With order

7th February 1884, No. 352, Judicial.

GOVERNMENT OF MADRAS.

JUDICIAL DEPARTMENT.

READ—the following paper :—

From G. HAMNETT, Esq., Inspector-General of Registration, to the Chief Secretary to Government, dated Kanooth (Malabar), 30th January 1884, T. No. 270.

I have the honor to annex extracts from my notes on the inspection of the Sub-Registry office at Kalwa, in the district of Kurnool, on the 13th November 1883, and from a letter from the registrar of the district, dated the 16th January 1884, No. 70, and to request that, for the reasons set forth therein, you will be pleased to obtain the sanction of the Government for the preparation of plan and estimate for the construction of an office for the sub-registrar on the standard terraced design.

ENCLOSURE.

EXTRACT from the Notes of Inspection.

"The office is held in a room inside of the deputy tahsildar's cutcherry, measuring about 15 feet by 6 feet. The entrance into it is through the portion occupied by the deputy magistrate's establishment and where he himself sits. The result is that parties have to interview the sub-registrar through a window which has wooden bars. How any registration takes place under this arrangement is not understood. The acting sub-registrar asserts that there are great complaints made on the subject. Kalwa is not a large town, and house accommodation, such as would suit an office, cannot be procured. The only alternative is to build a new office for which the deputy tahsildar said a site might be found close to his cutcherry."

EXTRACT from the Registrar's letter.

"I have the honor to state that I have called upon the acting sub-registrar to state if a suitable building other than the one that had been shown to you could be had, and he reported in the negative.

"The private building that had been originally selected for the registration office at Kalwa appeared to be a suitable one, but, before the special sub-registrar joined Kalwa, the building was rented by the postal authorities. Another building was selected by the deputy tahsildar and by the sub-registrar, which was found to be unsuited * * . I have therefore the honor to request you will be pleased to obtain the sanction of Government for constructing a new registration office at Kalwa close to the deputy tahsildar's cutcherry."

ORDER—dated 7th February 1884, No. 352, Judicial.

The Public Works department will be requested accordingly.

(True Extract.)

Chief Secretary.

To the Public Works department.
„ Inspector-General of Registration.

NOTES.

REFERENCE TO MADRAS P. W. D. CODE.

CHAPTER XV.—PARA. 2147.

1. This form should be used by the Executive Engineer in any of the following cases :—

a.—When he requires a grant, or an addition to an existing grant for carrying on a sanctioned Major work.

b.—When he is unable to utilize the grant at his disposal for any work, and wishes to resign it either wholly or in part.

c.—When he wishes to utilize the grant for one work upon some other.

2. Either of the columns for "Proposed New Grant" or for "Proposed Reduction," or both, may be used as required.

3. If it happens that the grant already allowed has been reduced, the entry in the column "Existing grant for current year" would of course be the amount less such reduction.

4. In the case of Irrigation Works the entries in the column "Departmental and Service Head" should show distinctly whether the proposed re-appropriation is debitable to Capital or Revenue, and the entries in the column "Works" should be so arranged as to show the project to the capital or Revenue Account of which the charge is debitable, and the class of Service to which the charge is debitable thus :—

——— Project.

(1)—Head works.

B. Land.

K. Buildings.

In cases of Productive Public Works the fact of their being so should be noted against the entries.

5. It being of the utmost importance that early intimation of possible lapses, or of excesses in outlay on works should be communicated to the Government, a close watch should be maintained on the progress of all works by Executive Officers, and this form employed the moment the facts are sufficiently known.
