

PROCEEDINGS OF THE BOARD OF REVENUE.

READ—the following letter from H. ST. A. GOODRICH, Esq., President, Local Fund Board, Bellary, to the Secretary to the Board of Revenue, dated 26th October 1883, No. 879:—

I have the honor to submit the Budget Estimates * of the Bellary Circle, for 1884-85, together with the usual statements.
* By separate packet.

2. The actual closing balance of 1882-83 arrived at in the supplemental accounts for March 1883 has been adopted as the opening balance in the regular estimate for 1883-84.

3. The estimated receipts of the current year are not likely to be entirely realized, and a decrease of Rs. 6,370 is anticipated as shown below:—

		RS.
Receipts as per budget estimate for 1883-84	...	1,51,830
Do. as per regular estimate for 1883-84	...	1,45,460
Difference	...	6,370

4. The decrease occurs chiefly in the items of Land-cess and Tolls as shown in the regular estimate. There is no prospect of the arrears under Land-cess being realized to the full extent of the budget estimate. Rs. 1,24,500 are expected to be realized as per Demand, Collection and Balance Statement appended to the regular estimate.

5. Tolls have been leased out by the Bellary Municipality at half rates for the first half-year and at maximum rates for the second half-year of 1883-84. The total collections for the year amount to Rs. 14,320 and the Local Fund share comes to Rs. 4,770.

Rs. 7,000 have been set down as the income under Tolls for the current year, taking also the amount to be realized from the Adóni Municipality. The fluctuations in the other items of receipts are inconsiderable.

6. The subjoined statement shows the variations between the figures of the budget estimate and those of the regular estimate under the several grants of expenditure:—

	Budget Estimate.	Regular Estimate.	Difference.
	RS.	RS.	RS.
Grant I	1,11,120	1,28,620	+ 17,500
Grant II	18,780	18,090	— 690
Grant III	33,770	32,580	— 1,190
Grant IV	4,170	4,220	+ 50
Total ...	1,67,840	1,83,510	+ 15,670

The increase is under Grant I, and it is due to allotments sanctioned for New Works from time to time by the Board of Revenue subsequent to the despatch of the budget, as will be seen from the accompanying statement of budget grants with additions and alterations. The amount allotted for New Works is expected to be utilized in full during the current year. The variations in the other items of expenditure are slight and are explained in the regular estimate.

BUDGET OF 1884-85.

7. *Revenue and Receipts.*—The closing balances arrived at in the regular estimate have been adopted as the opening balances of the ensuing year; they are given below:—

	RS.
Road Fund Balance	...
General Fund Balance	...
Endowment Fund Balance	...
Total	94,330

Apart from the opening balances, the receipts of the year 1884-85 are estimated at Rs. 1,50,000, which is Rs. 4,540 above the regular estimate of the current year.

8. The amount of Land-cess realized in previous years and the character of the season do not admit of a larger sum than Rs. 1,25,000 being provided under that head for 1884-85.

9. Tolls have been leased out by the Bellary Municipality, and the Local Fund share, Rs. 7,000, provided under this head, is regulated by the figures of the current year.

10. A provincial grant of Rs. 1,424 on account of schools is shown under receipts as per particulars given in Statement III.

Of this amount, Rs. 320 forms the Scholarship Grant for normal students, expected in accordance with the terms of the Proceedings of the Director of Public Instruction, No. 5497, dated 10th August 1883, and the remainder forms the grant towards the pay of masters of Local Fund Schools. Rs. 2,200 were budgeted in the current year for constructing a school-house at Hospet. The building erected not being found suitable for the purpose, the Educational officers propose to improve it by an additional outlay of Rs. 800. A Building Grant of Rs. 750 is therefore shown under receipts of Hospet school. A school-house is proposed to be constructed at Harpanahalli also, and an additional sum of Rs. 750 is therefore shown under Building Grant for this school in consultation with the Educational officers. The villagers have promised a contribution of Rs. 950 towards the cost of the school-house at Harpanahalli. This sum is also shown under receipts.

11. Rs. 2,200 is entered under School-fees against Rs. 1,800 in the current year. An increase in the attendance of pupils in existing schools is anticipated. The opening of the schools at Kanical and Kúdligi contribute also to the increase of fees.

