GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

Buildings and Roads.
Civil Works.

Read—the following letter from Major J. L. L. MORANT, R.E., Officiating Consulting Architect to Government, to the Chief Engineer, Public Works Department, dated Chepâk, 22nd December 1883, No. 1294 :—

1 Tracing.
1 Specification and detailed estimate.
1 Duplicate abstract.
1 Office note.

In compliance with your endorsement on the Deputy Chief Engineer's office note, herewith returned, I have the honor to forward plans and estimates, the latter amounting to Rs. 33,093, for adding an upper-storey to the southern wing of the Public Works Secretariat buildings, to accommodate the offices of the Superintending Engineer, Tank Maintenance Scheme and Consulting Architect, &c.

2. In carrying out these additions the opportunity is proposed to be taken to rebuild a portion of the Superintending Engineer's office, which is in an unsafe condition and has much cracked. May I request you will kindly order some arrangements to be made to provide for the Superintending Engineer while his office is being reconstructed.

3. The walls have been made as light and as thin as possible, in order to place as little weight as possible on the existing walls.

4. The arrangements for giving light and ventilation to the offices from side lights above, as explained in the drawings and specification, will, it is hoped, be successful.

Order—dated 10th January 1884, No. 50 W., Public Works.

The estimate, amounting to Rs. 33,093, for additions to the Public Works offices at Chepâk, is sanctioned as supplementary to the revised estimate sanctioned in G.O., No. 49 W., dated 10th January 1884.

2. The Consulting Architect to Government will report, without delay, the appropriation required during the current official year.

3. The Superintending Engineer, V Circle, will report what arrangements he would suggest for the accommodation of his office while the work is in progress.

4. This sanction has been registered as Provincial No. 193 W. of 1883-84 and classified as Civil Buildings, Original Works.

8/4

Current No. 11518
Letter No. 1294
Dated the 22nd Dec/83
From the Cons. Architect to Govt.

NOTE OF REMARKS.

1. The plan and estimate herewith submitted provide for 'Additions to the D.P.W. Offices at Chepauk'. The amount of the estimate is Rs. 33,093.

2. The work proposed is to add an upper story to part of the southern wing of the D.P.W. Offices to accommodate the Office of S.E. Tank Maintenance Scheme; the Office of the Cons. Architect; and to provide rooms for the Ex. Engrs in charge of the Presidency Divn and the Buckingham Canal. The design, in the rough, received the approval of W.; and the estimate and fair plan now submitted are correct. The C. A. states that he has provided for rebuilding a portion of

of the office of S.E. 5th Circle, which he considers in an unsafe condition

OFFICE NOTE.

50/13

To C.A.

Your Office-Note No. 1410 dated 23rd Jany/84

The reduction noted is only Rs 6600, but as I understand the matter the reduction would have been greater had the wood-work not been already ordered.

Please say what the reduction would be supposing this woodwork is countermanded — that for the part over Sup. Engr's personal Offices — what has been done of it (if any) being taken on to stock or utilized on

On other works.

CS

D. W.
24-1-84

To
D. W

Your office Note No 178 D dated 25. Jan. 1884.

The reduction would have been greater had the wood work not been already ordered. The cost of all the woodwork for the first over Sup: Eng's personal offices comes to Rs 3638: of this Rs 1138 has been ordered from Native Contractors and stamped agreements have been accepted: Rupees 1500 (of beams and joists were ordered from the P. W. Workshops on the 18th instant, to be delivered within one month: some of this latter might perhaps be countermanded and the rest taken on stock at a certain loss sooner or later however. I enclose statement. C. A. 25. 1. 84

No. 1410 Madras.
23. Jan. 1884.

To
D. W. 5D/14

Regarding reductions of Estimate for Additions to P.W. Offices Chepauk.

The Office of the Superintending Engineer 5th Circle is so badly cracked that it must be rebuilt at an early date.

In accordance with G.O. No. 3611. W. dated 18. Dec 1883 all woodwork including doors and windows has been ordered from Contractors and is in hand. Hence the only reduction that can be made is to omit the upper Story over the personal Offices of the Sup: Eng: 5th Circle and his Assistants. This will come to 6300.

The reduced Estimate will thus be Rupees 26,493.

But it is worth considering (looking to the manner in which the S. E's office has already cracked) whether it would be safe to weight the side wall of that portion of the building with a wall forming the end wall of the upper story of offices adjoining, without at the same time building upper walls on the other walls of the same room.

The new arrangements of the reduced building will so far as this Office is concerned be exceedingly inconvenient.

Jarrett.
