serve as a future guide, and have therefore been entered in the Commissariat Code to the extent found practicable.

26. The future scale of field service rations for Native troops will be that laid down in para. 641 of the Commissariat Code.

Paras. 124 and 125.

27. With regard to the Committee's proposed scheme for family remittances of followers, the Government of India recognize the necessity for the provision of a system which will ensure the families of followers receiving regular and punctual remittances. Such a system will lessen the difficulty of procuring followers on reasonable rates of pay in time of war. The subject is one which should receive the special consideration of the Account Departments of the three Presidencies before the experiences of the difficulties of the late campaign in this respect are forgotten. The Controller of Military Accounts, Bengal, therefore, in communication with the Controllers of the other Presidencies, should submit definite proposals for the approval of the Government of India, on the basis that discontinuance rolls are to be sent in from the field, either from Executive Commissariat Officers' rolls, or from the followers' tickets.

Paras. 146 and 147.

28. The recommendations of the Committee made in the paras. marginally cited, regarding the equipment for troops and horses on boardship, having received the careful consideration of the Government of India, will form the subject of an Army Circular to issue shortly as applicable to the three Presidencies. The scale of rations for long sea voyages of fifteen days or more in duration has been notified in India Army Circular No. 226 of 1881. For short voyages from port to port the existing scale continues unchanged.

Paras. 158 to 162.

Personnel.

29. Certain recommendations have been made in regard to the amount of field batta and foreign service allowance, travelling allowances, and marching batta which is to be given to clerks and gumastas of the Commissariat Department. The Government of India accept these recommendations, and their provisions will be published in an Army Circular as applicable to the three Presidencies.

Paras. 196 to 199.

30. The Committee's recommendations, that wherever possible public buildings in central positions should be provided for commissariat offices, is in accordance with the Bengal system of concentrating army staff offices, and this system should be extended to the Commissariat Department throughout India as much as possible.

Para. 209.

31. The Committee have proposed that indents for stationery be sent direct to the Stationery Department, and that the transmission of estimates for stationery be discontinued. These recommendations have reference to the practice at present in force in the Madras and Bombay Presidencies, and the Government of India, in considering the Committee's recommendations worthy of acceptance, invite the Governments of Madras and Bombay to give effect to them. The supply of stationery for hospitals should be made by the Commissariat Department.

Victualling Europeans.

32. The Government of India will be glad if the Government of Bombay will consider the practicability of giving effect to the measure suggested in para. 212 of the Committee's report, regarding an option being given to British troops in their selection of the meat ration.

Paras. 214 to 227.

33. The recommendations made in the marginally-cited paras. of the Committee's report are accepted, and provision has been made for them in the Commissariat Code. Those which effect changes in the supply of rations, &c., to British troops in the three Presidencies will be incorporated in an Army Circular for the general guidance of the regimental authorities concerned.

Paras. 244 to 248.

34. In regard to the Committee's recommendations on the subject of accounting for rum and malt liquor, revised rules should be prepared by the Controller of Military Accounts, Bengal, in communication with the Controllers and Commissaries-General of the other Presidencies.

Para. 259.

35. The method proposed by the Committee for recovering the cost of shipping officers' chargers is approved.

Barrack Supplies.

36. The duty of making up furniture for barracks and hospitals is not one which should properly appertain to the Commissariat Department; and in view to ensure uniformity of practice throughout India, the Government of India will be glad if the Government of Madras will give effect to the Committee's proposals that the Public Works Department should undertake this work in the Madras Presidency.

Medical.

Para. 281.

37. Field ambulances and doolies are placed in charge of the Commissariat Department in Bengal; and as the convenience of this arrangement has been proved, the Government of India consider that the course laid down in India Army Circular, No. 146, of 1880, might, with advantage, be adopted in the Madras and Bombay Presidencies.

General.

Paras. 335 to 339 and 341.

38. The recommendations of the Committee, as contained in the paras. marginally quoted, are accepted, with the exception of clause *e*, and an Army Circular giving effect to these proposals will be issued as applicable to the three Presidencies.

Paras. 171 to 192.

39. The Government of India are not prepared to accept the recommendations of the Committee for increased establishments for the Commissariat Departments of Madras and Bombay. Where such increase is considered imperatively necessary, the usual applications should be made, accompanied by detailed explanations of the necessity of the measure and of its financial bearings.

40. The proposal to classify all clerks and gumastas in a certain number of grades, with fixed rates of pay, is accepted, and the Government of Bombay is invited to submit definite proposals, framed with due regard to economy of establishments and salaries. The Commissary-General, Bengal, should submit similar proposals.

Para. 94.

41. The Government of India accept the Committee's recommendations that stores should, as a rule, be kept by Native agents, supervised in large stations by Warrant and Non-Commissioned Officers. The dual agency should be limited to first-class stations and depôt godowns, all other godowns having Native agency only. The Government of India will be prepared to receive proposals for the revision of establishments on this basis from the Governments of Madras and Bombay.

Paras. 161 and 162.

42. Proposals have been made to substitute contracts for the present system of supplying meat by departmental agency, but the Government of India consider that, as existing arrangements in Bengal have effected large savings, it is rather advisable to introduce and extend this system into the other Presidencies, and the Governments of Madras and Bombay are therefore now invited to consider how this can best be done.

Para. 105.

43. In the Madras and Bombay Presidencies English weights and measures are used in the Commissariat Department, and the Committee have proposed the introduction of a like system in Bengal. The Controller of Military Accounts, in communication with the Commissary-General, Bengal, should submit proposals for giving effect to this recommendation, both for home and foreign service. Meanwhile, issues of grain and forage to horses and Government cattle should be made in pounds, as the Committee recommend, and an Army Circular will issue to this effect.

Para. 182.

44. The Government of Madras are invited to favor the Government of India with proposals for giving effect to the proposal of the Committee for the equalization of the staff pay of Commissariat Sergeants with that of similar ranks in other Presidencies, with due regard to the effect of these proposals on the barrack and other departments.

Para. 231.

45. The proposal that Native victualling establishments be attached, as in Bengal and Bombay, to British regiments in Madras, recommends itself to the Government of India, who will be glad to be favored with a statement from the Government of Madras showing the cost of the measure.

Para. 37.

46. The Committee have recommended that a list of vouchers for the three Presidencies be printed, circulated, and strictly adhered to. Those in "Whelan's Compendium of Commissariat Rules" are approved for Bengal, and shall be adopted in Madras and Bombay with such minor modifications as local conditions may render absolutely necessary.

47. There are several minor recommendations on which the Government of India have not considered it necessary to pass separate orders; they will be found embodied in the code.

Transport.

Paras. 293 to 388.

The Committee's recommendations in regard to transport have generally the approval of the Government of India, and the Commissary-General should instruct the Deputy Commissary-General for Transport to include in the scheme now under his final consideration such of the proposals as can be at once practically applied. The proposed scales of feed at graze and in cantonments are approved with some slight modification, and will be published for general guidance.

The Governor-General in Council is now pleased to direct that the Commissariat Code, which has received the final approval of the Government of India, together with its forms of accounts and returns, shall from the 1st April next be regarded as an authoritative guide for commissariat procedure in the three Presidencies; no deviation should be permitted from the regulations therein contained without the sanction of the Government of India.

The proposals of the Commissariat Committee in regard to which further report has been called for in this resolution, when finally settled by the Government of India, will be embodied in addenda and issued for inclusion in the code hereafter.

The thanks of the Government of India are hereby conveyed to the Committee for the complete and satisfactory manner in which they have instituted their inquiry and framed their report. The subsequent elaboration of the Commissariat Code has devolved upon Colonel H. P. Hawkes, of the Madras Commissariat Department, President of the Committee, and the Governor-General in Council considers that the particular acknowledgments of the Government of India are due to him for the way in which he has discharged these important and laborious duties.

Secy. to the Govt. of India.

ORDER.—Ordered, that the above resolution, together with copies of the Commissariat Code, be communicated for information and guidance to the Governments of Madras, Bombay, the Punjab, and the North-Western Provinces and Oudh; the Chief Commissioners of British Burmah and Assam; the Public Works Department; the Adjutant-General in India; the Quartermaster-General in India; the Commissary-General, Bengal; the Inspector-General of Ordnance, Bengal; the Director of Army Remount Operations in India; the General Superintendent, Horse Breeding Operations; the Controller of Military Accounts, Bengal; and the Accountant-General, Military Department.

(Signed) T. DEANE, Captain,
Asst. Secy. to the Govt. of India.

No. 172. ORDER THEREON, 15th March 1882, No. 1232.

Communicated for the information of the Commissary-General and the Controller of Military Accounts, and for guidance.

2. *Accounts.*—In accordance with the instructions of the Government of India, the Right Honorable the Governor in Council directs that the new forms of account recently introduced in Bengal be adopted in this Presidency from the 1st April 1882.

3. *Hospital Clothing.*—With reference to para. 13 of the Resolution of the Government of India, the Superintendent and Agent for Army Clothing will report

at an early date, through the Controller of Military Accounts, whether his department can make up hospital clothing, hitherto supplied by the Commissariat Department.

4. *Personnel.*—With reference to para. 31, the Superintendent of Stationery will report whether any objections exist to the proposal therein conveyed.

5. *Barrack Supplies.*—With reference to para. 36, the Public Works Department will state whether it can undertake the supply of furniture for barracks and hospitals in this Presidency.

6. *Sick Carriage.*—With reference to para. 37, the Government request to be favored with His Excellency the Commander-in-Chief's opinion on the proposal of the Government of India that the course in reference to sick carriage laid down in India Army Circular No. 146 of 1880 should be adopted in this Presidency.

7. *General.*—With reference to para. 41, the Commissary-General will submit, through the Controller of Military Accounts, for the consideration of Government, any proposals he may have to offer for the revision of establishments on the proposed basis.

