18th December 1884, No. 3108 W., Public Works.

3108/1

GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

General.
Establishment.

Read—the following letter from Colonel H. L. PRENDERGAST, R.E., Superintending Engineer, V Circle, to the Chief Engineer, Public Works Department, dated Chepâk, 1st December 1884, No. 3353 :—

Colonel Pennycuick would be glad to learn how long he is intended to remain in charge of the work of restoration at the Red Hills. If he continues to devote himself to the works at the Red Hills and Cholaveram tanks he feels that he ought to be relieved of his tank maintenance duties, and while he is quite willing to remain in his present special duty he anticipates there will be the demand for his services elsewhere before long. He has suggested to me that a convenient time for relinquishing his charge would be when the temporary ring bund at the Red Hills tank has been completed, so that the rebuilding of the permanent embankment may then be commenced.

2. I consider Colonel Pennycuick's services will be of great value up to this point, but that afterwards the work may be carried on by an officer of lower rank in the department than Colonel Pennycuick. I have the honor to request that I may have orders in the matter.

Order—dated 18th December 1884, No. 3108 W., Public Works.

Mr. W. R. Norris, Executive Engineer, second grade, having been posted * to the Red Hills tank restoration works, the charge will be constituted a special temporary division under the Superintendent of Works, Tank Maintenance.

(True Extract.)

Major, R.E.,
Under Secy. to Govt., P.W.D.

To the Superintendent of Works, Tank Maintenance.
" Superintending Engineer, V Circle.
" Examiner, Public Works Accounts.
" Chief Engineer for Irrigation.
