GOVERNMENT OF MADRAS.

FINANCIAL DEPARTMENT.

Read—the following paper:—

From J. H. TAYLOR, Esq., Lieutenant., R.N.R., Master Attendant, Madras, to the Chief Secretary to Government, dated Madras, 16th February 1884, No. 1566.

Administrative department.

With reference to G.O., Public Works department, No. 3477 W., dated December 4th, 1883, and endorsement, No. 2460, dated 15th idem, I have the honor to state that there seems no doubt as to the necessity of the proposed revetment for the west or lagoon side of the Cruz Milagre dam. The frequent attacks on the lagoon side of the dam, however, render it necessary to call the attention of Government to the formation of islands and reclamation of land carried on in shoal water between Ernacolum and Vypeen, which divert the full force of the flood from Cochin river to the lagoon, causing damage to the Cruz Milagre dam works. This should be brought to the notice of the Cochin circar, in view to the objectionable practice being put a stop to, or some understanding arrived at about repairs.

2. The sum of Rs. (2,390) two thousand three hundred and ninety required for the revetment will not form a proper charge against Port fund, as the locality is not within the port limits of Cochin.

Order—dated 5th March 1884, No. 480, Financial.

The Master Attendant will be referred to his letter recorded with G.O., No. 1768, Marine, September 20th, 1881. The present charge will be debited to Port funds, and the amount of it (Rs. 2,390) placed at the disposal of the Public Works department.

With reference to G.O., Public Works oartment, No. 3477 W., dated December h, 1883, and endorsement, No. 2460, dad 15th idem, I have the honor state at there seems no doubt as to the necessi of the proposed revetment for the west lagoon side of the Cruz Milagre dam. T frequent attacks on the lagoon side of e dam, however, render it necessary to calhe attention of Government to the formon of islands and reclamation of land carid on in shoal water between Ernacolum d Vypeen, which divert the full force of e flood from Cochin river to the lagoon, using damage to the Cruz Milagre dam wos. This should be brought to the notice the Cochin circar, in view to the objectiouble practice being put a stop to, or some derstanding arrived at about repairs.

2. The sum of Rs. (2,390) two tho d three hundred and ninety required for e revetment will not form a proper c against Port fund, as the locality is not ithin the port limits of Cochin.
