From Lieutenant-Colonel H. R. MEAD, R.E., Superintending Engineer, VI Circle, to the Chief Engineer, Public Works Department, dated Tanjore, 21st November 1883, No. 1653 T.J.

I have the honor to request that, under paragraph 28, rule 6, Government will grant to all upper subordinates in this circle a horse allowance of Rs. 30 or less (at my discretion) when halted at head-quarters.

2. My reason for asking this is that the new Civil Travelling Allowance Code, unless this is granted, entails a great hardship on subordinates, especially the overseers. Under this Code an overseer is allowed Rs. $1\frac{1}{2}$ (paragraph 30, rule 5) as daily allowance when marching or absent from head-quarters, but when at head-quarters he draws only actual expenses of keeping up camp equipage (paragraph 26, rule 1), and camp equipage in paragraph 3(m) is defined as meaning only apparatus for moving a camp. I believe I am right in considering the cost of keeping up a horse or pony is not camp equipage, and I do not allow it in this circle.

3. As a rule, overseers keep up one cart and a pony, and these are necessarily kept up during halts at head-quarters; the cost of keeping the cart can be and is allowed, but I am unable to allow anything for the upkeep of the pony, and this comes very hard on overseers. If, however, I am given the sanction I ask for, I shall be able, for the days they are at head-quarters, to allow them at the rate of Rs. 30 a month for the upkeep of the cart and pony that they must, to do their duty, keep up, and even this will not cover the actual expenses they are put to.

4. Should I be allowed to consider horses as part of camp equipage (that is, apparatus for moving a camp), I can, under G.O., No. 2476 W., dated 4th September 1883, arrange under the rules to remove this great hardship that the Travelling Allowance Code has brought on overseers without the sanction under paragraph 28, rule 6, asked for.
