Office Note
From
The Secretary to Govt.
P.W. Deptt.

To The Supg Engineer
V Circle

As negotiations for
a supply of Western
Australian Jarrah
through local firms
have failed, it is
proposed to address
the Government of
the Colony. Please
therefore call on the
General Superintendent
P.W. Workshops for a
statement of his requirements,
both as regards quan-
-tity and scantlings.

The General Superintendent
P.W. Workshops reports
that 50 tons of Aus-
tralian jarrah wood
in logs of large
girth not put up, would
be sufficient for one
experimental measure.

No 2865. W. 15th Novemb. 84

To,

The Colonial Secretary,
Western Australia,
Perth.

Sir,

I am directed by
H.E. the Governor in Council
to inquire whether the
Govt of Western Australia
are in a position to afford
any aid to the Madras
Government in procuring
a supply of well seasoned
jarrah timber for use
in this Presidency. Efforts
have been made to obtain
a shipment of the wood
through local mercantile

they have not
been successful.

I am accordingly directed
to request the aid of
H.E. the Governor of
Western Australia in the
matter - As an experimental
measure, the Madras
Govt. would be glad to
receive 50 tons of the
timber in logs of large
girth, not cut up. -
Should the wood be
found satisfactory,
and the cost reasonable,
there will, it is antici-
-pated, be a large
demand from the
Public Works Department
of the Madras -

how that Sup at Workshops
has failed to get a supply of
"Javah" through Wilson & Co,
can you suggest how we can
procure a small engraving of
seamed wood of this kind, in
lots of suitable size?

To D.W.

I think the
best plan would be
to address the
Colonial Secretary at
Perth. The Govt of
Western Australia
is only too anxious
to bring forward the
products of the
Colony, and will do
all they can to
help in a matter
of this kind.