8. With reference to para. 42, the same officer will report, through the Controller of Military Accounts, in what way the suggestions of the Government of India can best be carried out.

9. With reference to para. 45, the Controller of Military Accounts will submit the statement therein called for.

10. The copies of the Indian Commissariat Code will on receipt be forwarded to the Commissary-General for distribution.

GOVERNMENT OF MADRAS.

MILITARY DEPARTMENT.

21th March 1883, No. 1779.

Barrack Department—Supplies.

Read the following papers :—

No. 373. *From Lieutenant-Colonel R. C. STEWART, Officiating Quartermaster-General, to Colonel E. L. HANKIN, Acting Secretary to Government, Military Department; dated Fort St. George, 3rd March* 1883, *No.* 1816.

In forwarding the papers as per margin, I have the honor, by order of His Excellency the Commander-in-Chief, to solicit the orders of Government on the question as to whether the Public Works Department or the Commissariat Department should receive into stores unserviceable privy pans, iron receptacles, &c.

Memorandum, No. 596, dated 24th February 1883, from the Assistant Quartermaster-General, Bangalore Division, with 5 enclosures.

2. Hitherto these articles were supplied by the Commissariat Department, and were received into stores and disposed of by that department when unserviceable; but the supply of these articles having been transferred from the Commissariat to the Public Works Department from 1882-83 (*vide* O.G., No. 550, dated 2nd February 1882), the question now submitted has arisen between these departments.

3. In the opinion of His Excellency the Commander-in-Chief there is no reason for considering that the Public Works Department is acting on behalf of the Commissariat in making the issue of the articles, and therefore it would seem that the former department should receive them back when unserviceable.

No. 1454.

Referred, for remarks, to the Public Works Department.

(By Order.)

FORT ST. GEORGE,
6th *March* 1883.

(Signed) E. L. HANKIN, Colonel,
Ag. Secretary to Government.

No. 374. *Memorandum from Major J. PENNYCUICK, R.E., Under Secretary to Government, Public Works Department, to Colonel E. L. HANKIN, Acting Secretary to Government, Military Department; dated Chepauk,* 13*th March* 1883, *No.* 614-*C.*

It is considered that the supply of the pans in question should never have been undertaken by the Public Works Department at all, that department not being in the habit, as is the case in Bengal, of supplying furniture for barracks and hospitals.

2. The words "when of iron to be supplied by the Public Works Department" in the list printed with G.O., No. 1068, of 21st February 1881 (Military Department), refer to the Bengal practice, and are rightly omitted in the list showing the "Madras Scale."

3. The supply should, it is considered, be resumed by the Commissariat Department, upon which will devolve the duty of disposing of unserviceable articles.

No. 375. ORDER THEREON, dated 21st March 1883, No. 1779-.

Procs. of Govt., No. 1273, dated 27th Feb. 1883.

On reconsideration, the Government are of opinion that, as the Public Works Department in this Presidency does not supply barrack furniture, it should not be required to provide, exceptionally, the articles referred to in this correspondence; and accordingly directs, in supersession of Proceedings of Government, No. 550, dated 2nd February 1882, that the supply of such stores be resumed by the Commissariat Department, which will also dispose of all unserviceable articles of the same description.

2. Ordered that a G.O. be published expunging the words "and will be supplied by the Public Works Department," from the remarks in column 5, page 39, of the Scale of Barrack and Hospital Furniture, against the item "Pans, privy, glazed earthenware."

Exp W A

Public Works Offices,

No. 5705

BANGALORE,
8th March 1883.

From

THE EXECUTIVE ENGINEER,
PRESIDENCY,

To

THE Superintending Engineer
Circle.

SIR,

Enclosures.

I have the honor to request that the strength of the staff of the Presidency Division may be considered with regard to the duties to be done next official year.

I find that in April 1880 when Major Vibart was in charge of the Division as Superintendent of Works that he had to assist him -

3. Assistant Engineers.
4. Sub Engineers and 2 Supervisors
13 { 9. Overseers.

Major Vibart had no Barrack Supplies to make, as I have now, for Secunderabad, Rangoon, Bellary, Cannanore, Wellington, Mount

21-2-96

Mount, Bangalore and Madras-
involving extra work to the Supervisors
and Overseers as well as to myself:
nor had he any petty repairs to Civil
Buildings - of 11 or more departments,
in Madras which will have to be
undertaken from the 1st April next.

Lieut.Coll: Ross Thompson, as Suptt
of Works had duties similar to
those of Major Vibart with an
Establishment consisting -

2. Assistant Engineers
3. Sub Engineers & Supervisors
10. Overseers.
13

In April 1883 with duties consid-
erably increased, viz: by that of
certain Barrack Supplies to the above
stations and petty repairs to Civil
Buildings at Madras, the divisional
Staff - if no further transfers &c:
are to be made - will consist -

myself of -

1. Executive Engineer A.d. as Asst. Engr.
1. Assistant Engineer
4. Sub Engineer and Supervisors
3. Overseers
3

In short it would appear that
whilst the 2 Officers named were in
Executive charge of the Division with
diminished duties the Assistant
Engineers were either 2 or 3, and Sub
Engineers, Supervisors and Overseers,
13; and that now, with greatly
increased duties, the Assistant
Engineers are ——————— 2,
Sub Engrs, Supervisors & Overseers - 7.

A revision of the Establishment -
would appear therefore prima facie
to be necessary.

A great portion of the work
done by the Division in nature of
Barrack Supplies and reports to
the Military authorities never
comes before the Chief Engineer or
yourself, and consequently, is
not

21-2-83

not thought of.

If no Overseers are available from other Divisions, I have the honor to request sanction to the employment of 3 of the N.C.O.s of the 40th Company Royal Engineers, now at Bangalore. No difficulty as to their employment in the D.P.W. is anticipated, as the present No. of these men is, I am told, in excess of the established strength and of the requirements of the service.

I have the honor to be
Sir,
Your most obed.t Servant.

G.H. Burton
Lt. R.E.

Public Works Offices,

BANGALORE,

No. 6097 28th March 1883.

From

THE EXECUTIVE ENGINEER,
PRESIDENCY DIVISION,

To

THE Superintending Engineer
V Circle.

SIR,

Enclosures. 2.
1 Letter
1 List

With reference to your Endorsement No. 4508 dt. 19 March 1883, I have the honor to point out that the words quoted in Chief Engineer's ~~circular~~ Memo No. C/645 dt. 17 March 1883 should be, not as therein written, but as in my draft and thus—

"A great portion of the work, done
"by the Division, in * nature of Barrack
"supplies and reports to the Military
"authorities, never comes before
"the Chief Engineer and ....."

* add ("the") V.H.S.

I would request therefore that my report may be thus corrected, as I had no intention of conveying the erroneous impression to the Chief Engineer that the "major

part

"part of the work of the Division con-
"sisted of Barracks Supplies and
"reports to the Military authorities."

The Barrack Supplies alluded to
are stated in enclosed list, and
are intended for the different
stations named; from their bring of
different sizes and patterns and
ordered at odd times; they require
much more care and attention
than would seem necessary by their
numbers, and they are made by
me under authority of W. G.O. No: 343
of 7 February 1882.

Two days after I repo[rted] on the
subject of Divisional St[aff], on the 8th
March, I received a l[etter] from
Commissariat Deptt: sa[ying] that "that
"Deptt would supply al[l] these articles
"themselves for 1883/84[;]" but having
however already ma[de] 1/3 d. of
whole No. for the year[,] and entered
into an agreement w[ith] 2 men
for supply of the rem[ainder, I
am still obliged to receive and
dispose of the whole No. ordered -
however after end of May I hope
to have nothing more to do with
these supplies.

Hitherto the duty connected with
them has been unnecessarily in my
opinion, increased by my having
in accordance with the direction of the
Examiner P.W. accounts to treat as
each article, after its first manu-
facture, as an article of Tools and
Plant - when for instance they
come back for repair or come
back irrepairable.

I have the honor to be
Sir,

Your most obedient Servant.

W. Burton
Lt. R.E.

Circumstances of the Department in this Presidency differ from those obtaining in Bengal where the Barrack Department forms a branch of the Public Works Department. Executive Engineers do not in this Presidency maintain Carpenter's shops, and leave them-selves to resort to the local market for the manufacture of all wood-work required for buildings constructed by them.

It is suggested that the draft order be modified in accordance with the suggestion made above.

To
The Secretary to Govt
Military Deptt

Draft order in Military Department on letter from the Quarter-Master General No. 318 dated the 18th inst (Requisition for supply of certain Barrack Stores (other furniture).

The undersigned is of opinion that the Public Works Department of this Presidency should not, as a rule, be called on to supply articles other than fixtures to buildings vide para 1400 of the P. W. Code.

The

SCALE OF FURNITURE, &c.,

TO BE SUPPLIED TO

TROOPS AND HOSPITALS IN THE MADRAS PRESIDENCY.

G.O. No. 2768 W - 6 Nov 1884 -

21-2-81

No. 128.

FORT ST. GEORGE, 21st FEBRUARY 1881.

With the approval of the Government of India, the Right Honorable the Governor in Council has been pleased to authorize the publication of a revised scale of furniture, &c., to be supplied to troops and hospitals in the Madras Presidency, and directs its adoption in supersession of G.O.G., No. 191, dated 5th September 1848, and all subsequent orders on the subject.

2. Supplies will be made on requisitions signed by Commanding Officers on the departments concerned.

3. No alteration in the scale is to be made without the sanction of Government.

4. Any changes that may hereafter be considered necessary will, from time to time, appear in General Orders by Government.

5. Copies of the scale have been supplied to the Quartermaster-General, for distribution to corps, batteries and departments.

E. L. HANKIN, Colonel,
Acting Secretary to Government.

MADRAS SCALE.