12. Rs. 400 are shown under "Bungalow Fees" against Rs. 300 in the current year. The increase is attributable to the income expected from the Kamalapur bungalow, owing to its vicinity to the Humpli ruins, and to the large number of travellers expected to halt at the Hospet bungalow from the growing importance of the town as a railway station. The Kamalapur bungalow was made over to the Local Fund Board by the late Collector, Mr. J. H. Master.

13. A greater demand for books is anticipated next year, as the standards of certain schools have been raised and new schools are proposed to be opened. The sale-proceeds of school books is therefore estimated at Rs. 1,000 against Rs. 600 in the current year. A sum of Rs. 300 which is expected to be realized by the sale of manure, &c., in places where conservancy establishment is maintained, is shown under "Sale of other Property." The amount of contribution by villagers for the repair of wells, &c., is estimated at Rs. 300.

The other items of receipts are almost identical with the figures of the current year's budget.

14. *Expenditure—New Works—Grant I.*—No New Works are provided for. Proposals will be submitted for sanction as soon as plans and estimates are prepared.

Repairs.—Maintenance grants varying from Rs. 25 to Rs. 200 are assigned for 39 roads as detailed in Statement II-A. A sum of Rs. 1,550 is allotted for town

roads and Rs. 19,870 for the repair of village roads. The total allotment for repairs of roads amounts to Rs. 85,670. A tracing showing the position of the roads maintained is forwarded.*

* By separate packet.

Rs. 2,000 are allotted for Repair of Civil Buildings and Rs. 5,000 for Miscellaneous Public Improvements. The provision seems to be adequate.

15. *Establishment.*—The cost of Local Fund Engineering Establishment is Rs. 21,500, or 23.2 per cent. of the allotment on works as now entered in the budget. The proposals for New Works which will be submitted subsequent to the despatch of the budget, and the savings, stoppages, &c., from the pay and travelling allowances of subordinates, will bring the net cost of establishment far below the prescribed percentage. The details of the revised establishment are submitted for sanction with my letter, No. 873, of the 25th instant, and provision is made in the budget according to the proposed scale.

16. *Grant II, Education.*—The total allotment for Education is Rs. 23,090 against Rs. 18,780 in the current year. The increase in the allotment is due to the provision under "Results Grants" having been raised from Rs. 6,000 to Rs. 8,000 to meet the growing requirements of the circle, and to the increase of establishment proposed for the schools at Harpanahalli, Hospet and Ráyaidúg.

Provision is also made for the Girl's Schools at Hospet, Hagarnoor and Harpanahalli and to open a Combined System School at Kúdligi. The standard of Kanacal School is raised in accordance with the Proceedings of the Board of Revenue, No. 2811, dated 18th September 1883, and the pay of three Inspecting Schoolmasters is also proposed to be raised from Rs. 25 to 30 each, in consideration of the reduced rates of batta allowed to them under the New Travelling Allowance Code. These charges also contribute partly to the increase of allotment under this grant. The changes proposed in the Educational establishment are submitted for sanction through the Director of Public Instruction, with my letters, Nos. 874, 875 and 877, dated 25th October 1883, and provision is made in the budget in anticipation of sanction of the proposals.

17. *Grant III—Hospitals and Dispensaries.*—There are at present six Local Fund Dispensaries in the circle, viz., at Alúr, Hospet, Harpanahalli, Kúdligi, Kampli and Ráyadrúg. The last two were opened in the beginning of September 1883.

A third-class dispensary is proposed to be established at Hadagalli in 1884-85, and provision is made in the budget accordingly, in anticipation of sanction of the proposal contained in my letter, No. 876, dated 25th October 1883.

The total allotment for Hospitals and Dispensaries amounts to Rs. 9,030 against Rs. 8,940 in the current year. The increase is due to the opening of a dispensary at Hadagalli. The provision for other dispensaries on account of medicines and surgical apparatus has been reduced to some extent, as it appears from the actuals of the previous year to be excessive.

The contribution hitherto allowed to the Kalyándrúg Dispensary in the Anantapur Circle for the benefit of the residents of Ráyadrug Taluk is discontinued, as a separate dispensary has been opened at Rayadrug. No provision is therefore made in the budget on this account.

