SIR,

Enclosures.

I have the honor to ask for Sanction to make up in the P. W. Workshops, forty nine Prismatic Compasses with stands for general Service, the principal materials for making up which, Viz Agate Caps. Prisms & Divided platinum Circles, were obtained some time ago on Indent from England by the Workshops and if not utilized will hardly realize their cost if sold by auction.

There are in Stock at present only (11) Eleven Serviceable Prismatic Compasses and thirty nine unserviceable, of these a few may be found worth repairing, and as there is always a demand for these Instruments, and none have been Indented for on England for 1884—85, I beg that sanction may be accorded for making up forty nine Prismatic Compasses with stands at a cost of Rupees (60-0-0) Sixty each. The English

Cost is Rupees (61-0-0) Sixty one. The
amount for which sanction is required
is Rupees 2940-0-0 which will form
a charge against the Budget of 1884-85

I have the honor to be