Col. 25-2/Ra

Note.—I.—Furniture is not sanctioned for canteens at the expense of the State.
II.—Furniture is supplied to churches and chapels through the Commissariat Department and Civil Departments.
III.—Furniture is not to be painted oftener than once in four years at the expense of the State.
IV.—Staff Serjeants with Native troops, or in departmental employ, who are furnished with Government quarters, are allowed furniture to the same extent as is sanctioned for Staff Serjeants attached to British regiments.
V.—Provost Serjeants and their Assistants will be furnished with cots, boxes, chairs and tables according to Regulations.
VI.—The surplus stock to be maintained is on no account to exceed 10 per cent. on the number in use.
VII.—Tool chests with Batteries of Horse and Field Artillery are to be considered as furniture, and are to be left at stations when Batteries vacate their lines.
VIII.—Supply of heavy school materials should be conducted under the supervision of the Superintendent of Army Schools.
IX.—Convalescent Depôts are of two classes:—
First class depôts are those intended for two hundred (200) men or upwards; these are, Wellington and Poonamallee.
Second class depôts are those intended for less than 200 men, as Ramandroog.
X.—When Skittle Alleys are taken over by the Public Works Department from a regiment leaving a station, the responsible officer should see that the pins and balls are handed over by the regiment departing in good order, or a charge made against the regiment for repairs, &c.

W.	Wash-hand stand, with fittings ...	...	...	One for each Surgery.				

Notes.—1. For detachments of British troops, the scale of furniture to be allowed will be for 12 per cent. of sick.

2. Every hospital shall be provided with the articles of furniture at the scale entered in this list, to the extent only of the accommodation provided in such hospital.

3. When the number of sick exceeds that for which furniture is above authorised, a further supply of such necessary articles of furniture sufficient to meet the requirements of the extra sick according to the scale given in Columns 3 and 4 shall be provided by the Commissariat Department through the Barrack Department, on the orders of the Officer Commanding the Division or District. In cases, however, of rapid increase of sick in European hospitals necessitating the provision of extra hospital accommodation, barrack cots, tables, and forms may be used in lieu of similar articles of hospital furniture when the latter is not available or readily procurable.

4. The term "regimental hospital" includes the complete set of buildings for the use of each corps or detachment in each station.

5. Camp furniture will only be supplied when troops move out into camp, and will be given back when they return to quarters.

6. Hill Depôts will be supplied with furniture according to the following scale :—
1st Class.—As authorised for a regiment of European Infantry.
2nd Class.—As authorised for a regiment of European Cavalry.

MADRAS SCALE.—(*Continued*).

List of Miscellaneous Articles authorised to be issued by the Commissariat Department through the Barrack Department for use in Barracks.

1	2	3	4		5
Letter.	Articles.	Where required and for what purpose.	Authorized Proportion.		Remarks.
B.	Basin, earthen, glazed.	...	1	Per man.	Renewals limited to 15 per cent. per mensem of strength of corps or detachment. To be issued, when procurable, in preference to unglazed ones, of which latter the scale of renewals is limited to 25 per cent. per mensem of strength of corps or detachment. The issue of earthenware basins is only to be made at stations at which the issue of steel basins is not authorised.
	Basins, steel, washing.	For the use of British troops.	1	Per man.	To be tinned twice a year, and to be made over on the march of troops to the Barrack Department.
	Blankets, English, brown.	For extra issues in barracks.	1 or 2	Per man or woman.	During exceptionally cold weather, provided the Genl. Officer Commanding and the Principal Medical Officer at the station concerned consider such extra issue necessary. To be returned into store when no longer required.
	Do. do.	On the line of march.	1	Extra blanket per man or woman may be issued on the line of march during exceptionally cold weather	Under the same restrictions.
	Brooms ...	Barracks with boarded floors.	21	Per Regt. and depôt and division of Arty. above the strength of a wing of Infy.	When men undertake to clean their own barrack-rooms.
			10	Per wing and depôt and Division of Artillery below strength of a wing of Infy.	
			6	Per light field battery.	
			4	Per garrison battery.	
	Brooms, with long bamboo handles.	Cleaning roofs and walls of barracks.	2	Per barrack for a troop or company or more.	When men undertake to clean their own barrack rooms.
			1	Per barrack for less than a troop or company.	
			1	Per barrack for married men	

MADRAS SCALE.—(*Continued*).

List of Miscellaneous Articles authorised to be issued by the Commissariat Department, through the Barrack Department, for use in Barracks.

1	2	3	4		5
Letter.	Articles.	Where required and for what purpose.	Authorized Proportion.		Remarks.
B.	Brushes, with long handles.	Barracks with stone floors.	21	Per Regt. and depôt and division of Arty. above strength of wing of Infantry.	Undertaking to clean their own barracks.
			10	Per wing and depôt and division of Artillery under strength of wing of Infy.	
			6	Per light field battery.	
			4	Per garrison battery.	
	Brushes, washing.	For palliasse and pillow cases.	20	Per cent. per set of one palliasse and one pillow in use. In lieu of these brushes, men on the unattached list are allowed compensation at the following rates :—2 annas for single and 4 annas for married men, each, per annum.	They are required to last for a year, and are not to be replaced unless reported to be unserviceable.
	Brushes, scrubbing, coir.	Barracks, scrubbing furniture	21	Per Regt. and depôt and division of Artillery above the strength of a wing of Infy.	Undertaking to clean their own furniture.
			10	Per wing and depôt and division of Artillery under strength of wing of Infy.	
			6	Per light field battery.	
			4	Per garrison battery.	
	Buckets, water, for cesspools.	...	...	According to requirements.	
	Burners, glass, oil, common.	Barracks and accessories for lanterns.	1	Per lantern in use	Renewals 5 per cent. per mensem on the number in use.
	Burners, kerosine lamps.	Do. do. ...	1	Per lantern in use	Renewals 2 per cent. per annum if metal, and 7 per cent. if glass.
	Burner, tin ...	...	1	Per tin lamp.	
C.	Carts, urine ...	...	...	As required, according to circumstances.	For barracks to convey the urine.
	Cover, perforated	For filter-stands	...	One per filter-stand, to be placed on the lowest ghurrah.	20 per cent. per mensem for renewals on the number in use.
	Candlestick and shade.	Officers' guard-room.	2	Per officer on guard.	
	Casks, half, or reservoirs with lid.	Lavatories, to hold water for basins.	2	Per lavatory not provided with pucka reservoirs or tanks for the purpose.	
	Chimneys ...	Kerosine lamp...	1	Per lamp	Renewals at 15 per cent. per mensem on the number in use.
	Do. ...	Lamps, night schools.	1	Per kerosine lamp	Renewals at the rate of 5 per cent. per mensem on the number in use.

MADRAS SCALE.—(*Continued*).

List of Miscellaneous Articles authorised to be issued by the Commissariat or other Department, through the Barrack Department, for use in Barracks.

1	2	3	4		5
Letter.	Articles.	Where required and for what purpose.	Authorized Proportion.		Remarks.
C.	Cutters, chaff...	...	...	.....	For use of gram-shed.
G.	Gear, well, viz:—Rope, hemp, pulley, mote, leather, with iron frame.	Wells for soldiers gardens, plunge baths and tatties.	1	Each per well, also a yoke to each pair of bullocks.	Gear for wells of company gardens will not be renewed or repaired by the State after the first supply has been made. Gear for wells of regimental gardens and plunge baths will be repaired as necessary; but for the former, renewals will not be made oftener than once a year at the expense of the State.
J.	Jars, water ...	.....	...	Sufficient to contain two gallons per man. The jars supplied will be of sizes of from ten to twenty gallons, with intermediate sizes as necessary.	Renewals three times a-year.
L.	Lamp, globe, street.	...		.....	For outside of barracks.
	Lamps, whether kerosine or common.	Barracks ...	6	Lamps per every 100 soldiers in barracks, whether the barrack be a company or half-company one. At stations where the number of rooms renders this scale inapplicable, the number of lamps in use may be increased to such an extent as will admit of one light burning all night in each room used as a dormitory.	N.B.—The use of naked lights is strictly prohibited in barracks, *i. e.*, of lights not enclosed in lanterns.
			1	Per latrine and urinal in use	Those attached to Staff Serjeants' quarters are not provided with lamps by the State.
	Lamps, kerosine	Regimental, quarter and main guards.	2	Per guard	A lamp to burn all night is allowed for the prisoners' room of the quarter and main guard of British troops.
	Do. ...	Night school ...	1	Per four men attending at one time. The attendance to equal twenty-five in complete regiment of European Cavalry or Infantry, twenty in wings of regiments, in combined Artillery Schools and Convalescent Depôts, and fifteen in detached batteries of Royal Artillery.	

MADRAS SCALE.—(*Continued*).

List of Miscellaneous Articles authorized to be issued by the Commissariat or other Department, through the Barrack Department, for use in Barracks.

1	2	3	4		5
Letter.	Articles.	Where required and for what purpose.	Authorized Proportion.		Remarks.
L.	Lamps, kerosine	...	2 Hanging lamps.	For an area of 1,000 superficial feet.	For every man a barrack is calculated to accommodate (Serjeants' room excepted), 45 superficial feet of area will be lighted until tattoo; five lamps, in the proportion of about two hanging to three wall, according to circumstances, being allowed per 1,000 superficial feet. The distribution of the lamps in each barrack will rest with Commanding Officers, who will, however, be responsible that whenever a barrack is, under any circumstances, only partially occupied, the full number of lamps are not lighted. After tattoo, only one lamp will be left burning in each dormitory during the rest of the night. In barracks in hill stations, only thirty superficial feet of area per man will be lighted until tattoo.
			3 Wall lamps.		
			For rooms containing 1 to 399 superficial feet.	1 lamp, either hanging or wall.	
			For rooms containing 400 to 599 superficial feet	1 hanging lamp. 1 wall lamp.	
			For rooms containing 600 to 799 superficial feet	1 hanging lamp. 2 wall lamps.	
			For rooms containing 800 to 999 superficial feet	2 hanging lamps. 2 wall lamps.	
			For rooms containing 1,000 superficial feet	2 hanging lamps. 3 wall lamps.	
			The proportion of hanging to wall lamps, within the above scale, will be left to the discretion of the Standing Barrack Committees, so as to suit the peculiar form of construction, &c., of different rooms, but the scale once fixed by the Committee will be final, subject only to change under special instructions from Headquarters.		
			In cases where rooms contain more than 1,000 superficial feet, the excess space is to be lighted in accordance with the above scale.		

