Local Funds—Establishment.

No. 102. Read the following Proceedings of the Board of Revenue, dated 29th January 1875, No. 722 (Miscellaneous):—

Read again letter from the President of the Local Fund Board, Nellore, dated 17th February 1874, No. 132, requesting sanction for the abolition of the grade of Local Fund Maistries and for the substitution in lieu of it of the grade of Second-class Overseers on a salary of Rupees 40.

Read also the following letter from G. VANSAGNEW, Esq., President of the Local Fund Board, Nellore, to J. GROSE, Esq., Secretary to the Board of Revenue, dated Nellore, 11th May 1874, No. 556.

Adverting to the Board's Official Memorandum of the 7th instant, No. 576, calling on me to ascertain and state if the District Engineer's proposal to give the new class of Local Fund Overseers Rupees 40 per month, is inclusive or exclusive of travelling batta, I have the honor to state that since the submission to the Board of Revenue of the proposals contained in my letter of the 17th February last, No. 132, which were based on the District Engineer's recommendation embodied in his letter, No. 58, of 28th January, a copy of which was submitted, Mr. R. Smith has very considerably modified his former proposals.

2. These fresh proposals, contained in his letter of the 28th March last, No. 81, (copy submitted) were laid before and sanctioned by the Local Fund Board at their last meeting—*vide* Resolution, No. 174, copy subjoined—when it was further resolved that the scheme then approved of be submitted to the Board of Revenue in *substitution* of the scheme already sanctioned by the Local Board in Resolution No. 127 of 1873-74.

3. From Mr. R. Smith's letter it will be observed that the new class of Sub-Overseers, as they are now termed, are to receive a travelling allowance of Rupees 7½ per mensem.

With the first of the foregoing letters, the President submitted one from the District Engineer, proposing to reduce the number of Local Fund Maistries attached to the circle from eight to four, and to style them Second-class Overseers on a salary of Rupees 40 per month.

2. The Board desired the President to ascertain and report if the proposed rate of salary was inclusive or exclusive of the travelling batta.

3. The second letter recorded above is a reply to the Board's requisition. With this letter, the President submits another from the District Engineer suggesting a modification of the first proposal as hereunder particularized:—

	Rs.	A.	P.
3 Sub-Overseers, at Rupees 35 each per month	105	0	0
Travelling allowance for do. at 7½ Rupees each	22	8	0
3 Writers, at 10 Rupees each	30	0	0
3 Lascars, at 6 do.	18	0	0
1 Maistry, at 20 Rupees	20	0	0
Travelling allowance for do. at Rupees 5	5	0	0
Total ...	200	8	0

4. According to G.O., Financial Department, dated 20th June 1874, No. 1038, there should be no grade of Maistries maintained, and therefore the proposed Maistry on Rupees 25 a-month (including travelling allowance) should be styled Sub-Overseer of the grade to which he may belong.

5. The proposal to entertain a Writer on Rupees 10 and a Lascar on Rupees 6 a-month to each of the proposed Sub-Overseers on Rupees 35 a-month is unprecedented.

6. From a recent G.O., Financial Department, dated 8th January 1875, No. 24, which will be separately communicated, it will be observed that Local Funds have been relieved of the cost of Petty Establishment, but by G.O., 21st January 1875, No. 98, the amalgamation of the two establishments is deferred. The present proposals which involve an increased charge of Rupees 6 per annum will be submitted for the orders of Government.

Honored Sir

With the greatest respect and profound submission. I a Temporary Clerk in the Sungam Project Division, beg to bring to your honor's benign notice, and kind consideration that I was entertained into the P. W. in permanent Establishment in Nellore District, on the 18th August 1868 and continued to hold Sub Overseer's post on Rus. 20 till 1875. when by the orders of the Nellore District Engineer's No. 343 dated 9th June 1875 I was thrown out in the Reduction. but holding Temporary Service till now in the same department. I did not in the least think of getting gratuity of any kind for my Service as those that were thrown out in the recent Reduction.

Now knowing that persons thrown out in Reduction are legally entitled to grauticty or Pension, and having no other alternative but your honor's clemency I forwarded this humble Petition to your honor, hoping that your honor will be good enough to see about me in the Service Register in the Nellore Division office, and sanction my Gratuity

For which act of Kindness I shall pray for your honor's long life and prosperity.

I beg to Remain Sir
Your most obedient Servant

1 Petition.

Sir,

In returning herewith, the petition to your address from Munagauty Ramarow, a temporary clerk in the Sangam Project Division, I have the honor to inform you that, I find that this man was employed as Taluk Overseer's writer on the 10th August 1868. He was subsequently made a Local Fund Mistry in april 1872, and his services were dispensed with by the District Engineer, Nellore, on the alteration of the Establishment for Local Fund works sanctioned in G.O. (P.W.D) No 193 of the 23rd February 1875.

2. He has subsequently been employed on the temporary Establishment in various capacities.

3. When dismissed in June 1875, [illegible] seems not to have received either notice or gratuity, but was transferred to the Temporary Establishment on higher pay.

I have the honor to be,

Sir,

Sir

With reference to your endorsement No. 854 N.2. dated 25th January 1884 in G.O. No. 158 W dated 18th January 1884. I have the honor to inform you that M. Rama Row was employed for about 6 months as Maistry on Anicut on Rs. 25 per month; when the floods prevented work in the bed of the river I appointed the man at his own request as writer on Rs 15 in the special sub-Division office.

2 For the last 4 or 5 months he has been giving a great deal of trouble

under the circumstances reported

trouble continually absenting himself from work, and finally he sent in his resignation, this I refused to accept as I was short of hands. He then applied for leave on account of a case in the court. I refused this also unless papers were produced from the court shewing that his presence was necessary

3. On the 9th ultimo I received a report from Mr. Berlie that Roma Row had been absent without leave from 1st January and this day I have received a letter from the latter applying for leave from 1st January and forwarding copies of some proceedings in the court in which no reference is made to the man's presence being required nor is the date of the case given and it may be a case several months old.

4 Under these circumstances I intend to dispense with Roma Row's services and I do not think he should be reemployed.

5 As regards Roma Row's qualifications, he speaks English, has a smattering of levelling and surveying drawing and accounts, but is not even fairly good at one of these subjects, and he is decidedly indifferent as a Maistry.

Sir,

I have the honor to report, that on receipt of G.O. No. 158 W of the 18th Ultimo, I requested the Executive Engineer, Sangam Project Division to inform me, what post he considered M. Ramarão was qualified for, in order that I might, as directed by Government, bring him on the permanent Establishment when a suitable vacancy occurred.

2. I have in reply received the enclosed letter from Captain Campbell R.E. who considers that as Ramarão has recently been very irregular in attendance and has absented himself without leave, he should not be reemployed.

3. Under the circumstances reported

I hardly think that M. Ramarais should be brought on to the permanent Establish-ment, but request the favor of orders on the matter.