18. *Vaccination.*—The provision for contingencies under this head is raised from Rs. 180 to Rs. 340, with a view to procure a sufficient supply of capillary tubes required for the department.

19. *Sanitation.*—The allotment under this head is Rs. 9,600 as detailed below:—

	RS.
Sanitary Establishment	3,600
Fairs and Festivals	1,000
Unforeseen Charges	1,000
Improvement of Water-supply	3,000
Village-site Improvement	1,000
Total	9,600

The allotment for Sanitary Establishment is increased by Rs. 700 to meet the requirements of important towns. The details of establishment are given in Statement IV-B.

20. *Bungalows*.—The provision for Bungalows is Rs. 1,340 against Rs. 950 in the current year.

The increase is due to the establishment and contingencies required for the Kamalapur Bungalow taken over by the Local Fund Board under G.O., No. 1647, dated 3rd August 1883, and to the entertainment of pensioned sepoys on Rs. 5 each in lieu of sweepers in certain bungalows, as sanctioned by the Board of Revenue in their Proceedings, Miscellaneous No. 7153, dated 23rd August 1883.

21. *Grant IV*.—The cost of District Audit Establishment is estimated at Rs. 850 in consideration of the second annual increment to which the auditor will be entitled at the end of the current year. The provision for Local Fund Board's Office Establishment is raised from Rs. 720 to Rs. 1,160, in anticipation of sanction of the increased scale of establishment proposed in my letter, No. 872, dated 24th October 1883.

22. The year is estimated to close with a credit balance of Rs. 44,140 under Road Fund, Rs. 4,920 under General Fund, and Rs. 2,260 under Endowment Fund.

READ—the following letter from Deputy Surgeon-General M. C. FURNELL, M.D., F.R.C.S., Sanitary Commissioner for Madras, to the Secretary to the Board of Revenue, dated 5th December 1883, No. 1525:—

I have the honor to report, for the information of the Board of Revenue, that Rs. 9,600 or 23 per cent. of available income has been set apart by the Bellary Local Fund Board for the sanitary requirements of the circle for 1884-85. This is a slight improvement (by Rs. 200) over the grant for the current year, and may be accepted. The allotment for Conservancy has been raised from Rs. 2,870 to Rs. 3,540, but the scavenging establishments will be maintained in the same number of towns and villages, viz., 14, as in the current year. I approve generally of the manner it is proposed to distribute the allotment, which is as follows:—

	RS.
Conservancy	3,540
Improvement of Water-supply	3,000
Do. of Village-sites	1,000
Sanitary Arrangements during Fairs and Festivals	1,000
Unforeseen Sanitary Purposes	1,000
Contingencies	60
Total	9,600

2. The Vaccination Grant amounts to Rs. 7,780, which appears to be ample.

READ—the following letter from Surgeon A. J. STURMER, Secretary to the Surgeon-General with the Government of Madras, to the Secretary to the Board of Revenue, dated 5th December 1883, No. 6214:—

I have the honor, by desire of the Surgeon-General, to report to your Board that the sum set apart in Grant III of the 1884-85 budget estimate of the Bellary Circle, for the maintenance of the seven dispensaries, including the new institution proposed to be opened at Hadagalli, is sufficient, and calls for no remarks, except in the item of "Medical Subordinate."

2. The three-fourths of the pay and allowance of the Medical Subordinate of the Alur Dispensary should be increased from Rs. 450 to Rs. 675, as a Civil Apothecary passed out in 1880 is under orders to join.

3. Civil Apothecaries will be available for the Kúdligi Dispensary *vice* Ieyaram, deceased, and for the new institution referred to, in July next.

4. The marginally-noted figures are entered as contribution towards the expenses of the Medical College and Sanitary Inspection.

	RS.
College	740
Inspection	740

5. The entry "Vaccine Inspecting Agency" in the expenditure statement should be altered to "Sanitary Inspection."

READ—the following letter from H. B. GRIGG, Esq., M.A., Director of Public Instruction, Madras, to the Secretary to the Board of Revenue, dated 19th January 1884, No. 166:—

I have the honor to submit the following remarks on the Local Fund Budget Estimate of the Bellary Circle for 1884-85.