N.B.—For lights for barracks and hospitals occupied by Native troops in Burmah, and for guards generally, and oil for gates, &c., see Madras G. O. G., No. 803 of 1878.

MADRAS SCALE.—(*Continued*).

List of Miscellaneous Articles authorized to be issued by the Commissariat or other Department, through the Barrack Department, for use in Barracks.

1	2	3	4		5
Letter.	Articles.	Where required and for what purpose.	Authorized Proportion.		Remarks.
L.	Lamps, kerosine	Serjeants' Messes	1	Lamp for every six Serjeants in mess.	The lamp will not be provided at the expense of the State, but only the kerosine oil (4 oz. daily for every six Serjeants in mess.)
	Lanterns ...	Guards, Native	1	Per Native regimental guard occupying public buildings.	
	Lanterns, bull's eye.	Guards, British	1	Per guard.	
M.	Measures, copper, from 1 imperial gallon to ½ dram.	...	...	.....	For use of canteens.
	Musquito curtains, palliasse and pillow-cases, &c.	Officers' guard rooms, main.	1	Per officer on guard.	
P.	Palliasse cases, 6′ 6″ × 2′ 9″ (when stuffed)	...	2	Per iron trestle cot, to be the property of Government.	These are required to last three years.
	Pegs with brackets for caps.	...	1	Peg to every Serjeant ...	For Serjeants' mess rooms.
	Pillow cases, 2′3″ × 1′ × 4″ (when stuffed.)	...	2	Per iron trestle cot, to be the property of Government.	These are required to last three years.
	Leather strap with buckle.	...	1	Do. do. ...	Do. do.
	Pans, privy, glazed earthenware.	...	1	Per opening in privy seat ...	Renewals 25 per cent. monthly on the number in use. Iron privy pans to be used only when good glazed earthenware ones are not procurable, ~~and will be supplied by the Public Works Department.~~
S.	Scales, copper, with brass weights for groceries.	...	Sets 2	For a regiment, and half of the number for wing of a regiment, for a troop or company.	For the use of rationsheds.
	Scales, weighing gram, Bengal pattern.	...	...	.....	For the use of gramshed.
	Scales, wooden, to weigh 5 cwts., with iron weights from 56 lb. to 1 lb.	...	...	.....	For the use of rationshed and forage yard.

Note.—At stations where kerosine oil is cheaper than common oil, it can be used for lighting barracks. Where dormitories of single men are also used as day-rooms, they are to be lighted by kerosine oil all night—*i.e.*, one lamp to burn all night.

G.O. 223 of 1883

Slippers, pairs	1	1	4	4	6	12	20	
Stockings, half cotton	3	1	12	12	18	36	20	
Do. do. worsted	2	1	8	8	12	24	20	

* Flannel drawers and flannel petticoats will be supplied at Stations for which warm drawers for men are allowed (O.G., No. 6985, dated 18th December 1877.)

NOTE I.—The clothing for children will be made up of three sizes—half of the smallest size suitable for infants under three years of age, the remaining half to be of two sizes suitable for children of six and nine years of age, in about equal proportions.

II.—The flannel and serge required for the different articles of clothing will be well shrunk before being made up.

III.—The clothing for women will be made up of two sizes—two-thirds suitable for women of 5 feet 3 inches and under, and one-third suitable for women over that height.

MADRAS SCALE.—(*Continued*).

Scale of Hospital Equipment authorized to be issued to British Troops by the Commissariat or other Department in Cantonments and Quarters.

1	2	3	4	5	6	7	8	9
Description of Articles.	Scale.		Number of each Article (calculated for 12 per Cent. of Sick on the authorized Strength) to be kept complete and serviceable in Purveyor's Store.					Remarks.
	Proportion.	Sick.	Battery of Royal Horse or Field Artillery.	Battery of Mountain, Garrison or Heavy Artillery and Company of Royal Engineers.	Regiment of Cavalry or 2nd Class Hill Depôt.	Regiment of Infantry or 1st Class Hill Depôt.	Reserve Percentages on the foregoing Number to be kept in the Commissariat Store.	
SECTION VI.								
BEDDING.								
Men, Women and Children.								
Blankets, English, white, weight 5 lb., 7×5 ft.	2	each	48	26	146	272	20	
Counterpanes, white, plain, 7×5 feet.	1	each	24	13	73	136	20	
Curtains, musquito, with frames complete.	1	each	24	13	73	136	...	For stations in Burmah and the Presidency District only.
Handles, with cords ...	1	12	2	1	5	9	...	For bed-ridden patients. Not sanctioned for children.
Mattresses, cocoanut fibre.*	1	each	24	13	73	136	20	Length 6′ 6″, breadth 3′ 3″, height of side piece 3 inches; coir stuffing per mattress, 30 lb.
Pillows, cocoanut fibre or horse-hair, large.†	1	each	24	13	73	136	20	The stuffing to be of coir, 3 lb. 3 oz., or horse-hair, according to circumstances and the relative price of the two articles; size when made up, 3′ 3″ × 1′ 3.″
Pillows, cotton, small‡	1	each	24	13	73	136	20	About 2½ lb. of cotton will be required for the stuffing; size when made up, 2′ 2″ × 10⅔″.
Pillow covers, large ...	2	each	48	26	146	272	30	
Do. do. small ...	2	each	48	26	146	272	30	
Rugs, bedside, 4×2 feet	1	each	24	13	73	136	...	
Sheets, cotton, 7×5 do.	4	each	96	52	292	544	30	

* The cases for mattresses will be made of duck, and be provided with side pieces.

† The cases for cocoanut-fibre or horse-hair pillows will be made of duck. The length of the pillow when made up should measure the breadth of the mattress, and be 1⅓ foot in width. The size of the pillow will be 3′3″×1′3″.

‡ The cases for cotton pillows will be made of duck. The pillow when made up should measure two-thirds the size of the large pillow, or 2 feet 2 inches by 10⅔ inches.

NOTES ON HOSPITAL EQUIPMENT GENERALLY.

I.—When the percentage of sick in any hospital exceeds that for which equipment is authorised to be kept in store, a further supply, sufficient to meet the requirements of the extra sick, according to the scale given in Columns 2 and 3, will be provided by the Commissariat Department, without reference to superior authority.

II.—Cloth and thread required for repairs for the different articles of clothing and bedding will be supplied direct to purveyors by the Commissariat Department.

MADRAS SCALE.—(*Continued*).

Scale of Hospital Equipment authorized to be issued to British Troops on the Line of March from one Station to another.

1	2	3	4	5
Description of Articles.	Scale.		Number of each Article to be kept complete and serviceable in charge of the Purveyor accompanying the Troops.	Remarks.
	Proportion.	Sick.		
SECTION I.				
MISCELLANEOUS ARTICLES.				
Basins, wash-hand, metal, small.	1	5	For 5 per cent. of sick on strength.	
Candlestick	...	...	One for each hospital.	
Chamber-pot with cover, enamel.	1	25	For 5 per cent. of sick on strength.	
Cork-screw	...	...	One for each hospital.	
Dusters	1	each	For 5 per cent. of sick on strength.	
Funnel, tin	...	...	One for each hospital ...	For decanting wine and spirits.
Kajawahs	...	...	Two per hospital.	
Lantern for candles ...	1	25	For 5 per cent. of sick on strength.	
Measure, wine, double, 2 and 4 oz.	...	...	One for each hospital ...	For measuring wine and spirits.
Pan for close-stool chair (commode) copper.	...	...	One for each close-stool sanctioned.	To be of the same shape and size as the crockery pan. To be tinned twice a-month.
Pan, stool, with cover, copper, nested.	1	10	For 5 per cent. of sick on strength.	To be tinned twice a-month.
Paper, country, unglazed ...	...	...	One sheet daily per patient, to include patients under observation.	For use in latrine.
Petarrahs, with trays, tin ...	...	...	One pair for each battery of Royal Artillery; two pairs for each regiment of Cavalry and Infantry; and one pair for a detached wing, or for a detachment of any less strength.	
Rope, cotton or hair ...	...	...	As required...	Required for packing.
Sulletahs, with ropes ...	...	...	Do.	For packing bedding.
Tape, broad, country ..	...	...	Do.	For drawers and trowser strings.
Tarpaulins	...	...	Do.	For protecting all hospital stores.
Tin, fomenting	1	10	For 5 per cent. of sick on strength.	
SECTION II.				
COOKING UTENSILS.				
Boilers, copper, with covers, large, medium and small, nested.	1 set	25	For 5 per cent. of sick on strength.	
Fork, flesh	1	25	Do. do. do. ...	For kitchen purposes.
Gridiron	...	...	One for each hospital.	

NOTE.—It is not intended that serviceable articles in use should be replaced because they are not of the pattern now ordered. The new articles will not be introduced until the existing stock is used up.

MADRAS SCALE.—(*Continued*).

Scale of Hospital Equipment authorised to be issued to British Troops on the Line of March from one Station to another.

