FROM

THE SUPERINTENDENT,

MADRAS HARBOUR WORKS,

TO

The Hon. Colonel J. H. M. Shaw Stewart, D.C.
Secretary to Government,
Public Works Department

MADRAS, 5th March 1884.

Sir,

I have the honour to draw attention to the fact that I have up to this time received no orders about the Budget Grant for the year commencing on the first of next month. —

2. Owing to the frequent sales of surplus and old stores, old iron Portland Cement &c. the expenditure during the current year has been brought down lower than anticipated it would be, and we shall have (approximately) £48,000 on hand on March 31st.

3. I venture respectfully to suggest that this may be allowed to remain to the credit of the Harbour Works for the coming year pending receipt of orders on the Budget Grant for 1884-85. —

I have the honour to be

Sir,
Your most obedt. servt.

J. H. M. Shaw Stewart.

Superintendent

How does the sale of old
stores, Portland Cement, &c.,
affect the grant? Surely not
in the way stated by Mr. Thompson.

CJ

DW. In the case of the
Harbour Works, amounts
realized by sales are
available for expenditure
on the Works, or rather
can be utilized as
a set off against ex-
penditure.

CJ
12-3-84

Then the short outlay thus
arrived at does not represent
a lapse in the grant as asked
for - or in other words a bad
provision of the anticipated expenditure.
