Correspondence

At the request of Mr. J. C. Larminie, lately Executive Engineer at Ootacamund, I have the honor to submit for your information copies of correspondence regarding the sanction he requires to his receiving a fee of Rupees 100 for services rendered to the Judicial Department.

2. It seemed to me that under certain orders in the Code the retention of such fees was inadmissible; but Mr. Larminie thinks this only requires the sanction of Government.

The Superintending Engineer
& Civil;

Sir,

I have the honor to report for
your information that in the month
of June last I was appointed, by the
Sub-judge of Ootacamund, as a Com-
missioner, to report to him, on certain
repairs, improvements &c. carried out
at Bombay House Coty the residence
of Sir Frank Souter, and concerning
which a case is being tried in the
Sub-judges' Court.

The Sub-judge decided that
I should be paid a sum of Rs 100
as a fee for my services on the oc-
-casion.

But before I can accept this
fee (I have already been paid half
the amount) I believe the sanction
of

of Government is necessary, so, should
you see no objection I trust you will
submit the question for favorable con-
sideration.

I have &c.

an unusual thing for members of this
