Genl. Supt. P. W. Stores.

Supt. M. H. Works.

No. 37 A.—G.

GOVERNMENT OF INDIA.

PUBLIC WORKS DEPARTMENT.

ACCOUNT.
General.

Fort William, February 4, 1884.

Copy forwarded to the Governments of Madras, Bombay and Bengal, Public Works Department; the Chief Commissioner, British Burmah; and the Directors General of Telegraphs and Railways, for report, in continuation of Public Works Department endorsement No. 205 A.—G., dated 14th July 1883.

By order,

A. G. BEGBIE, Major, R. E.,

Offg. Under Secy. to the Govt. of India.

No. 345, dated 19th January 1884.

From—J. E. O'Conor, Esq., Asst. Secy. to the Govt. of India, Dept. of Finance and Commerce,

To—Secys. to the Govts. of Bengal and Bombay, and the Chief Commr. of British Burma.

I am directed to invite attention to Financial Resolution No. 1685, dated 27th June 1883, and to enquire whether any inconvenience has arisen out of the present arrangements for the recoveries in India for damage to, or short deliveries of, Government stores.

2. A copy of correspondence* with the Government of Madras on this subject is enclosed.

* Letter from Government of Madras, Marine Department, No. 469, dated 19th September 1883, and enclosure.
Letter to ditto, No. 4067, dated 31st October 1883.

Copy, with copy of its enclosures, forwarded to the Military and Public Works Departments, with a request that opinions on the subject may be obtained.

No. 469, dated 19th September 1883.

From—E. F. Webster, Esq., Acting Chief Secy. to the Govt. of Madras, Marine Dept.,

To—The Secretary to the Government of India, Dept. of Finance and Commerce.

With reference to revised conditions for freight and conveyance of stores to India approved by the Secretary of State in 1881, I am directed to forward copy of a letter from the Master Attendant in which objections are raised to the new system, on the ground that the claims on account of damaged stores at times greatly exceed the one-fifth freight payable in this country.

2. As the matter affects other provinces of India, I am directed to request that it may be considered by the Government of India.

Extract from the Proceedings of the Government of Madras, Marine Department,—No. 468, *dated* 19*th September* 1883.

READ the following paper :—

No. 8721, dated 8th September 1883.

From—Lieutenant J. H. Taylor, R.N.R., Master Attendant, Madras,

To—The Acting Chief Secretary to the Government of Madras.

I have the honor to annex a memorandum showing a few instances where the claims for the recovery from the balance of freight payable to vessels bringing consignments from England has far exceeded the same, attended with all the difficulties which arise in such cases :—

	S.S. *Clan Drummond.*			S.S. *Dacca.*			S.S. *Clan Buchanan.*		
	Rs.	A.	P.	Rs.	A.	P.	Rs.	A.	P.
Amount of one-fifth freight payable in India ...	766	14	4	165	13	2	546	9	4
Amount of claim on account of damaged stores, &c. ...	3,395	6	11	768	14	7	658	9	7

2. It was formerly the practice to make one-third of the freight of vessels from England payable in India, two-thirds being paid there; but now four-fifths are paid in England, and only one-fifth is left to be adjusted here. Hence the smallness of the amount to fall back upon in case of claims arising against the ship. I would, therefore, respectfully suggest that the old proportions of two-thirds in England and one-third in India be reverted to, and that the Right Hon'ble the Secretary of State for India be addressed on the subject.

Order thereon by the Government of Madras.

As the question raised in the Master Attendant's letter affects other provinces, the Government of India will be addressed.

No. 4067, dated 31st October 1883.

From—J. E. O'Conor, Esq., Asst. Secy. to the Govt. of India, Dept. of Finance and Commerce,

To—The Chief Secretary to the Government Madras, Marine Dept.

I am directed to acknowledge the receipt of your letter No. 469, dated 19th September 1883, and enclosure, representing that as the claims on account of damaged stores at times greatly exceed the one-fifth freight payable in India, difficulties are experienced in effecting the recoveries from the freight due in India.

2. I am to invite attention to Financial Resolution No. 1685, dated 27th June 1883, and to enquire whether, *mutatis mutandis*, the application of the rule therein laid down will not meet the difficulties complained of. It would seem that when the amount of freight payable in India is not sufficient to cover the full amount of the claim, all that is necessary is to show in the packing accounts the balance still due after deduction of the amount of freight payable in India.
