GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

Buildings and Roads.
Civil Works.

Read—the following letter from H. B. GRIGG, Esq., M.A., Director of Public Instruction, to the Chief Secretary to Government, dated Madras, 5th April 1884, No. 2194 :—

I have the honor to submit, for the very favorable consideration and orders of Government, the accompanying letter from the Consulting Architect to Government, forwarding with reference to G.Os., dated 5th January and 20th April 1883, Nos. 2 and 230, Educational, respectively, plans and estimates for additions and improvements to the Medical College buildings. The estimate consists of the following items, aggregating Rs. 75,326 :—

		RS.
(1)	Dissecting house	36,830
(2)	Improving light and ventilation of and adding galleries to the three lower rooms of north wing	9,026
(3)	Improving lighting and ventilation of present anatomical theatre	196
(4)	Erecting galleries, &c., in library	5,425
(5)	Adding an upper-story to the north wing	13,999
(6)	Completing verandah round front and sides of building	8,775
(7)	Improving out-house rooms	1,075
	Total ...	75,326

2. The Surgeon-General with the Government of Madras agrees with the Principal of the Medical College in considering that all the improvements noted above should be carried out in the year, and that when they are completed, no further additions will be necessary for many years to come. The work should be provided for in the Public Works Budget.

Enclosure.

From Major J. L. L. MORANT, R.E., Officiating Consulting Architect to Government, to the Director of Public Instruction, dated Madras, 30th January 1884, No. 1447.

With reference to Educational G.Os., No. 2, dated 5th January 1883 and No. 230, dated 20th April 1883, I have the honor to forward, herewith, detailed plans in four sheets and estimates for additions to, and improvements in, the Medical College buildings at Madras.

2. The plans have been prepared, with, first, in communication with each individual medical officer concerned; secondly, in consultation with the college principal; thirdly, by being laid before the college council, and, fourthly, they have been approved of generally by the Surgeon-General, Indian Medical Department.

3. The plans and estimates, which in all amount to Rs. 75,326, have been signed by the Principal of the Medical College on behalf of the college council.

4. The additions and improvements consist of the following details :—

(1) A new dissecting house containing a dissecting room for male and female students, a preparation room, a lecture theatre for 130 students with gallery for prepared anatomical specimens, an anatomical museum, a small office room for the professor, and a lavatory.

(2) In the present pathological museum room and in the room temporarily occupied by the Chemical Examiner, it is proposed to erect galleries on iron pillars approached by circular stairs, to improve their light and ventilation, and to re-arrange the cases end on to the walls, increasing their number and height. In this way the museum of pathology, hygiene and botany can all be accommodated in the three rooms forming the lower-story of this north wing.

(3) To improve the lighting and ventilation of the present anatomical theatre.
(4) To erect galleries and improve the lighting and ventilation of the college library room.
(5) To erect an upper-story on the north wing of the college thus providing for a histological theatre, a room for the professor of ophthalmic medicine, surgery, and physiology, and an office for the principal's clerk, who is now (most inconveniently) in the same room with the principal.
(6) To take advantage of the platform and parapet now running round the front and sides of the college building and to erect over it a terraced roof on iron pillars thus forming a verandah.
(7) To improve the small out-house rooms now used by lady students and others, by adding a small bracketted verandah and clear-story windows for light and ventilation.

5. The cost of these proposals will be as follows :—

	RS.
(1) Dissecting house	36,830
(2) Improving light and ventilation of and adding galleries to the three lower rooms of north wing	9,026
(3) Improving lighting and ventilation of present anatomical theatre.	196
(4) Erecting galleries, &c., in library	5,425
(5) Adding an upper-story to the north wing	13,999
(6) Completing verandah round front and sides of building... ...	8,775
(7) Improving out-house rooms	1,075
Total ...	75,326

6. The completion of the verandah round the building is made necessary because the provision of galleries to the large rooms of the college necessitates more light in these rooms, and from the want of the verandah the lower doors of these rooms cannot be now opened, for they admit too much direct sunlight and rain. There are also other college rooms which are now very dark for the same reason.

General.
Account.

Read—the following papers :—

From Major J. L. L. MORANT, R.E., Officiating Consulting Architect to Government, to the Chief Engineer, Public Works Department, dated Chepâk, 27th August 1884, No. 890.

I have the honor to request that funds may be allotted to the following works :—

	RS.
(1) Improving roads in Chepâk park and maintaining trees	1,400
(2) Widening promenade between Napier's bridge and Triplicane creek and other improvements at Chepâk	7,843
(3) Constructing a bridge over Buckingham canal near Senate House.	9,455
(4) Additions to Public Works offices, Chepâk	4,126
(5) Erecting a tomb over the grave of the Right Hon. W. P. Adam (Ootacamund)	418
(6) Provincial Minor Original Works, Civil Buildings	2,200

(1) A sum of Rs. 10,550 was allotted to this work in the Provincial budget and G.O., No. 1581 W., dated 24th June 1884, and the difference was ordered to be applied for later in the year (*vide* G.O., No. 1819 W., dated 28th July 1884). But as the works forming the project must be completed before or during monsoon, I beg that a further sum of Rs. 1,400 (the balance of the estimate) may now be granted.

(2) to (5) These works will be completed before the close of the official year and funds for completing them are necessary.

(6) Under this head there are now about four works (sanctioned and under execution), amounting to Rs. 4,200, but as only Rs. 2,000 have been allotted in G.O., No. 1581 W., dated 24th June 1884, I have to request that the difference may now be granted.

2. May I also request that you will be good enough to grant funds (Rs. 10,000) to go on with the "additions and improvements to the Madras medical college," sanctioned in G.O., No. 1252 W., dated 17th May 1884. Copy of a letter from the Principal, Madras Medical College, enclosed.

Enclosure.

From Surgeon-Major J. KEES, M.D., M.R.C.P.I., Principal, Medical College, Madras, to the Consulting Architect to Government, dated Madras, 25th August 1884.

With reference to the order of Government, No. 1252 W., Public Works, dated 17th May 1884, sanctioning certain additions and alterations to the college building, may I ask the favor of your kindly undertaking, as early as practicable, the construction of the new anatomical lecture and dissecting rooms, &c., as these are very urgently required.

4. Owing to the large number in our classes, the present thatched dissecting room will, this year, be more than ever unsuited for the purpose as such.

From Surgeon-Major J. KEES, M.D., M.R.C.P.I., Principal, Medical College, Madras, to the Director of Public Instruction, dated Madras, 29th August 1884, No. 285.

I have the honor to forward a communication received from the Consulting Architect to Government, dated 27th instant, in respect to the necessity for the early completion of the new anatomical theatre and dissecting room, which recently received the sanction of Government,[*] and to request that you will be good enough to

[*] In G.O., No. 1252, dated 17th May 1884.

move the authorities to provide this officer with the necessary funds to enable him to commence the work at an early date, as the existing thatched sheds do not afford sufficient accommodation for the larger number of students engaged in dissection during the winter session.

Enclosure.

From Major J. L. L. MORANT, R.E., Officiating Consulting Architect to Government, to the Principal, Medical College, Madras, dated Chepâk, 27th August 1884, No. 881.

With reference to your letter, No. 277, dated 25th instant, I have the honor to state that I have applied for Rs. 10,000 to be spent on the dissecting house during the current official year, but I cannot say whether the amount will be allotted or not. It would, I think, very much help matters if you were to kindly address Government on the urgency of the work, and request an allotment of funds.