1	2	3	4	5
Description of Articles.	Scale. Proportion.	Scale. Sick.	Number of each Article to be kept complete and serviceable in charge of the Purveyor accompanying the Troops.	Remarks.
SECTION V.				
BEDDING.				
Bed-cases, duck, barrack pattern.	1	each	..... For 5 per cent. of sick on strength.	To be filled with straw when in use in camps. The size of the bed-cases and the amount of straw stuffing that will be required for a bed-cover will be fixed when a standard-pattern dooly has been selected. At present the old-pattern hospital mattress now in use may be utilised for use in doolies on the line of march in lieu of the bed-cases stuffed with straw sanctioned in the order.
Blankets, English, white, weight 5 lb., size 7×5 ft.	2	each	.....	With an addition of 20 per cent. on the authorised number when considered necessary by the Administrative Medical Officer.
Pillow, cocoanut fibre or horse-hair, large.*	1	each	.....	To be carried in doolies.
Do. cotton, small*	1	each		
Do. covers, large	2	each		
Do. covers, small	2	each		
Sheets, cotton, 7 × 5 feet	4	each		

* The pillows to be of the same size and description as allowed for hospitals in cantonments.

NOTE I.—Bazaar medicines, necessaries and stationery, &c., will be supplied on Medical Officers' requisitions, duly approved of by the Administrative Medical Officer of the Circle, in accordance with the scale sanctioned by Commissariat Code of 1878 and G.O.G., No. 574 of 1878. Such articles as need to be fresh, as poultice materials, and such as are too heavy to be carried, as wood, will be supplied daily at each encamping ground by the Commissariat Department.

II.—In calculating the percentages of sick on strength, all fractional parts of twenty will be reckoned as one sick.

III.—When hospitals for sick women and children are opened on the line of march, marching equipment, calculated at 5 per cent. of sick on the strength of women and children proceeding with the troops, will also be supplied by the Commissariat Department.

IV.—The marching scale of hospital equipment should generally be made up out of the station stock, with such additional articles as are prescribed for the march; and when a regiment arrives at its destination, the marching equipment should be added to the station stock for general use, or issued to any other regiment marching from the station.

Scale of Hospital Equipment for British Troops proceeding by Railway from one Station to another.

1	2	3	4	5
Description of Articles.	Scale. Proportion.	Scale. Sick.	Number of each Article to be supplied serviceable to Purveyor, or to the Medical Officer in charge where no Purveyor is proceeding with the Troops.	Remarks.
Blankets, English, white, weight 5 lb., size 7 × 5 feet.	1	each	For 1 per cent. of sick on strength.	Of the same size and description as supplied in cantonment.
Pillows, cotton, small, with covers.	1	each		
Towels	1	each		

NOTE.—In calculating the percentage of sick on strength, all fractional parts of 100 will be reckoned as one sick.

MADRAS SCALE.—(*Continued*).

Scale of Petty Supplies authorized to be indented for by Regiments from the Commissariat Department.

1	2	3
Articles.	Scale.	Remarks.
Bysakies or props	One for each tattie	For supporting tatties.
Casks, ¾, for Macnamara's filters, with cover.	One for each filter	To be renewed every two years.
Chalk for cleaning lamps ...	1 chittack per lamp, monthly ...	For barracks and hospitals of European regiments.
Charcoal for chatty filters...	3½ lb. per filter stand monthly...	To be indented for quarterly where these filters are in use.
Charcoal, animal, for Macnamara's filter.	As a first supply to fully charge each filter—30 lb. This should last at least two years, when it will be renewed, if shown to be necessary by the report of a special committee. To replace loss in removing, reburning and cooling—½ oz. for each pound of animal charcoal in the original charge of the filter.	The animal charcoal will be aërated once a week—a process which involves no loss of material—and will be removed, reburned and cooled once in six months.
Charcoal, wood, for charcoal burner authorized for Macnamara filters.	4 seers per filter requiring purification.	
Charcoal for Armourer's shop, British troops.	See G.O., No. 231 of 1876 ...	For browning small arms, and for the ordinary purposes of an Armourer's shop.
Do. do. Native troops	Do. do. do.	Do. do. do.
Cloth, country, doosootie, for cleaning lamps.	One yard monthly for every 8 lamps provided by the State.	Libraries, Reading Rooms, Serjeants' Messes. Serjeants and married soldiers are not provided with lamps by the State.
Cotton thread, lightly twisted.	3 oz. for each chatty filter annually.	
Cotton wicks for common oil lamps.	3 chittacks for six lamps with two wicks each, monthly; or one chittack for 120 wicks (60 lamps), nightly.	This scale is extended to Serjeants and married men of British regiments.
Cotton wicks for tent lanterns.	1 chittack daily for 60 lanterns	For troops on the line of march.
Covers, earthen, perforated, glazed.	One for each ghurrah filter. Renewals 20 per cent. monthly.	To be placed on the mouth of the lowest ghurrah.
Dhoona	1 lb. for each iron vessel monthly	Composition—One part resin of saltree, three parts linseed oil. Note.—If tar is available and cheaper, it is to be used in preference, at the rate of 8 oz. per iron vessel monthly.
Dolchies	One for every two tatties when close together, and one for every tattie when distant.	For use when tatties are in use.
Firewood for vermin boiler	To be supplied when required, and as long as the old pattern of newar-bottomed or cane-bottomed bedsteads are in use.	The cost of firewood is not to exceed 2½ annas for each cot annually. This firewood is not to be drawn for hospital cots, for cleansing which a special allowance is sanctioned in G.O., No. 185 of 1871.

MADRAS SCALE.—(*Continued*).

Scale of Petty Supplies authorized to be indented for by Regiments from the Commissariat Department.

1	2	3
Articles.	Scale.	Remarks.
Firewood for use in barracks and hospitals, European and Native troops.	See Appendix A, attached hereto.	
Firewood for Armourers' shops, British troops.	See G.O., No. 231 of 1876 ...	For browning small arms and for the ordinary purposes of an Armourer's shop.
Do. do. Native troops.	Do. do.	Do. do. do.
Ghurrahs for filters ...	Three for each ghurrah filter. Renewals 20 per cent. monthly.	
Ghurrahs for thatched and wooden roofed buildings	Limit 25 per cent. on the number in use. For regimental buildings of British corps not furnished with fire-engines, tanks and buckets.	The number to be fixed by Executive Engineers and local authorities.
Lime, quick	20 ozs. per filth pit per diem ...	Not necessary in cases where regiments have adopted the trench system for the burial of night-soil.
Lime, quick, Armourer's shop, British troops.	2 lb. biennially per 100 stand of arms.	
Do. do. Native troops	Do. do. do. ...	For browning arms.
Naunds	One for two tatties when close together, and one for each tattie when distant. Ten per cent. allowed monthly for breakages.	Tubs (half-casks) to be supplied in the same proportion only when they are more economical than naunds.
Oil, common, for prayerrooms.	One chittack or ⅜rd dram per wall lamp when common oil lamps are used.	
Oil, kerosine, for prayerrooms.	2 ozs. 1 dr. daily for each when kerosine lamps are used.	
Oil, common, for greasing punkah pulley and friction roller.	One chittack or ⅜rd dram for each pulley and each roller, per month.	For such time as punkahs are used.
Oil, common, for thermantidotes.	As required.	
Oil, common, for well gear	4 lb. of oil for each mote or leather bag supplied.	For barrack, hospital and plunge bath wells and wells in soldiers' gardens. To be issued as a first and only supply.
Oil, common, hospitals for Native Followers.	One lamp to be supplied with oil on the all-night scale.	For hospitals, sanctioned by G.O.C.C., dated 12th December 1864.

MADRAS SCALE.—(*Continued*).

Scale of Petty Supplies authorized to be indented for by Regiments from the Commissariat Department.

1	2	3
Articles.	Scale.	Remarks.
Oil, common (or castor, if cheaper) for lamps.	*Entire Night Scale.* From 22nd March to 21st September—2½ chittacks or 1⅓ dram per lamp. From 22nd September to 21st March — 3 chittacks or 2 drams per lamp.	*Number of Lamps to be supplied.* Barracks and accessories—6 lamps for every 100 soldiers in barracks, whether the barracks be a company or half-company one. At stations where the number of rooms renders this scale inapplicable, the number of lamps in use may be increased to such an extent as will admit of one light burning all night in each room used as a dormitory. Main-guards and Regimental quarter-guards of British troops ... 0 (Common or Castor Oil Lamp) 1 (New pattern Kerosine Lamp) Prisoners' room attached to main and quarter-guards of British troops. 1 0 Latrine (not those attached to Staff Serjeants' quarters) ... ... 1 0 Passage ... ... 1 0 Urinary (not those attached to Staff Serjeants' Quarters) ... 1 0 Each staircase ... ... 1 0 Each cook-house, when necessary; see "till tattoo scale" ... ... 1 0 All regimental Staff Serjeants, Class A, including Schoolmaster and Schoolmistress and Serjeant-Majors and Quartermaster Serjeants of detached batteries of Royal Artillery ... 1 0 Schoolmaster and Schoolmistress, Artillery Brigade, Head Quarters. 1 each. Nurses employed in European female hospitals ... ... 1 0 Hospital Serjeants ... } Acting Do. ... } 1 0 When batteries of Royal Artillery are serving together, an issue on the all-night scale should be made only to the senior Hospital Serjeant present, the others will receive on the "till-tattoo scale." Station Native guards supplied with oil by Commissariat Department, but not regimental guards, which are to be supplied regimentally.

