Why is the proposed restriction restricted to towns beyond the limits of the Fortnightly District.

Such restriction does not seem necessary. Note section 30-b- T.A. Code

I take the intention of the rule to be that the enhanced daily allowance is to be granted only to those who are obliged to proceed on long journeys

"beyond the limits of a single district". When these limits are not exceeded, the allowance would be no longer admissible. I do not think it could have been the intention of the Govt. of India that two Clerks performing the same journey should draw in the one case 2 annas & in the other 4 annas. as would be the case if the Supdg. Engr. & Ex. Engr. travelled together in the Trichinopoly Division.

I still think the restriction proposed in this draft order unnecessary. It has not been insisted on in the cases of E I and E R. whose peons draw 2 annas per diem, irrespective of length of journey. Please draft the order thus.
