READ—the following papers :—

From P. V. LUKE, Esq., Chief Superintendent, Government Telegraphs, Madras Division, to the Secretary to Government, Public Works Department, dated Madras, 23rd July 1883, No. 2359.

Has the honor to forward copy of Circular Memorandum, No. 8 C., dated Simla, 12th June 1883, for information.

ENCLOSURE.

GOVERNMENT TELEGRAPH DEPARTMENT.

CIRCULAR MEMORANDUM No. 8 C.
Simla, 12th June 1883.

It is requested that the following addition be made to the Schedule of Telephone Rates, which accompanied Circular letter, No. 8, dated the 26th July 1882, and which was specially referred to in paragraph 13 thereof, viz :—

The above charges include the expenses of the first inauguration; but, should a subscriber, by changing his residence or office, require the connections to be altered, and should such alteration not increase the wire mileage, a charge equal to one year's rent of half a mile of wire will be made to cover the expenses of alterations.

In a case where an alteration may cause an addition to the wire mileage, the subsequent rental will be proportionally increased, notwithstanding the charge for the actual alteration.

(Signed) R. MURRAY, Colonel,
Director-General of Telegraphs in India.

From the Under Secretary to Government, Public Works Department, to the Chief Superintendent of Telegraphs, Madras Division, dated 1st August 1883, No. 1661 D.

In acknowledging receipt of your letter, No. 2359, dated 23rd July 1883, I have the honor to request that you will be good enough to furnish this office with a copy of the previous Circular letter quoted, No. 8, dated 26th July 1882.

From P. V. LUKE, Esq., Chief Superintendent, Government Telegraphs, Madras Division, to the Under Secretary to Government, Public Works Department, dated Madras, 6th August 1883, No. 2703.

In reply to your No. 1661 D. of 1st instant, I have the honor to state that I have no spare copy of Circular No. 8 of 26th July 1882, but I enclose an extract of that part of it which applies to the matter under reference.

ENCLOSURES.

EXTRACT from Circular letter No. 8 of 1882.

I may also inform you that, whilst the Government of India has decided that this department is not to open any public exchange in any town for which the Oriental Telephone Company has applied for a license, it has also decided that if any public officers require any telephone conveniences, they are to advertise their wants, and that this department is at liberty to tender for the supply of such wants.

As the terms under which such tenders may be made should be known, I enclose you a printed extract from a letter to the Collector of Agra, quoting the rates at which public office or municipal lines can be erected, and beg you to note that these rates will be adhered to.

This extract may be shown to any public officer who may make any inquiry about telephone rates, but with the distinct intimation that you cannot finally accept any terms without reference to me.

You will understand that, in calculating charges, fractions of half miles of circuit are reckoned as half miles (*e.g.*, 900 yards counts as one mile; 1,800 yards as one and half mile), but in calculating for a set of public office lines, the rate is fixed on the total of the different circuits of that set added together. Also this rate is per half mile of circuit, measured by the nearest practicable route, and is quite independent of the number of wires on the same posts, the necessity of using return wires or the actual route that may be eventually adopted for departmental reasons.

The rate of charge being by the length of circuit by the nearest practicable routes, no scheme should be sent me for acceptance until the nearest practicable routes for the proposed circuits have been actually measured and quoted in yards.

EXTRACT from letter, No. 453 C.G., dated 11th May 1882, to the Collector of Agra.
