GOVERNMENT OF MADRAS.

EDUCATIONAL DEPARTMENT.

READ—the following paper :—

From J. W. RUNDALL, Esq., Superintending Engineer, 2nd Circle, to the Chief Engineer, Public Works department, dated Camp Bezvada, 1st December 1883, No. 2272-K.S.

I have the honor to report the following circumstances for the favor of your orders.

2. On the 10th ultimo the Collector of the Kistna sent a memorandum to Mr. C. Mitford Smith, Assistant Engineer, Eastern division, requesting him to be good enough to assist the temporary Deputy Collector in the middle school examination to be held at Masulipatam on the 1st December and 4 following days.

3. This was referred to me for orders.

4. Mr. Smith had in the mean time been temporarily transferred to the Kistna Western division and could not, of course, be present as requested.

5. As I was not aware of any order under which the Collector could call on Mr. Smith to assist in this examination, I requested this gentleman to be good enough to let me know under what orders he acted in calling on Mr. Smith to leave his legitimate duties for 5 days.

6. In reply, the Collector quotes the notification published in page 1670 of the Fort St. George Gazette of the 28th October 1873, and states that in accordance with paragraph 4 of the proceedings of the 23rd October 1883 of the Commissioner for the Uncovenanted Civil Service Examinations, he nominated Mr. Smith, among other officers, to assist in this examination.

7. I write therefore to inquire whether it is the intention of Government that officers of this department should be liable to be taken away for 5 days, from their proper duties, for this service.

8. There is the incidental question also as to whether it is right to place an officer of some standing under the orders of a temporary Deputy Collector, or a junior Revenue officer. In forwarding the Collector's memorandum, Mr. Mitford Smith stated that he objected to be put himself under the orders of the Deputy Collector, and I think most officers of his standing and position would share his objection.

No. 2529-C.

Endorsement on the above.

Transferred to the Educational department for consideration whether, when assistance is required from the Public Works department in conducting examinations, the Superintending Engineer of the Circle might not be requested to nominate an officer for the purpose.

CHEPAUK,
17th December 1883.
