

C. No 102, 100

To B.W.

The Govt have
already decided that
all establishments
required for the
wards' estate work
much be temporary
There is no reason
therefore why the
Accountant should
be permanent.

R.S.

The Division is but a temporary
one; we cannot state how long
the works will remain in charge
of the P.W.D., but the work will certainly
not be continuous. The Accountant
therefore should be temporary, like
the other members of staff ^{entertained}
in the Divⁿ —

From Lieut.-Colonel H. R. MEAD, R.E., Superintending Engineer, VI Circle,
to the Chief Engineer, Public Works Department, dated Trichinopoly, 20th
November 1884, No. 483 M.D.

With reference to G.O., No. 2659 W., dated 28th October, I have the honor to forward a statement of the establishment I would propose for the Ramnad estate; it amounts to Rs. 17,160 (not including the Account Departments' requirements and travelling allowances) and it is 18 per cent. of the estimated expenditure, Rs. 95,300; this percentage seems very high, but as the tanks require, I believe, thorough putting in order, this establishment should enable proper estimates to be made, and should funds be available a much larger expenditure incurred than this year's grant of Rs. 95,300. It is, I consider, hopeless to attempt to have a less establishment than proposed for 2,361 square miles of country with 1,281 tanks scattered about it.

I believe that at present there are no works costing more than Rs. 1,000 in the Gandamanayakanúr estates, and therefore all work will, as now, remain under the Collector.

Should, at any future time, the assistance of this department be required in that estate, application will be made for the necessary establishment.

Statement showing the Temporary Establishment required for a Third-class Division in Ramnad Zemindari, Madura District, on account of the transfer of works on Wards' estate to the Public Works Department.

From

THE EXAMINER,

To

The Secretary to Government,

Public Works Department,
Madras, 13th December

1884.

Sir,

With reference to G.O. No. 2999 W. of 6th. December 1884, I have the honor to state that if a Division is formed for the carrying out of works in the Ramnad Estate an Accountant must be attached to that Division as stated in para I of my letter No. 98 W. of 18th. November 1884.

2. Whether the Accountant is to be on the permanent strength, or only temporary, depends on the period for which this Division is likely to exist. The Tanks Divisions were stated to be temporary Divisions, but as the works for which they were established were likely to be continuous, the Accountants were sanctioned as on the permanent strength.

3. Owing to change of administration, the Superintendent of Works arranged that in his own Office should be compiled the Accounts of what were originally called Tank Divisions No. I and No. II, he accepting the position of an Executive Engineer having two Sub Divisions. The Accountant of what was Tank Division No. I, was consequently transferred from Madura, to the Superintendent of Works Office where the Accounts are compiled. The permanent Accountant sanctioned for

for Tank Division No. 11 was not entertained because no separate Division for Accounts was formed.

4. I therefore beg to be informed whether on the formation of the proposed temporary Division the Accountant's post is to be on the permanent strength or only ^a temporary post. If permanent he will, with the approval of Government and confirmation of the Government of India, be appointed in the post sanctioned for No. 11 Tank Division and no revised scale need be submitted; if temporary, proposals will be submitted for an increase to the temporary Accounts Establishment already sanctioned.

I have the honor to be,

Sir,

Your Most Obedient Servant.

D. C. Curdson

Examiner P. W. Accounts.

The division is to be a temporary one - the Accountant should be on the temporary establishment - if the Government of India approve of this proposal.