2. *Receipts*.—The Educational assets of the circle are estimated at Rs. 28,124, exclusive of moiety (Rs. 9,510) of the General Fund Opening Balance.

	RS.
Provincial Grant	2,924
One-sixth Land-cess	20,830
School-fees	2,200
Contributions	1,170
Sale of Books	1,000
Total	28,124

The entry against "Provincial Grant" is made up of Rs. 320, Scholarship Grants in the Bellary Normal School, of Rs. 1,104, Salary Grants in the Local Fund Middle Schools, and of Rs. 1,500, Building Grants on account of the Hospet and Harpanahalli Schools. No credit is taken for results grants which the Combined System or Girls' Schools may earn from Provincial Funds. For the Hospet and Harpanahalli school buildings, grant is estimated at one-fourth the cost. This proportion, instead of one-third, must be fair, considering that the Local Fund Board can claim aid towards the school in proportion to the Middle and Upper Primary work which the school does.

3. *Charges*.—The expenditure proposed under Grant II is Rs. 23,090 against Rs. 18,780 in the current year's budget.

	1883-84.	1884-85.
	RS.	RS.
Inspection	1,440	2,000
Training Schools	1,980	2,000
Local Fund Schools	6,770	8,440
Grants-in-aid	6,000	8,000
Miscellaneous	2,590	2,650
Total	18,780	23,090

4. *Inspection*.—The Board having it in contemplation to entertain an additional Inspecting Schoolmaster, have raised the provision from Rs. 1,440 to Rs. 2,000. As the circle comprises eight taluks, an increase in the number of Inspecting Schoolmasters is surely called for, considering that most of the elementary schools in the district are now officered by untrained or uncertificated men, who are in need of constant supervision and assistance. In connection with the proposal of the Board to raise the pay of the existing Inspecting Schoolmasters from Rs. 25 to Rs. 30, in consideration of the reduced rates of batta allowed to them by the new code, I would observe that the sanction of Government of India has already been requested for the continuance to these officers of the old rate of batta of eight annas per diem.

5. *Training Schools*.—There is an increase of Rs. 20 in the allotment for the upkeep of the Bellary Normal School, due to Rs. 8 having been provided for books and maps and Rs. 12 for raising the pay of the peon from Rs. 5 to Rs. 6. No provision has been made for imparting to normal pupils instruction in gymnastics. If the physical training of the youths of the country through the means of gymnastics, drill and other exercises, as recommended by the Education Commission, is to be promoted, it seems to me to be essential that normal students should be provided for

in such training, for they will in great measure be entrusted hereafter with the elementary education of the presidency. I would accordingly recommend that the services of the gymnastic instructor of the Bellary College be utilized with suitable remuneration.

6. *Local Fund Schools*.—The increased allotment under this head is intended to meet the cost of the additional establishment sanctioned for the Salary Schools and the maintenance of three Girls' Schools at Hospet, Harpanahalli, and Hagaraur, and an Anglo-Vernacular School at Kúdligi. The steps which the Local Board propose to take to introduce gymnastic instruction into the Local Fund Schools of Hospet and Harpanahalli have my approval. No provision is made in the present budget for the Hospet and Harpanahalli school-houses, but the Inspector states that a supplemental budget will be submitted as soon as plans are ready.

7. *Results Grants*.—The increased assignment has been made on the recommendation of this department.

8. *Miscellaneous*.—The entries under this head call for no remark.

RESOLUTION—dated 1st March 1884, No. 693.

The Local Fund Budget Estimate of the Bellary Circle for 1884-85 is herewith submitted for the orders of Government.

REGULAR ESTIMATE FOR 1883-84.