Oil, for lamps, whether kerosine, common or castor.	BARRACKS AND HOSPITALS. Description of Lamp. / Entire Night Scale. / Till-Tattoo Scale. New pattern kerosine lamp.* — 8 oz. — 3½ oz. Common and castor-oil lamp.† — 2 drams with ¾ oz. of lamp thread for wicks per month. — 3/32nds of a dram but no lamps or wicks. Kerosine lamps for nights-school on school nights. — .. — 3¼ oz. * The allowance of oil for this lamp is experimental and may subsequently be modified. † For lights for barracks and hospitals occupied by Native troops in Burmah and for guards generally, and oil for gates, &c., see paras. 942 to 945, Commissariat Code. For British troops, one kerosine lamp to burn all night is authorized for each main guard and regimental quarter-guard, instead of two common or castor-oil lamps. Night schools— In summer } 2½ oz. In winter } 5 oz. on school nights	Kerosine oil is provided for the following number of lamps in hospital :— *Entire Night.* Each ward or room occupied ... 1 lamps. Each surgery ... ... 1 *Till Tattoo.* Each large ward ... ... 1 Each reading-room ... ... 1 NOTE.—When kerosine lamps cannot be supplied, common-oil lanterns should be burned in accordance with the above scales. One glass burner sanctioned for each such lamp with a renewal of 5 per cent. monthly on the number in use and one floating wick-holder. Common-oil lamps will be burned on the same scale as that detailed for kerosine lamps. To burn till tattoo. One lamp to every four men per night the school is open. The attendance to equal 25 in a complete regiment of British Cavalry or Infantry, 20 in wings of regiments, in combined Artillery Schools and Convalescent Depôts, and 15 in detached batteries of Royal Artillery.
Pans, earthen, glazed ...	One for each ghurrah filter. Renewals 2 per cent. monthly.	To be placed under the lowest ghurrah for collecting refuse water.
Sand, cleaned, for chatty filters.	20 lb. monthly for each ghurrah filter.	To be indented for quarterly.
Sand, coarse, cleaned, for Macnamara's filter.	12 5/15 lb. every two months ...	The sand is to be changed every two months. Where coarse sand cannot be procured, a substitute to be provided from over-burnt brick, jhamma.
Sand, fine, cleaned, for Macnamara's filter.	8 lb. to be supplied every two months.	The sand is to be changed every two months.
Sheets, doosootee, cloth ...	Two for each charcoal-burner, to be replaced only when worn out.	For purifying the animal charcoal used in the Macnamara filters.
Sheeting, old	2½ ozs. annually per man for cleaning rifles.	This allowance is separate from the 24 lb. of old sheeting to be supplied under paragraph 319 of the Indian Appendix to the British Musketry Regulations of 1876.

MADRAS SCALE.—(*Continued*).

Scale of Petty Supplies authorized to be indented for by Regiments from the Commissariat Department.

1	2	3
Articles.	Scale.	Remarks.
Scissors for trimming the wicks of kerosine oil lamps	One per barrack or building where kerosine lamps are burned.	
Soap for washing palliasse-case, &c.	¼ lb. of English soap per quarter.	Per set of one palliasse-case and pillow-case in use. In lieu of soap, men on the Unattached List will be allowed compensation at 7 annas each per annum for single men, and 14 annas each for married men.
Straw for British troops encamped in cantonments.	6 lb. per man or woman ; 3 lb. per child not in arms.	When barrack furniture is not available. The straw to be changed when considered necessary by the Commanding Officer.
Straw for British troops on the line of march.	6 lb. daily per man or woman ; 3 lb. daily per child not in arms.	Indents to be made daily on the Commissariat Department. The supply is only to be made on its being certified that the tents allotted to the soldiers' families are used by them for sleeping in. For such of the sick as have not doolies to sleep in, the allowance of straw will be 12 lb. for each adult, and 6 lb. for each child not in arms.
Stuffing for barrack palliasse-cases and pillow-cases, per iron trestle cot in and at all hill stations.	21½ lb. of coir per palliasse-case and pillow-case.	To be washed and teased annually :—1 lb. 8 oz. of coir will be allowed to cover the wastage caused by the operation. No allowance for wastage will be made at the quarterly washings. NOTE. — In lieu of coir or straw for stuffing a set of bedding, men on the Unattached List will be allowed compensation at 10 annas each per annum for single men, and Rs. 1-4-0 each yearly for married men.
Do. do. for all other stations.	24 lb. of straw, or, where straw is not procurable, long grass, cleaned, per set of palliasse-case and pillow-case in use.	Straw to be renewed quarterly, and old straw returned to Commissariat Department.
Surahis, earthen, for Macnamara's filter.	First issue 20 per cent. on strength, renewals 10 per cent. per mensem on first issue.	Surahis will not be supplied to hill stations. Women and children to be included in strength when calculating the number to be allowed for use, two children being reckoned as one adult.
Tar	8 oz. for each iron vessel, monthly.	To be supplied only when available and cheaper than dhoona.

MADRAS SCALE.—(*Continued*).

Scale of Petty Supplies authorized to be indented for by Regiments from the Commissariat Department.

1	2	3
Articles.	Scale.	Remarks.
*Tatties (measurements to be given in requisition).	The supply to barracks and hospitals is restricted to half the number of apertures on one side of the building only. For schools, libraries and Serjeants' messes of European troops, provided the former buildings are used in the day time and not only in the early morning. For Serjeants' and married quarters—One tattie for each, where the provisions of G. O., No. 275 of 1871, are not applicable One for each Regimental Staff Serjeant. One for guards and workshops of European corps, canteen guards and Canteen Serjeants' quarters, but not to the canteen. One for each family of European soldiers left in cantonments when troops are on service. For troops quartered in tents during the hot season. For churches, chapels or other places of public worship in Military cantonments, where they have hitherto been sanctioned by proper authority, the supply may be continued.	
Tatties for thermantidotes in hospital.	Two for each thermantidote.	
Tubs, half-casks	One for two tatties when close, and one for each tattie when distant.	To be supplied only when more economical than naunds.
Unguent for ambulances ...	8 oz. per cart monthly.	
Unguent for fire-engines ...	2 lb. per fire engine	Unguent consists of fat or tallow boiled with sweet oil.
Unguent for conservancy carts.	8 oz. per each pair of wheels monthly, where the old pattern carts are in use (not Crowley carts.)	Unguent to be composed of two parts grease and one part tar.
Unguent for Crowley filth and rubbish carts, for British and Native troops.	Per quarter— 5 lb. pitch } to coat the interior of the cart. 2 lb. tar } 4 lb. tar to paint the exterior of the cart. Monthly for greasing the wheels— ¾ lb. common country soap, ¼ lb. tar. The wheels to be greased three times a-week.	
Unguent for water-carts ...	8 oz. per cart monthly	Where these carts are maintained.
Wicks, 9 inches long ...	Two per each kerosine lamp, monthly.	
Wicks, 6 inches long ...	One monthly per kerosine lamp in night schools.	
Wicks for solar lamp ...	One per lamp every fourth night if necessary.	

*N.B.—The supply of tatties is left to the Standing Barrack Committees at stations where tatties are now supplied, to decide when fixing the allotment of punkah coolies for the next hot season, whether they should or should not be made up for barracks, married quarters or hospitals, the opinion of the Deputy Surgeon-General, British Service, being obtained as to the necessity or otherwise for the supply of hospitals.—Proceedings of Madras Government, No. 2949, 21st May 1877.

Notes.—I.—Medical Officer's indent for petty supplies for hospitals.
II.—Indents are to be made on the 25th of the month preceding that for which required.
III.—Indents for petty supplies are to be prepared in duplicate.
IV.—The strength of the corps or detachment, and all other details necessary in checking the indent, are to be entered on the inner fold of the indent.
V.—Numbers and quantities of articles indented for are to be written as well as entered in figures.

MADRAS SCALE.—(*Continued*).

1. The following scale of Firewood, &c., is authorized for Barracks and Hospitals for European Troops as per G.O.C.C., No. 8, 19th January 1865, and Commissariat Code, page 302, Section XV :—

Divisions and Districts.	Stations.	Fire-places.	Jan. Peat. Lb.	Jan. Wood. Lb.	Feb. Peat. Lb.	Feb. Wood. Lb.	June Peat. Lb.	June Wood. Lb.	July Peat. Lb.	July Wood. Lb.	Aug. Peat. Lb.	Aug. Wood. Lb. Mysore Division.	Wellington	Large, each..	50	100	50	100	..	..	..	..	..	..	..	..	25	50	50	100	50	100	The date on which the burning of fires should commence and their discontinuance is left to the discretion of the Officer Commanding the Depôt and should be notified in Station Orders. If they are commenced earlier or continued later than the months specified in this table, it should be certified by the Medical Officer that such is absolutely necessary.
		Small, „ ..	20	40	20	40	..	..	..	..	..	..	..	..	20	40	20	40	20	40	
Mysore Division.	Mercara ..	Native Hospital.	..	..	..	..	..	70	..	70 per diem	..	70	..	70	..	70	..	70	..	..	Proceedings of Government, No. 2686, dated 31st May 1878.
Ceded Districts.	Ramandroog.	Large, each..	..	..	..	..	..	80	..	80	..	80	..	80	..	80	..	..	..	..	The scale being a maximum one, the requirements of the troops may frequently be met by a smaller quantity, and with this object in view, the actual issue shall be notified from time to time in Station Orders; the intervals between the publication of each order is left to the discretion of the Officer Commanding the Station, who will take advantage of every change in the weather, in order that the consumption of fuel may be no more than is necessary for the comfort of the troops. The period for which fuel is sanctioned for Hospital Serjeants and Nurses will be the same as if they were living in barracks. When separate "day rooms" with fire-places exist in barracks, fuel will not be issued in addition to dormitories exclusively used as such.
		Small, „ ..	..	..	..	..	..	40	..	40	..	40	..	40	..	40	..	..	..	..	
Nagpore Force.	Pachmarhi ..	....	From 1st December to end of February inclusive, 80 lb. for each large fire-place and 40 lb. for each small fire-place.																		

1. All chimneys in family quarters, guard-rooms and Regimental Staff and other Serjeants' quarters are to be considered *small*, and restricted to the scale of fuel laid down for such fire-places. Fuel is to be allowed for *one chimney for each separate quarter*.

2. For the fire-place in the quarter-guard of the depôts, Wellington, Ramandroog and Pachmarhi, fuel is to be issued on the scale laid down in G.O., No. 135 of 1866, for a *large fire-place*.

3. Fuel should be issued *in kind* to Bazaar, Barrack, Commissariat and Ordnance Serjeants doing duty at hill stations and at such stations in the plains where fuel is issued to European troops, at the rate of twenty seers per diem in winter, and ten seers in summer; unless where the Commissariat cannot arrange for the supply, when compensation at the rate of Rs. 1-14-7 per mensem would be claimed month by month, just as the issue in kind would be. Compensation to Bazaar, Commissariat and Ordnance Serjeants will be

MADRAS SCALE.—(*Continued*).

paid by the Commissariat Department, and to Barrack Serjeants by the Public Works Department. Soldier Students attached to the Engineering College at Madras are entitled to the supply of fuel by the Commissariat Department.

4. Station butchers when compelled to live away from their barracks are entitled to the same allowance of fuel for fire-places as departmental Non-Commissioned Officers.

NOTE.—(A.) A Non-Commissioned Officer acting as Sub-Conductor is entitled to fuel under the decision of Government.
(B.) The wives of Commissariat Non-Commissioned Serjeants absent from a hill station on command, are entitled to firewood as if their husbands were present.

5. Fuel is to be issued to all medical subordinates of all grades doing duty at hill stations, at the rate of 20 seers per diem in winter and ten seers in summer. The issue is not to be made to any medical subordinate serving in the plains.

NOTE.—The issue of fuel to medical subordinates at Wellington, Ramandroog and Pachmarhi should correspond with the supply made during such months to the European troops at those stations.

6. Fuel is to be indented for only when the lighting of fires is considered actually necessary by regimental and local authorities.

7. It is not considered essential that the maximum allowance of fuel should be issued without reference to local circumstances. Any unexpended portion of fuel of the previous supply must be included in the indent, and it should be certified thereon that the fuel required is absolutely necessary, and that it will be used *bonâ fide* for the purpose for which allowed by Government.

8. The wood for each fire-place is to be under the care of a Non-Commissioned Officer or Soldier.

9. The issue of fuel having been sanctioned by Government, on the opinion of experienced Military and Medical Officers, for only stations of the Army and during certain seasons, no departure from the rules prescribed for issue in such cases will be permitted without the special sanction of Government. The supply of fuel is not to be dependent on the existence of stoves or fire-places.

10. In the case of outbreaks of epidemic disease, or other extraordinary circumstances, no fixed limit can be either assigned or observed.

NOTES (A).—In cases of clear and unexpected necessity, the existing orders provide sufficiently for all possible requirements, and the Officer Commanding the station should, when time does not admit of a previous reference to the Commander-in-Chief or Government, issue the necessary orders on the representation of the Principal Medical Officer.
(B).—If a Medical Officer at a station where the supply of fuel is not authorised considers the issue necessary as *an exceptional measure* in consequence of excessive cold, his opinion should be supported by the Deputy Surgeon-General.

11. The dimensions of firewood for use in barrack and hospital chimneys are to be determined by the Officer Commanding the Corps by which required, subject to the approval, when the Executive Commissariat Officer may consider such necessary, of the Officer Commanding the Station.

12. Pieces of firewood exceeding 18 inches in length are not to be received from the Commissariat Department, their use in Government buildings being strictly prohibited.

13. An allowance of Rs. 4 per mensem will be made to Master Tailors for the purpose of providing fuel for the tailor's shop.

14. The issue of fuel for fire-places constructed in the following buildings is admissible under the operation of G.O., No. 135 of 1866 :—

Battery Office.	Institute.	Prison Room.
Hospital Nurses' room.	Library.	Quartermaster's Stores.
Hospital Office.	Orderly Room.	Tailor's Workshop.

15. The supply of firewood is not authorised for the Canteens at Convalescent Depôts.

MUSKETRY INSTRUCTION ARTICLES.		
For Stations and British Troops, Cavalry and Infantry.		
Targets, iron, 6 feet by 2 feet, complete.	8	With all targets 25 per cent. spare bolts and nuts are allowed. Fifty (50) per cent. of spare rivets will be issued with all targets having rivets on their face, to permit of immediate repairs being executed by regiments to any rivets damaged by the firing. The work, being of the simplest character, is to be performed under regimental arrangements, without any cost to the State. At the commencement of each season, indents for appliances to replace those not expected to last the whole of the season may be put forward. These appliances should not, however, be brought into use until those considered unserviceable are duly condemned by a Station Committee, the Proceedings of which should be sent to the Ordnance Department.

Proportion of Tools to be issued to a Regiment containing the following Artificers, viz. :—

3 Carpenters.
2 Smiths (1 a shoeing smith).
3 Bricklayers (1 a mason).
1 Plumber, painter and glazier.
1 Cooper.
1 Tinman.

Three Carpenters.

3 Saws, hand.
3 Do. tenon.
3 Do. lock, 9-inch.
3 Do. bow, 15-inch.
3 Planes, trying.
3 Do. jack
3 Do. smoothing.
3 Do. beading.
1 Set of planes, hollows and rounds.
2 Do. brace and bits.
3 Axes, 4 lb.
3 Do. 2 „
3 Adzes.
6 Augurs, from ½ inch to 1½ inch.
3 Squares, 6 inch.
3 Do. 12 „
3 Bevils.
3 Pairs of compasses.
3 Do. pinchers.
3 Do. pliers.
3 Hammers, claw.
3 Do. light.
3 Sets of gimlets of 6 each.
3 Sets of bradawls of 4 each.
16 Firmer chisels, ¼-inch to 1½-inch (2 of each).
3 Sets of mortice chisels.
6 Cold chisels.
3 Rasps, 12-inch, flat.
3 Oil stones.
6 Saw files.
9 Files, bastard.
3 Do. rat tail.
3 Do. ½ round, 10-inch.
3 Do. flat.
3 Mallets.
3 Mortice gauges.
3 Screw-drivers.
3 Do. wrenches (small).
3 Rebate fillisters.
3 Sets of saws.
1 Glue pot.
6 Punches.
3 Spoke shaves.
3 Rules, 2 feet.
3 Pencils, black-lead.

Two Smiths (one a Shoeing Smith).

2 Aprons, leather.
4 Chisels, cold.
2 Do. hot.
1 Bow and breast plate.
1 Brace and bits.
1 Caliper.
1 Pair of compasses.
12 Drills of sizes.
12 Files of sorts.
2 Hammers, bench.
2 Do. sledge, 9½ lb.
1 Do. shoeing.
1 Do. pointing.
1 Knife, drawing.
1 Do. searching.
1 Pair of pincers.
1 Poker.
1 Rasp, 15-inch.
3 Rimers.
1 Pair of plyers, bell.
6 Punches.
2 Saws.
2 Screw-drivers.
1 Pair of stakes, pointing.
1 Stamp, steel.
1 Slice or shovel.
1 Pair tongs.
1 Vice, hand.
1 Wrench, screw.
Anvil, bellows, standing vice, &c., being fixtures, are considered as part of the building.

Three Bricklayers (one a Mason).

Bricklayers' Tools.

2 Axes, brick.
2 Boasters.
2 Bevils.
6 Chisels—two 12″, two 18″, two 24.″
2 Hammers, club.
2 Do. brick.
2 Levels.
2 Pairs of line and pins.
2 Plumb bobs.
2 Rules, 2 feet.
2 Squares.
2 Trowels, brick.
2 Trowels, pointing.

MADRAS SCALE.—(*Continued*).

Ordnance.

Three Bricklayers (*one a Mason*).—Continued.

Masons' Tools.

2 Bars, setting.
3 Boasters.
1 Bevil.
6 Chisels for hammers.
6 Do. for mallet.
1 Hammer, mash.
3 Do. spalling.
1 Pair of line and pins.
1 Level.
1 Rule, 2 feet.
1 Mallet.
1 Pick, 4 lb.
1 Do. 8 „
1 Pitching tool.
1 Plumb bob.
1 Square.
1 Trowel, setting.
1 Do. pointing.

One Plumber, Painter and Glazier.

Plumbers' Tools.

1 Bit, copper.
1 Blow pipe.
1 Chisel, cold.
1 Pair of compasses.
1 Dresser.
1 Hammer.
1 Iron, soldering.
1 Knife, plumbers'.
1 Mallet.
1 Pot, metal.
1 Shave, hook.
1 Square.
1 Tomkin.
1 Pair of tongs, gas 2 holes.
1 Rule, 2 feet.
1 Pair of plyers, bells.
1 Wrench screw.

One Cooper.

1 Adze.
1 Board.
1 Pair of compasses.
1 Chisel, cold.
1 Driver, hoop.
1 Howle.
1 Hammer, hand, 4 lb.
1 Do. do. 1½ „
1 Knife, draw.
1 Do. hollow.
1 Knife, shave.
1 Do. splitting or frow.
1 Oil stone.
1 Pair of pinchers
1 Punch.
1 Plane, jack.
1 Do. jointing.
1 Rule, 2 feet.
1 Saw, hand.
1 Spoke shave.
1 Stock with bits.

One Whitesmith or Tinman.

1 Awl, turning.
1 Chisel, cold, 1 inch, 5 inches long.
1 Do. do. ¼ „ „ „
1 Pair of compassess, 7 inches long.
2 Files, flat bastard, 12 inches long.
1 Rasp, ½-round, 12 inches long.
1 Grover, small, hand.
1 Hammer, riveting, 16 ozs.
1 Hammer, creasing, 10 ozs.
1 Iron, creasing, 11 lb.
2 Do. soldering.
1 Knife, 5 inches.
1 Mallet, boxwood.
1 Pot, fire, wrought-iron, for coals.
1 Pair of shears, stock.
1 Square, iron, figured.
1 Scraper, plumber's.