2. *Receipts*.—The President's opening balance differs slightly from that recently communicated by the Accountant-General. The latter which is distributed among the minor funds as follows will be adopted:—

	RS.
Road Fund	94,432
Endowment Fund	1,097
General Fund	36,837
Total ...	1,32,366

The above balance is more than double that anticipated in the budget, owing chiefly to the short outlay on works in 1882-83 noticed in paragraph 4 of Board's Proceedings, dated 5th November 1883, No. 3314. The Pound Fund Contribution will be altered to Rs. 830 to tally with the amount entered in the regular estimate of the Special Funds. Land-cess is estimated at Rs. 1,24,500, against Rs. 1,37,000 entered in the sanctioned budget. The President says that there is no prospect of the arrears under Land-cess being realized to the full extent of the budget estimate, but no explanation is offered for the backward state of the collections. In his letter printed in Board's Proceedings, dated 21st May 1883, No. 1405, it was stated that stringent instructions had been issued for realizing not less than 75 per cent. of the total demand, but from the progress of collections up to January last, it appears that the actuals will fall far short of that percentage. The Board have, in separate Proceedings, called upon the President to explain the reason of the delay in enforcing collections. The income from Tolls is expected to be Rs. 7,000, that is Rs. 1,500 less than the budget estimate. This is due to the Bellary Municipality having leased out their tolls at half rates for the first-half and at maximum rates for the second-half of the year, while the figure in the budget was arrived at by calculating at the maximum rates for the whole year. The other items call for no remark. The total assets are:—

	RS.
Road Fund	1,84,432
Endowment Fund	2,597
General Fund	90,827
Total ...	2,77,856

3. *Expenditure*.—Rs. 12,930 are provided for "New Works—Communications" and Rs. 77,730 for "Repairs." The latter will be raised to Rs. 79,500 with reference

to allotments since sanctioned. The excess over the budget grants was allotted by the Board for the incomplete works of last year, for works which, though sanctioned, were not taken up in that year, and for the construction and repair of certain railway feeders. The sum of Rs. 8,540 entered under "Civil Buildings—New Works" is for completing the school-house at Hospet, which is in course of construction, for sinking a well at the Alúr Dispensary and for building a chattram at Hospet, for which an estimate amounting to Rs. 6,268 was sanctioned in G.O., Public Works Department, dated 1st February 1883, No. 355-W. Rs. 1,999 sanctioned by the Board for repairing the fort wall at Kampli damaged by the floods of the Tungabhadra are included in the item Repair of "Civil Buildings," instead of being shown under "Miscellaneous Public Improvements." The entry "Travelling Allowance of Civil Surgeon" will be struck out, as the charge will be met from the half per cent. Contribution for Sanitary Inspection. The other items of expenditure do not vary much from the budget grants.

4. The following is an abstract of the regular estimate of expenditure as revised by the Board.

These balances will be carried forward to the budget for 1884-85.

BUDGET ESTIMATE FOR 1884-85.

5. *Statement I-A, Revenue and Receipts*.—Under allotments from Provincial Revenue, Rs. 1,420 are entered on account of Salary and Scholarship Grants for the Middle-class and Normal Schools, and Rs. 1,500 on account of Building Grants for two Middle Schools. The Director of Public Instruction considers the estimate fair. As suggested by him, the President should apply for grants for the Combined System and the Girls' Schools also. The Pound Fund Contribution will be reduced to Rs. 830 to make it agree with the sum entered in the Special Funds Budget. Land-cess collections are estimated at Rs. 1,25,000. It is stated that the actuals of previous years and the character of the season do not admit of a higher estimate. The estimated current collections are fair being 91 per cent. of the demand; but out of an arrear demand of Rs. 83,060, only about a fourth is expected to be realized. Apparently, almost the whole of the remainder is considered irrecoverable. The Collector is requested to expedite the submission of the statement of irrecoverable arrears called

for in paragraph 3 of Board's Proceedings, dated 5th November 1883, No. 3314, and to furnish in a tabular form the relative proportions of Land Revenue and Land-cess written off and recommended to be remitted. Under Tolls, the figure in the regular estimate is repeated, but the Collector seems to have failed to take into account the fact that the Bellary Municipality will levy tolls at the maximum rate during the whole year instead of for six months as in the current year. He is requested to report whether the estimate may not be raised. Private contributions to the extent of Rs. 1,250 are anticipated, Rs. 950 for School Buildings and Rs. 300 for works connected with Water-supply. The total assets are—

	RS.
Road Fund	1,62,420
Endowment Fund	3,660
General Fund	76,970
Total	2,43,050

6. *Statement I-B, Expenditure—Grant I—Public Works.*—No New Works are provided for. The President states that proposals will be submitted for sanction as soon as plans and estimates are prepared. Rs. 85,670 are entered for the repair of Communications against Rs. 75,630 in the current year's budget. The maintenance grants of several roads have been revised, and provision made for additional roads. The President is requested to explain the difference in length of the undermentioned roads entered in the current and ensuing year's budgets:—

Name of Road.	Length as per Budget for 1883-84.	Length as per Budget for 1884-85.
	MILES.	MILES.
Road from Anantapur via Bellary, Hospet and Hampasagur to Sovinhully.	82 $\frac{1}{2}$	57
Road from Mysore frontier near Harihur via Harpanahalli to Dharwar road at Gowripur.	57 $\frac{1}{2}$	41
Road from Madavaram via Adóni to Asperi	39	26
Road from Goontacul to Alúr	16 $\frac{1}{2}$	19

Rs. 2,000 are assigned for the Repair of Civil Buildings, and Rs. 5,000 for the Maintenance of Avenues. The cost of the Local Fund Engineering Establishment is entered as Rs. 21,500, with reference to the proposals contained in the President's letter, No. 873, dated 25th October 1883, but as they have been negatived in G.O., dated 14th January 1884, Mis. No. 90, the current year's allotment, Rs. 18,470, will be repeated. The assignment for Tools and Plant is less than 1 $\frac{1}{2}$ per cent. of the proposed outlay on works. The share chargeable to the Road Fund of the cost of the Local Fund Engineering Establishment, of Tools and Plant and of General Management, should be respectively Rs. 17,070, Rs. 920 and Rs. 3,550. The total Road Fund Expenditure amounts to Rs. 1,17,320 leaving a balance of Rs. 45,100.

7. *Grant II, Education.*—The total expenditure under Grant II is estimated at Rs. 23,090 against Rs. 18,780 in the current year's budget. The increase is mainly under Local Fund Schools and Result Grants. The provision for Inspecting Schoolmasters is raised from Rs. 1,440 to Rs. 2,000. The fourth Inspecting Schoolmaster provided for by the Circle Board was sanctioned in G.O., dated 29th October 1883, Mis. No. 2489. The proposal to raise the salaries of the three existing men will be submitted to Government with Separate Proceedings. The Local Fund Board's attention is invited to the Director's recommendation for giving instruction in gymnastics to the pupils of the Normal School. The increase in the provision for Local Fund Schools is due to the opening of additional schools and to the standards of existing schools being raised. The proposals in this respect have either been already sanctioned by Government or have been submitted to them by the Board for sanction. The President has omitted to include in Statement I-B the cost of the three Girls'

Schools, though they are entered in Statement III. Rs. 410 will accordingly be added to the provision of Rs. 8,440 for Local Fund Schools in Statement I-B. The other items under this grant call for no remark.

8. *Grant III, Medical and Sanitary.*—The assignment for Hospitals and Dispensaries is Rs. 9,030 against Rs. 8,950 in the current year. Provision is also made for the new dispensary at Hadagalli sanctioned in G.O., Financial Department, dated 10th December 1883, Mis. No. 2820. As desired by the Surgeon-General, the allotment for the Medical Subordinate of the Alúr Dispensary will be raised to Rs. 675. The amount provided for Vaccination (Rs. 7,780) is slightly less than that of the current year, while the assignment for Sanitation (Rs. 9,600) is Rs. 200 more. The Sanitary Commissioner considers the allotments adequate. The other items under this grant do not call for special notice.

9. *Grant IV, Establishment and Miscellaneous.*—For the Controlling Establishments at the Presidency, will be provided Rs. 1,640 which was the amount paid last year. The cost of the Local Fund Board's establishment is raised from Rs. 720 to Rs. 1,160 as per proposals submitted for the sanction of Government with Board's Proceedings, dated 8th February 1884, Mis. No. 1149.

11. The list of sanctioned establishment, which accompanied the budget, is not in the form prescribed in Board's Proceedings, dated 10th August 1883, No. 2326. It is observed that this list shows three Inspecting Schoolmasters on Rs. 30, whereas the sanctioned establishment is four on Rs. 25. The pay of the teacher of the Harpanahalli Girls' School should be Rs. 10, not Rs. 5, and that of the sweeper at the Alúr bungalow Rs. 2, not Rs. 4.