Description of Stores.	Number or Quantity.	Description of Stores.	Number or Quantity.
Scale of Army Signalling Apparatus for British Regiments and Convalescent Depôts.		*Scale of Army Signalling Apparatus for British Regiments and Convalescent Depôts.*—(Continued).	
Flags, 3 feet square, white muslin ...	3	Heliographs	2

21-2-96

GOVERNMENT OF MADRAS.

MILITARY DEPARTMENT.

21 August 1884, No. 4091.

Equipment.

Read the following papers:—

No. . *From Brigadier-General GODFREY CLERK, Adjutant-General, to Lieutenant-Colonel A. KENNEY-HERBERT, Officiating Secretary to Government, Military Department; dated Ootacamund, 21st May* 1884, *No.* 1362.

I am directed, by His Excellency the Commander-in-Chief, to forward, for the orders of Government, the enclosed correspondence regarding the supply of a "board, cutting, collar-makers, 6 feet × 3 feet × 2 inches" to M Battery, 2nd Brigade, Royal Artillery.

2. Under the detail of station stores introduced by clause 168, India Army Circulars, 1881, this article should be supplied by the Public Works Department; but it will be observed that the Executive Engineer, Presidency, says that no order or regulation can be traced in his department requiring that the board in question is to be issued by the Public Works Department, and that he is, therefore, unable to supply it.

3. It will be seen that clause 168, India Army Circulars of 1881, above quoted, states that the detail of stores referred to "supersede all previous orders on the subjects to which they relate; and in any details in which they differ from the provisions of the regulations for the equipment of the army in India, the latter are to be corrected."

4. The return of the enclosures is solicited.

No. 2541.

Referred for remark to the Inspector-General of Ordnance.

2. It is observed that as the Barrack department of this presidency is administered by the Military and not, as in Bengal, the Public Works department, it would apparently be more convenient if supplies of this description were provided by the Ordnance department.

3. Pending further orders, the Government direct that the present requisition be so met.

(By Order.)

OOTACAMUND, 28*th May* 1884. (Signed) A. KENNEY-HERBERT, Lt.-Col., *Offg. Secretary to Government.*

To the Inspector-General of Ordnance.

No. . *From Colonel S. CHAMIER, Inspector-General of Ordnance, to Lieutenant-Colonel A. KENNEY-HERBERT, Officiating Secretary to Government, Military Department; dated Fort St. George, 7th June* 1884, *No.* 34-*G.*

In returning the correspondence received with your No. 2541, dated 28th ultimo, I have the honor to state, for the information of the Right Honorable the Governor in Council, that, in accordance with the orders of Government, the requisition from the Officer Commanding M Battery, 2nd Brigade, Royal Artillery, for a "board, cutting, collar-makers, 6 feet × 3 feet × 2 inches" will be complied with by this department.

2. I am not aware why the Barrack department should be concerned in the issue of articles of this description, unless it is intended, when it is stated in the equipment tables of corps that certain stores are "to be supplied by the Public Works department," that they are to be supplied through the Barrack department.

3. Madras Order of Government, No. 128, dated 21st February 1881, quoted by the Barrack Master at Bangalore publishes a list of furniture, &c., to be supplied to troops and hospitals in this presidency. In this list are contained benches, stools, and tables of all sorts, and it appears to me that it would be better to add to this list such articles as are required by the new equipment tables to be supplied by the Public Works department (through the Barrack department if that is the course intended), which are but few in number, than that supplies should be made on a different system in this presidency to that existing in Bengal.

4. If supplies are made to corps direct by the Public Works department in Bengal of such articles as are notified in the equipment tables to be supplied by that department, I can see no reason why the Public Works department in Madras should not make similar supplies.

No. 2749.

Referred for favor of His Excellency the Commander-in-Chief's remarks.

(By Order.)

OOTACAMUND, *9th June* 1884. (Signed) A. KENNEY-HERBERT, Lt.-Col., *Offg. Secretary to Government.*

To the Quarter Master General.

No. . *From Brigadier-General R. C. STEWART, Quarter Master General, to Lieutenant-Colonel A. KENNEY-HERBERT, Officiating Secretary to Government, Military Department; dated Ootacamund, 14th June* 1884, *No.* 318-*C.*

In returning the papers referred for remarks with reference order, No. 2749, dated 9th June 1884, I have the honor, by order, to observe that the article of equipment in question, viz., a "board, cutting, collar-makers," is shown in the "Regulations for the equipment of the Army in India," page 178, as one of the general station stores to be supplied by the Ordnance department; but in appendix XXIII to the same this article, together with a "bench, wood, carpenters'," is especially noted as being supplied by the Public Works department.

2. In the detail of stores referred to in clause 168, India Army Circulars, 1881, and which is corrected up to the 1st February 1884, the article of equipment in question is entered as to be supplied by the Public Works department, and there being no later order than this, His Excellency the Commander-in-Chief considers that the articles (only three in number) included in this last detail of stores as to be supplied by the Public Works department should accordingly be so supplied in accordance with the system in Bengal, and would suggest their addition to the list of furniture, &c., to be supplied to troops and hospitals in this presidency laid down in G.O., No. 128, dated 21st February 1881, as proposed by the Inspector-General of Ordnance in his letter, No. 34-G., dated 7th June 1884, herewith returned.

3. I am to add that the above articles of equipment would in the usual way be furnished through the Barrack department and accounted for on its returns.

No. . *Memorandum from Colonel J. SHAW-STEWART, R. E., Secretary to Govt., Public Works Dept., to Lieut.-Colonel A. KENNEY-HERBERT, Officiating Secretary to Government, Military Department; dated Madras, 1st July* 1884, *No.* 1188-*D.*

The undersigned is of opinion that the Public Works department of this presidency should not, as a rule, be called on to supply articles other than *fixtures*

to buildings (*vide* para. 1400 of the Public Works Code). The circumstances of the department in this presidency differ from those obtaining in Bengal, where the Barrack department forms a branch of the Public Works department. Executive Engineers do not in this presidency maintain carpenters' shops, and have themselves to resort to the local market for the manufacture of all wood-work required for buildings constructed by them.

2. It is suggested that the draft order be modified in accordance with the suggestion made above.

No. . *To the Secretary to the Government of India, Military Department; dated 7th July* 1884, *No.* 3257.

No. . *From Colonel G. CHESNEY, Secretary to the Government of India, Military Department, to Lieutenant-Colonel A. KENNEY-HERBERT, Officiating Secretary to the Government of Madras, Military Department; dated Simla, 2nd August* 1884, *No.* 754-*S.D.*

Ordnance Department—Stores Supplies.

I am directed to acknowledge the receipt of your letter,* No. 3257, dated the 7th July 1884, suggesting that as the Barrack department in the Madras presidency is under Military and not Public Works administration as in Bengal, the Madras Ordnance department should be required to supply the articles specified in the margin,† which, according to the detail of stores supplied for the use of royal artillery as station stores introduced by clause 168, India Army Circulars of 1881, have to be supplied by the Public Works department.

* Enclosures returned as requested.

† *Tools, Artificers'.*

Frames, wood, for bellows, smiths'.

Miscellaneous Stores.

Benches, wood, carpenters', small.
Boards, cutting, collar-makers, 6 feet × 3 feet × 2 inches
Buckets, water, small, } for use with fire-
Ladders bamboo, } engines.
Ropes with hooks, }

2. In reply I am to say, for the information of the Governor in Council, that sufficient reasons seem hardly advanced for changing the source of supply in the Madras presidency of the articles mentioned. While no advantage would appear to be gained, extra expense would be incurred, especially in the case of corps at a distance from arsenals, by obtaining from the Ordnance department stores which can be made up locally anywhere by the Public Works department.

3. Under these circumstances, the Government of India are unable to accept the suggestion put forward by the Government of Madras.

No. . ORDER THEREON, 21st August 1884, No. 4091

Ordered that the foregoing letter from the Government of India be communicated for the information of His Excellency the Commander-in-Chief and the Public Works department, and for guidance.

2. The Government approve the suggestion in the latter clause of para. 2 of the Quarter Master General's letter above recorded, and request that a draft G.O. giving effect to it be submitted for publication.

3. Para. 3 of Military Department No. 2541, dated 28th May 1884, embodied in these proceedings is cancelled.

	-mental buildings as are liable to fire To be supplied on indent on the proportion which will be communicated by Sub Dy Engrs.	Arsenal in which case they should be provided by the Ordnance Dept. W.O. 1146/13
Ropes with hooks at the end	2 Per twenty buckets for barrack with thatched roofs.	None

21-2-96.

It seems true that the meaning of the words has been altogether misunderstood. The heading distinctly says supplied by the Commissariat and other Departments; where is there any authority for supplying by P.W.D.?

2 16/3

I.O.D.

In the Annexure to remarks there are some articles noted for supply by the Public Works Dept. "but they are mostly "Furniture". It is possible that the C.E. has misunderstood the order.

A.D. 16/3.

W.1

Perhaps Mr. Cain given a good deal of consideration to the subject I dare say

No. 645 Cal 17th March 1883

Ack. S.C. D

state what the supplies are, and make what order they have been in

2 16/3

With Memo

21-2-96.

9
To A.W.

C. Nos 2327.

In G.O. 576 w.d. & Barrack
& lists of articles to
be supplied by the
S.W. Dept. were issued,
but since then the
general question of
Barrack Supplies has
been considered in
this Dept., and the
following G.Os have been sent to
the Military Dept.

G.O. 576 W.D. of 22-2-83.
& G.O. 614 C of 13. 3. 83.

but as the decision
come to in these orders
has not yet been
promulgated, G.Os
are apparently under
the impression that
the supply in every
case rests with them.

R.S.
